

To The Fishermen of Eastern North Carolina

(Continued from page 1)

increase the size of the mesh so the small fish will not be caught. Many of the fishermen claim that in a net having 3 inches mesh the fish are gilled and become emmeshed. This is probably true to a certain extent, but it seems to be that it is better to submit to this evil than "grind up the seed corn. Many of the States now having as a minimum the 3 inch mesh are shipping great quantities of fish into this State, which shows that it is practicable to use this size net.

We have made some investigations and are of the opinion that if the nets are made of larger twine this trouble will be remedied to a great extent.

We realize that for certain classes of fishermen and for some conditions, this rule will have to be modified in a measure, and we will consider, before it goes into effect, what modification shall be made, and we will exercise our judgment in the matter in such a manner as to do the least harm to the fishermen, while at the same time protecting the future supply of fish.

This law does not go into effect until Sept. 1st, 1919, and having adopted the 3 inch mesh as a standard size, the Board can hereafter reduce the size mesh in particular cases, and put its rule into effect immediately.

The Board earnestly hopes that those engaged in the fishing industry of the State will aid it in its efforts to benefit them and their descendants, as it is actuated by no motive except one for their good. It is very probable that when this rule goes into effect the Board will then modify its rules as to the size of fish that can be caught and sold and permit all that are caught in the larger size mesh to be sold, and in the meantime the Board will continue to make a careful study of all the conditions affecting the fishing industry and make such regulations as will be of advantage.

The Board will meet at Edenton on the second day of October and probably at various times at other places in the fishing territory when it will be glad to hear the views of those affected by its actions.

Respectfully yours,
ED OHAMBUS SMITH,
Chm. Fisheries Com. Board.

GERMANS BELITTLE AMERICAN TROOPS

SAY THEY WILL PROVE SMALL FACTOR IN GREAT STRUGGLE. CLAIM OUR MEN ARE NOT EQUAL TO THE TASK

Don't Know What They're Up Against

It appears from news which leaked out of Germany, in spite of the unusually close censorship, that the German officials are telling their men and women that the American troops will out little figure in the big war. If the German people knew what they were up against they would refuse to listen to such foolish assertions.

The funniest part of it is that they claim that Americans can't think quick enough. What a joke! That's our reputation—quick to think. The Germans will find that out soon enough. In the meantime, we at home should get ready for the big drive. Of course we all can't go to the front but we can do our bit in just as important a manner right here at home. Let us keep fit to carry on the industries of the nation, till the soil, work the mines, and keep the ammunition flowing to the front in a steady stream.

Backaches must be gotten rid of; those stomach disorders such as indigestion, constipation, etc., must be eliminated; weak, anemic bodies must be made strong and vigorous, weak kidneys and bladder must be strengthened; in other words we must keep fit!

Acid Iron Mineral will keep you fit. It is not a patent medicine. It is a pure, natural iron preparation obtained from the only natural medicinal iron mineral deposit of its kind known to the world. It aids digestion, increases weight, creates appetite, strengthens dormant muscles, brings a healthy color to the skin, and builds up the body in general, and is free from alcohol, will not injure or discolor the teeth. Old sores, ulcers, etc., regularly bathed with A-I-M will quickly disappear and applied to cuts, wounds, or abrasions it stops blood almost instantly. At all druggists in 50c and \$1 sizes.

Beech Spring News

The young men of the community gave a surprise party at the home of Miss Maggie Howell Tuesday evening in honor of the Misses Webb of E. City. Mr. Wayland Howell received the guests on the piazza and invited them into the parlor where, with Mr. Sidney Hollowell at the graphophone and Miss Leslie Copeland at the organ, they enjoyed some delightful music. After listening to the music and talking for awhile Miss Howell led the way into the dining room where delicious cake and cream were served. Those present were Misses Mattie and Katie-Lee Webb, Leslie Copeland and Thelma Elliott, Messrs. Luther and Ben Winslow, Arthur Copeland, Sidney Hollowell, Eddie Boyce, J. R. Felton, Henry Ward, Carson and Wayland Howell and Jones Perry, Mr. and Mrs. Raymond Rogerson.

Mrs. E. B. Rogerson, Misses Mattie and Katie-Lee Webb were guests of Miss Maggie Howell Monday afternoon.

Born to Mr. and Mrs. Joe Elliott Aug. 1, a daughter.

Mrs. E. L. Winslow is on the sick list.

