

Water Pageant To Be Camp Carolina Event Thursday

One of the outstanding events of the summer season will be the water pageant to be staged by the American Red Cross Life Saving Institute at Camp Carolina Lake on Thursday evening of this week. People of Brevard and the surrounding sections are invited to attend the fête for which no charge will be made.

The elaborate program beginning at 8 p. m. will have a cast of nearly one hundred people, the use of two ships each capable of carrying twenty men, and a castle of sufficient size to take care of an equal number. Lighting effects and other property units from the beautiful Carolina Lake front will add to the splendour of the scene.

Story as depicted by the pageant, known as "Hucanooers of Carolina," is the capture by a private band of Gypsies of Princess Iwaldro from the castle of King Ferdinand, her life on an unknown island for two years, and final rescue for the captain of a great ship who is her lover.

Scenes that will add to the beauty of the pageants are the dance of Wood Nymphs, followed by comic diving by jesters and lantern swim by nymphs of the sea; dance of the Gypsies; battle of the pirates and rescuers of the princess; "walking the plank" by a great ship who is her lover.

Closing the evening's entertainment will be the recital of the happy family under the American Red Cross flag, with attendant fireworks display.

Harry A. Kenner, assistant director of the Red Cross Institute, is author and director of the pageant, assisted by Jimmy MacMillan, of Cocoa, Fla., both of whom have had much experience in this line. He will take care of all visitors who have been erected on the water front, and a general invitation is extended by Ramone S. Eaton, director of the Red Cross Institute, and D. M. Carter, director of Camp Carolina, to the general public.

BISHOP TAKING OVER R.R. WORK

John Bishop of Balfour, took charge of the Southern railway station work at Brevard early this week, taking the place of T. G. Miller who has been in charge of the station here for several years and who is regarded as a capable railroad man and a good citizen in general.

Mr. Miller has taken over the work at Pisgah Forest, relieving Dan Glazener, of Rosman, who has been there for some time. Mr. Glazener has not announced his location with the company, but will probably go to the Murphy branch in a few weeks. He has a business enterprise at Rosman, and is operating the Pickens highway, where he has built up a large patronage, and does some farming and truck raising on the side. Mr. Glazener's many friends hope that he will be enabled to return to a local job at an early date. Mr. Bishop comes to Brevard highly recommended.

TWELVE PIGS ARRIVE TODAY

Business People Purchase Spotted Poland-China Gilts for Boys

Twelve pure-bred Spotted Poland-China pigs will be received in Brevard Thursday afternoon of this week, according to telegraphic advice to J. A. Glazener of the vocational agriculture department of Brevard high school. The 12 purebred hogs will arrive by express, reaching Brevard at 2 o'clock in the afternoon.

This makes the second shipment of blooded Poland Chinas to be received here within the month, a previous shipment of 18 having been received two weeks ago from the Will Farms, Hillsboro, Ind. The prize gilts to be received here Thursday, as were the 18 received two weeks ago, are being paid for by interested business concerns and citizens of the county, who are "selling" or loaning the pigs to boys in Prof. Glazener's agriculture class.

Boys who receive the pigs agree to raise them on approved methods, under the close supervision of Prof. Glazener, and from the first litter from the gilt to repay the buyer of the gilt with two pigs of the same high strain. They further agree to raise at least one acre of corn as a feed project. Prof. Glazener is carrying a blanket insurance policy on the pigs as a safeguard against the insurance made by the boys and the business concerns backing them.

Citizens and concerns who are making this shipment possible are: Joe S. Sivertsen, Walker Island, Clarence A. H. N. Carrier, Harry Clarke, Mail Carrier W. P. Shook, S. R. Jones, W. L. Mull, Henry Plummer, Fashion Department, The Brevard Institute and John Merrill of the Little River section are getting one purebred sire of the same type, making four. Spotted Poland China boys now in the county.

Boys who will receive the loan of the pigs are: Jones Garren, C. H. Mountain, Edgar Glazener, Conestee, Roy Frady, Pisgah Forest; Lewis Meese, Lamb Creek; James Mills, Brevard; Herbert Williams, Penrose; Max Greene, Penrose, William and Winbourne Gash, Blantyre.

