W. W. Sprull called on R. W.

Hog Cholera Checked and Controlled in 3 Days.

THE NATIONAL HOG CHOLERA PREVENTATIVE COMPANY, Raleigh, N. C., has a chemical compound on the market that will absolutely prevent, check and control the Hog Cholera in THREE DAYS. It has been demonstrated, time and again, and proven to the entire satisfaction of some of the largest hog raisers in Eastern North Carolina. There are many prominent farmers in Chowan, Gates, Perquimans, Hertford, Bertie, Lenoir, Martin, Duplin, Pitt and Craven Counties who will strongly endorse the NATIONAL HOG CHOLERA PREVENTATIVE COMPOUND.

Mr. E. White, owner of "BLACK ROCK FARM," just across the Chowan river, in Bertie, is now using the REMEDY on his herd of 175 hogs. Cholera broke out in this splendid herd and in three days we had the disease under control. Mr. Williams, Supt. of "BLACK ROCK" will vouch for this statement.

Mr. C. B. Ward, Hobbaville, Gates County, had struggled with this fatal disease for three years. It completely wiped his herd out last year. This year the cholera had taken all but eight hogs and when the representative of NATIONAL HOG CHOLERA PREVENTATIVE took charge of the herd, Friday July 27th. Three shoats were in the last stage of cholera. One sheat fell over the trough and was not able to stand up to eat. He was held up to the trough. Today, August 11th, the 8 hogs are well and the NATIONAL HOG CHOLERA PREVENTATIVE has a friend in Mr. Ward.

Mr. John J. Baines, Gatesville, was daily dragging several hogs off. His entire herd seemed doomed. When the representative of NATIONAL HOG CHOLERA PREVENTATIVE appeared on the scene he found a deplorable sight. Hogs were dying, hogs were dead there on the lot and every remaining hog was sick. Mr. Baines had put three over the fence that morning to die. The representative, with the help of Mr. Baines, began using the NATIONAL HOG CHOLERA PREVENTATIVE immediately. This was August, Tuesday 7th to August, Saturday 11th. Only one little pig died. He would not eat. The disease was checked, death rate stopped and on the 11th of August the herd was doing fine and in good shape.

Mr. J. J. Copeland, Ryland, Chowan County, bought 6 pounds of the remedy and before he had used one pound he voluntarily told the representative that he had already got his money's worth.

Mr. D. T. Ward, Byland, stated to the representative that he thought he had at last found what he had long been looking for. He pulled one of his large shoats up to the trough and forced him to eat a mixture containing a maximum dose of the remedy. The hog was not able to squeal. Last reports, the hog was getting well.

Mr. J. J. Riddick, Gatesville, put one of his sick pigs on a diet containing the prescribed dose. "The pig's tail is curling again" says Mr. Jack Riddick.

Mr. Charley White, Bosley, has four little shoats that are pulling through. When the representative found the little fellows they were breathing their last. Their eyes

were closed, they staggered when they walked, the skin was parched and cracked, they had the thumps. They were put on the treatment August 7th and August 11th they were all living and much stronger. If you are near any of these parties watch the results of our treatment.

We have hundreds of just such cases. We are trying to reach you before the Cholera does. You can help us do this by letting us know where you are. Go to your merchant and ask him to supply you with the NATIONAL HOG CHOLERA PREVENTATIVE. Ask your neighbor to lend you a package until you can get yours. We can stamp out the Cholera if you will comply with the directions found on the package containing NATIONAL HOG CHOLERA PREVENTATIVE COMPOUND.

The following merchants have the remedy on sale:

- T. E. WHITE, Edenton,
- L. M. ROUNTREE, Hobbaville,
- G. A. HOLLOWELL, Ryland,
- RIDDICK'S STORE, Gatesville.

Over 100 pounds was distributed in the neighborhood of Ryland last week. We are all around Gatesville with it. Several demonstrations at Eure, Gates Station, Bosley and Hobbaville. Ask your neighbors about it. NATIONAL HOG CHOLERA PREVENTATIVE, the remedy that prevents, checks and controls Hog Cholera.

We are going to place it with your merchant also at EURE, GATES STATION, DRUM HILL, SUNBURY, CORAPEAKE, BOSLEY, CENTER HILL, and other points, just as soon as our representative can reach the points. Watch out for him.

The remedy is a powdered chemical compound and it will completely eradicate the worms from your hogs, keep their livers in clean condition, make the hog increase more rapidly in weight and it completely immunizes the hog from CHOLERA. We can take 15c worth of the remedy and drench the hog that is not able to eat, and completely make a well hog out of a 100 lb. size hog. The dose is broken according to size of hog. This 15c worth is given to the hog in 11 doses, covering a period of three weeks, an average of 5c per week per 100 lb. hog. It is fed to the hog in his food. If you can get the hog to eat three times, the hog is safe. WE HAVE A RECORD OF SAVING 90 PER CENT. of infected herds that we treat.

Our work is going on in your neighborhood. Will you give us a chance to prove the merits of the remedy? By all means get in touch with our local salesman or our traveling representative before it is too late.

If you have tried everything on earth for the Cholera and have failed to get results, favorable; it is time to try our remedy at our expense, until you are convinced.

Prevent the cholera by treating your well hogs and SAVE 90 per cent. of your infected herd by using the NATIONAL HOG CHOLERA PREVENTATIVE COMPOUND. To wait is folly when cholera is all around you. SAVE the HOG and STARVE the ENEMY. This is a big gun with which to fight.

NOTICE

Sale of Valuable Farm

By authority of an order of the Superior Court of Chowan County, in a proceeding for the appointment of a Trustee, to foreclose a certain deed of trust hereinafter referred to, which proceeding is entitled "Orlando Ward and others vs. Sarah C. Copeland and others," I, Orlando Ward, Trustee, by virtue of aforesaid authority, will sell, for cash, at the Court House door in Edenton, North Carolina, Chowan Co., at noon, or between the hour of 11:00 o'clock a. m. and 1:00 o'clock p. m. on August 20th, (Thursday) 1917, the tract of land hereinafter described, to satisfy a note of \$375.00 signed by Alex. Copeland and his wife, Sarah C. Copeland, which said note is past due, and demand having been made by the owner and holder, and said sale is also made by said Trustee, by further authority, vested in him under the deed of Trust signed by Alex. Copeland and wife, Sarah C. Copeland, of even date with aforesaid note, and made to secure the payment thereof, default having been made in the payment thereof, the aforesaid deed of trust authorizing sale of the aforesaid land, described as follows:

Bounded on the North by the lands of the Gay Manufacturing Company, or formerly owned by the said company; on the East by the lands of W. J. Outlaw; on the South by the lands of T. E. Ward; and on the West by the lands of H. N. Ward, and is the tract of land on which said Alex. Copeland formerly lived, or lived at the time of his death, and contains (66) ninety-five acres or the same more or less.

Said deed of trust may be found recorded in Deed Book No. 14 at pages 448-450 of the office of Register of Deeds of Chowan County.

This the 20th day of July, 1917.

ORLANDO WARD, Trustee.

A. P. GODWIN, Attorney.