Misses Mattie and Katie-Lee Webb of E. City have been the guests of Mrs. Raymond Rogerson for the past few days.

Mr. Sidney Hollowell called on Miss Mattie Webb Wednesday

RED CROSS RALLY AND PUBLIC SPEAKING BY JUDGE FRANCES D. WINSTON AT EDENTON TUESDAY AUG. 21, AT 11 A. M. IN COURT HOUSE

It took him just as he went up over the trench parapet—took him full in his bare and muscular throat. It was hardly bigger than one of those rubber erasers tinned to the end of lead pencils. But with the driving power of high-energy powder behind its steel-jacketed nose, it was an altogether competent and devilish capable

agent of destruction. He lay quite still, a few yards ahead of the trench, where his rush had carried him. The morning drew toward noon # # # With night came the beginning of his torment. First it was thirst, then fever, then delirium. Always his spilling wound burned and throbbled. Even on the second night, with the rain beating down upon him, it glowed like a kiln. By the third day his agony spoke in screams # # # A stretcher party found him and trundled him away, down through the line of Red Cross units, from dressing station to field base, eventually to Paris. # # # He was French, but he was fighting our fight. He was French, but a few months from now his counterpart may be American. There are bullets enough for all. He may be a Chowan boy, perhaps a neighbor's boy, even your own. Fighting our fight # # # Will you help him, when his young body and vivid force are spent and shattered, to retrieve what he may? Join the

American Red Cross. It is the wounded soldier's truest ally. It is his minister and guardian. It is his hope.

Join the Chewan Chapter—it has only 110 members, it should have 1000. Take a dollar membership, a five or ten dollar one—a hundred dollar one if you can. Do your part. If you cannot go, you can give. Those going are giving immeasurably more.

Are you interested in those who are fighting for you? Then come and learn what the RED CROSS is doing. Be a helper in this time of need. THIS CALL IS TO YOU!

evening. Mr. W. F. Howell and children motored to Whiteville Grove Wednesday afternoon to attend the revival.

Miss Mattie Webb entertained Misses Thelma Elliott, Leslie Copeland and Maggie Howell, Messrs. Carson Howell, Luther Winslow, Sidney Hollowell, J. B. Felton, Arthur Copeland, Eddie Boyce, Wayland Howell, Henry Ward and Bennie Tarleton Monday evening.

Mr. Arthur Copeland accompanied the Misses Webb to Belvidere, where they will spend a few days, Wednesday.

Mr. and Mrs. E. N. Miller of Winfall spent Saturday and Sunday with her parents, Mr. and Mrs. W. F. Howell.

Mr. and Mrs. Charlie Elliott have a new boarder—It's a girl.

Mr. and Mrs. Paul Whitehead of Chapanoke spent Sunday afternoon with her parents.

Mr. and Mrs. Jack Wescott of Norfolk are visiting her sister, Mrs. J. N. Winslow.

Mr. W. U. Hollowell and family spent Sunday at the home of Mr. A. Bass.

Byrum—White.

The many friends of Mr. W. V. Byrum were surprised when they heard that he and Miss Ada White were happily married Tuesday morning, Aug. 7th, at 6:30 o'clock at the home of the bride. The ceremony was performed by Rev. G. W. White in the presence of only a few friends and relatives. The groom is a prosperous young farmer of this place, and the bride one of our best loved young ladies. We wish for this young couple a long and happy married life. Immediately after the ceremony Mr. and Mrs. Byrum left for a northern bridal tour.

Eye Troubles Are Quickly Relieved

Dr. Masrow, the Norfolk's Noted Eye-sight Specialist, Has Thousands of Cases to His Credit.

A headache is often nature's first warning of eye strain, with possibly serious future complications if proper corrective measures are neglected. Dr. J. E. Masrow of Norfolk, is an eye-sight specialist of almost a quarter-century's experience. It will take only a moment for him to determine, with scientific precision, whether your headaches are due to your eyes and whether he can relieve them. Properly selected glasses are genuine eye-help. No mystery about it. Just the supplying of right adjustment, the bolstering up of the deficient element. But it must be done rightly or you may be harmed instead of benefited. Let the eminent eye-sight specialist, who has thousands of cures to his credit, test your vision and tell you whether you need glasses. Understand, Dr. Masrow does not want to fit your glasses unless you really need them. So consult him without delay and find out for your own satisfaction just what condition your eyes are in. Dr. Masrow's office is in Dickson Building number 406, corner Granby and Tazewell streets. —Advt.