Community Fair Advocates Asked To Meet Tonight

ROSMAN, June 23.—Men and women who are interested in their community are invited to meet tonight to the extent of having a county and school fair, are asked to meet in the agriculture room of the Rosman high school, beginning Thursday evening at 8 o'clock. It is time people were saving specimens and samples of many crops now, in order to bring to the fair this fall. People are urged to do this and also meet together Thursday night to express their wishes and plans for a fair this coming fall.

People should not be discouraged during depression like this and fail to take advantage of opportunities to improve themselves and communities for future prosperity. Some have said that the present plight is due to lack of community spirit and co-operation.

FILLING STATIONS HELP MAKE BREVARD POPULAR

Operators of the several service stations in and around Brevard are doing a lot to make Brevard popular with the motoring public that is using the excellent network of highways which connect Brevard with the outside world by the service that has no superior in any town in Western North Carolina.

"Everything" is the word that properly describes the methods used by local stations in adding their bit of pull to make the traveler want to come back to Brevard. While in many towns filling stations and service garages are looked upon as just another place to "bleed the public," Brevard's automotive caretakers are doing their best in this line.

REVIVAL MEET HAS CLOSED

Baptismal Services To Be Held at Church Next Sunday Evening

Revival services which were held at the Brevard Baptist church for two weeks came to a close Sunday night, after what was generally pronounced a very successful meeting. The preaching was done each evening and morning by the Rev. Jesse R. Owen, pastor of the French Broad Baptist church, of Asheville.

The popular minister, who was a former pastor of the Brevard church, delivered inspiring and soul-searching sermons twice daily, the results of which, it is believed, will be felt in the church and throughout the community for some time to come. As direct result of the meetings, 21 conversions were recorded, in addition to an evident general awakening of spirituality among the church members.

Baptism will be administered to the 21 converts at the regular services next Sunday night, it is announced by the pastor, Rev. Paul Hartwell.

Veterans To Keep Bonus Fight Going

Veterans of Transylvania county who have interviewed since rejection of the soldier bonus bill by the U. S. senate last week by an overwhelming majority, are of the opinion that the boys engaged in Washington are there "to stay until their beards grow to their waists," or until they get what they honestly feel is due them from the government.

ALEXANDER TO PREACH

After an absence from the pulpit of the Brevard-Davidson River Presbyterian church for the past two Sundays, due to illness and absence from town, the pastor, Rev. R. L. Alexander, will again fill his pulpit at the local church at the regular morning service next Sunday, it is announced by the pastor.

ROSMAN, June 23.—Representative citizens of the Rosman school community, embracing the entire upper section of Transylvania county, will meet in the agriculture room of the high school Thursday evening of this week at eight o'clock and discuss the matter of a community fair to be held in Rosman this fall.

Large Number of Boys and Girls Will Arrive in Few Days

Twelve Organized Camps in County

Improvements Have Been Made and Quarters Enlarged

Transylvania county's greatest assets, organized summer camps, are completing arrangements to take care of the great hosts of boys and girls who will arrive here next week by the hundreds.

Camp directors who have been interviewed are optimistic over the camping season, and in anticipation of large enrollments have made extensive improvements to properties owned by the five boys camps and seven girls camps that go to make this county the outstanding camping section of the South.

Boys' camps which will open within the next ten days are Camp Carolina, directed by D. Meade Bernard of Jacksonville, Fla.; Camp Chickasaw, directed by Dr. W. S. Bennett, Memphis, Tenn.; French Broad camp, directed by Maj. H. E. Raines, of Charleston; Camp Transylvania, directed by J. A. Miller, Brevard.

Girls camps in the county are as follows: Rockbrook, directed by Mr. and Mrs. H. N. Carrier, Brevard; Camp Illahie, directed by Mr. and Mrs. Hinton McLeod, Brevard; Keystone camp, directed by Miss Fannie Holt, Jacksonville, Fla.; Connettes Cove camp, directed by Mrs. D. R. Roof, Bradenton, Fla.; Eagles Nest camp, directed by Miss Carol P. Oppenheimer, Savannah, Ga.; Camp Fern-Ann, directed by Mrs. Luther Pugh, Elizabethtown, Ky.; Camp Merriv-Wood, directed by Mrs. Lonathan C. Day, New York City.

These camps are responsible for bringing more people to this section than any other group of individuals or business, and have been great factors in the upbuilding of the county.

