**Good Roads.**  
Great movements often require long time for their full development. This seems to be true of the Good Roads Movement in this the United States of America. Why it should be so is rather difficult to understand. Good roads are the fundamental necessity for a prosperous and happy citizenry. Easy transportation and comfortable locomotion are essential to social growth. We take it for granted that all will admit that good roads are a public blessing. That they increase the value of land, build up communities and increase the value of farm products. Convict labor can not be used anywhere else without coming in conflict or competition with free labor. Here they would be working for the public benefit and not competing with any one. Good roads will help the farmer, the merchant, the mechanic, the professional man, the church, the school, the town, the county, the men, the women and the children. They will help the horse and the mule, the bicyclist and the automobilist, the mountaineer, the hill man and the dwellers among the sands and pines and gophers. They will help the body, the brain and the soul.—Selected.

**The Secret of Long Life**

**Lumber Combine.**  
A Move Intended to Head off The First Syndicate.

Norfolk.—A large manufacturer of North Carolina pine lumber announced here that persons representing large lumber manufacturing interests in Michigan have made a proposition to mill owners hereabouts to form a lumber trust and that it is being considered by the trade. He said that should Messrs, Chas. R. Flint, August Belmont and other New York capitalists attempt to carry out their expressed purpose to consolidate the North Carolina pine interests they will find that the price of mills is high and will meet with difficulties. He said the lumber market is in good shape and the time for the foundation of a combination is not so favorable as it was when Mr. Platt, former Governor Smith of Maryland and others chartered the Bay Lumber Tennessee and came here under the pretence of hunting and looked over the field. He said that practically all the standing timber on this coast is owned by the mills, and in the present state of the trade mill owners are very stiff.—Post.

**WILL NOT HIDE MY LIGHT UNDER A BUSH.**  
GENTLEMEN:—I will not hide my light under a bushel, for I want the people to know what your Gooch's Mexican Syrup has done for me. For four years I have been afflicted with Asthma, and could not get anything to do me any good until I got your Gooch's Mexican Syrup. I took three bottles and it cured me entirely. I give you this hoping it may be the means of saving some one from a horrible and premature death. Yours under obligations,  
REV. THOS. B. WARWICK,  
Scott Town, O.

Consumptives try it. It cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25 cents.

**THE BOY CAN ATTEND THE PUBLIC SCHOOLS.**

An order was issued yesterday which overrules decisions made by the county board of education and district school committee and declaring that a public school pupil debarred from attendance must be allowed to go to the school. The case is one in which the boy had gone from the county home to that of his grandfather, the latter place to be his home, and objection was raised to his attending the public school in his grandfather's district. The mother made affidavit that she had given the boy to his grandfather to raise, but inasmuch as he had come into the district after the school census was taken the contention was made by the district committee that he would not be entitled to school privileges until the next school year. Appeal was taken to the county superintendent of schools, who held that the boy was entitled to attend the schools. The district committee then appealed to the county board of education and they sustained the position taken by the district committee, that the boy should not attend school until the next year. Then there was a final appeal to the superintendent of public instruction with the result that an order was issued yesterday for the boy to be allowed to attend the school, thus reversing the position taken by the two boards and sustaining the ruling of the county superintendent.—Raleigh Post.

Statistics show that divorces are on the increase. This is not true alone in North Carolina, where the increase has been alarmingly large, but it is a world wide evil. In Scotland the increase in divorces has been forty per cent in the past ten years. In the States of America the increase has been very large. The Atlanta Constitution has been making some investigations and it has figured that the average number of divorces granted in the States mentioned covering the last few years, are as follows: Utah 170, Colorado 152, Oregon 98, Rhode Island 80, California 87, New Hampshire 75, Connecticut 74, Maine 67, Indiana 69, Michigan 66, and Illinois 64. The evil is present, it is alarming, it threatens our civilization and the home. What is the remedy?—News & Observer.

**Means well, But Has the Robinson way.**  
It hardly seems possible that another such man as W. S. O' B. Robinson sits on the judicial bench in the United States. He doesn't do things like other men. He tries not to and succeeds admirably. He has a way of his own and very few people seem disposed to want to take it away from him. But for all that, Judge Robinson has qualities as a judge that are worthy to be commended, and we just want to say so. We believe he wants to see the innocent go unharmed and the guilty taught a lasting lesson about crime. He charges a jury in a queer sort of a Robinson way, but behind it all there is a strong respect for the law and a terrible arraignment of wrong-doing.—North Carolina Baptist.

**The Divorce Bill.**  
"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by Hood & Grantham.

**ARE YOU WISE** A great many people suffer through ignorance. They don't know that for all inflammation there is no remedy so equal Mexican Mustang Liniment.

**an easy way**  
and a sure way to treat a case of Sore Throat in order to kill disease germs and insure healthy throat action is to take half a glassful of water put into it a teaspoonful of

**Mexican Mustang Liniment**  
and with this gargle the throat at frequent intervals. Then bathe the outside of the throat thoroughly with the liniment and after doing this pour some on a soft cloth and wrap around the neck. IT IS A POSITIVE CURE.  
25c., 50c. and \$1.00 a bottle.

**IT MAY BE YOU** have long been troubled with a running sore or ulcer. Treat it at once with Mexican Mustang Liniment and you can depend upon a speedy cure.

**Remarkable Cure of Croup**  
A LITTLE BOY'S LIFE SAVED.  
I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere, of Godwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he would choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—Joel Demont, Inwood, Iowa. For sale by Hood & Grantham.

A couple of farmers in Indiana who got tired raising things that everybody else was raising, concluded they would try snake culture, and are making money at it. They don't fool with the venomous kind, but find the others hospitable and sociable. The snakes, of which the garter snake is preferred, are fed twice a month and get fat. They are fed on young chickens, birds, mice, etc., and are big and fat enough to kill at three months old. The oil is used for medicinal, lubricating and other purposes. Last year they killed 100,000, and this year they expect to double the number.—Wilmington Star.

Its splendid regular service will be augmented by the Southern Palm Limited, a magnificent Pullman train, which will be operated between New York and St. Augustine, Florida.

**Finds Way to Live Long.**  
The startling announcement of a Discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." C. L. Wilson guarantees every 50c and \$1.00 bottle, and give trial bottles free.

**"WINTER HOMES IN SUMMER LANDS."**  
The above is the title of an attractive booklet just issued by the Passenger Department of the Southern Railway. It is beautifully illustrated and fully describes the winter resorts of the South. A copy may be secured by sending a two-cent stamp to S. H. Hardwick, G. P. A., Washington, D. C.
