

This is one of the times to

say

PEPSI-Cola

Course any time's the time—but just along 'bout noon when shopping begins to get a little wearisome and bundles grow heavier—that's the time especially to say PEPSI-Cola.

And stars in Heaven! How it does drive thirst away? With its cooling "pepsy" tang, you just go right down to the bottom of that long, "ice-berg" glass and wish it were longer. Try it—now at any font. Then you'll begin to tell your grocer to leave a case of two dozen bottles.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood... I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. Nothing seemed to help me until, one day, I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Have you a building job on your hands?

Now that prices are high it is more than ever important that you give careful consideration to the roof you are going to put on. You can save real money and get a better roof by using

Certain-teed Roofing

Thru quality and sheer merit as a roofing material CERTAIN-TEED is now being used as the preferable type of roofing for sky-scrapers, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is necessary.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is weather-tight, light weight, clean, sanitary and fire-retardant. It is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

Certain-teed Slate-Surfaced Asphalt Shingles are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

Certain-teed Paints and Varnishes The name CERTAIN-TEED on a can of paint or varnish is the same guarantee of quality and satisfaction. It is on a roll of roofing or a barrel of shingles. Made for all uses and in all colors.