MUCH TRAVEL NOTE SUNDAY

Many Cars Visit Brevard Over Fine Network of Highways

Transylvania county highways were alive with cars from all sections of the country or Sunday, more travel being noted for one day than at any previous time this season. Brevard places of business report an exceptionally good day's tourist business, with both the Canteen and George's Lunch doing a record business.

While travel was not confined to any one highway, the Greenville and Lake Toxaway roads were most used, many cars from South Carolina and Georgia, taking the circle from Greenville by way of Lake Toxaway, with the recently completed link of No. 28 to Franklin coming in as a popular drive. The excellent new highway ties in with U. S. route 23 to Atlanta and Franklin and has been given much publicity as a scenic route by the Standard Oil people and the A. A. A.

Prize Cow Owned By Mr. Gillespie

"Uncle Lambert" Gillespie, of the Cherryfield section, owns what is regarded as one of the outstanding milk cows of this section, his four-year-old Jersey with a calf two months old giving 32 pounds or four gallons of milk daily. Mr. Gillespie checked this prize cow's milk soon after milking, and reports that she gave 42 pounds or a little over five gallons of milk per day. This is an exceptional record for a large cow, and for a cow of small build like the one owned by Mr. Gillespie. It is regarded as outstanding. Mr. Gillespie has refused several nice offers for his prize Jersey, but says that he likes a good cow for himself.

TENNIS COURT MADE BY ROSMAN BOYS

ROSMAN, June 23.—Rosman can now boast of a real tennis court, since a number of boys have constructed one here. The boys who took part in this work were A. M. White, Jr., Bud White, Allen White, Everett Whitmore and J. E. Burt.

Republicans Here Laud Nomination Of Hoover, Curtis

Transylvania Republican leaders are pleased with the selection of the national ticket, headed by President Herbert Hoover and Vice President Charles Curtis, both of whom were unanimously chosen by the convention held in Chicago last week as the party's leaders for re-election.

The county convention held here several weeks ago enthusiastically endorsed the Hoover administration and voiced their approval of his administration. Hoover and Curtis polled one of the largest votes ever cast here and secured our citizens as members of the party in Transylvania assert that the same will happen in the November election.

Platform adopted by the national convention has been widely discussed here, much interest being centered around the clause dealing with prohibition, part of which is quoted below: "We, the citizens, believe that the people should have an opportunity to pass upon a proposed amendment the provision of which will retain in the federal government power to preserve the gains already made in dealing with the evils inherent in the liquor traffic, shall allow states to deal with the problem as their citizens may determine, but subject always to the power of the federal government to protect those states where prohibition may exist and to enforce the same everywhere from the return of the saloon and attendant abuses.

"Such an amendment should be promptly submitted to the states by the federal government, and upon state conventions called for that sole purpose in accordance with the provisions of Article V of the constitution, and adequately safeguarded so as to be truly representative."

Funeral Held for Mrs. Jane M'Gaha

Funeral services for Mrs. Jane McGaha, who died at the home of her son, Luther McGaha, of Selma, Monday afternoon, were held Tuesday afternoon at the Glad Branch Baptist church. The service was conducted by the pastor, Rev. J. E. Burt, assisted by Rev. W. S. Price. Burial was in the Glazener cemetery.

Mrs. McGaha, a native of South Carolina, lived in this county since her marriage to William McGaha, many years ago. She had been in ill health for some time prior to her death on Monday. Her husband preceded her in death several years ago.

Surviving are three children, Mrs. Galloway and Mrs. Callie Nelson, of Selma, and Luther McGaha, of Selma, and two half-sisters, Mrs. Kate DeLong, of Brevard, and Mrs. T. W. Chandler, of Greenville, S. C. Funeral arrangements were in charge of Kilpatrick & Sons.

Swimming Pool Is Open to Public

Davidson River swimming pool, near the entrance of Pisgah National Forest, is now open to the general public, according to announcement of John Smith, who has been in charge of the extensive improvements done there during the past several weeks. People who come to Brevard each summer have been using this large pool in the Davidson river, and with the entrance improved and grounds cleared, many more will take advantage of the pure water to be found there. Mr. Smith wishes to thank the Forestry Service and State Highway commission for their cooperation in making the vast improvements.
