Entered as second class matter, October 29, 1931, at the Post Office in Brevard, N. C., under the Act of March 3, 1879.

heard that a good way to sell stuff is to advertise it in The Times.

To those who don't know how to pronounce ECUSTA—it is like this: EE-OOOS-TA, not EK-KUST-A.

All men are born free and equal, but now and then one of them gets over it by getting married.

Maybe you never noticed it, but occasionally even the wisest owl hoots at the wrong time.

Still another thing that could be classified as a miracle would be to find a couple of girls discussing bread recipes instead of permanent waves.

Another fellow who has a hard time building up his list of personal friends is the one who thinks that a perpetual grouch makes him look dignified.

The fatal day is drawing near, and there will soon be a lot of Democratic aspirants in this county feeling like they ought to have had better support. Such is life, one disappointment after another.

Neat grocery just out the Arcade from The Times office. Scotty knows how to arrange things nicely, and I hope he sells a million dollars worth the first year.

If you have a friend living in "furrin" parts who has some money, write and tell such one that the mountains are beautiful, too beautiful to describe. If you have some relatives whom you don't want, write and tell 'em how disagreeable the weather can be here at times. These are just suggestions.

Ask Paul Jones out at Cedar Mountain to let you see the "action picture" ye scribe recently made of him.

Boy, are the people along the Rosman highway happy now. No more dust, and no more rough rock. Tar is just a mite sticky, but that will be over in a few days, and then we'll all really enjoy the new road.

Thinking in terms of roads, I suggest that the Rich Mountain drive be taken first time you have an hour to spare. The road built by the CCC boys up a scenic drive that is beyond comparison.

BIBLE THOUGHT

THE FOLLY OF PRETENSE: Why call ye me, Lord, Lord, and do not the things which I say?—Luke 6:46.

CHICKENS ARE NICE IN THEIR PLACE

The Times has advocated raising of chickens, and more chickens, for years, and after several complaints have been made, the further suggestion is made that chickens are nice things to have about the place—in their place.

Irate neighbors, however, know for a certainty that the right place for chickens is in a lot, or any place except the garden of the man living next door.

People are becoming interested in gardens and flowers, and they hate to see hours of toil destroyed by a bunch of chickens that seem to pick just the "wrong spot" of the neighbor's yard or garden to do their scratching.

To save friendship, the suggestion is made that our folk raise more chickens, ON THEIR OWN PREMISES.

GARDEN CLUB COMMENDED

Outstanding piece of civic work this spring was the spring flower exhibition last Friday.

The average person was struck by the many beautiful varieties of flowers that were artistically arrayed in the NYA hut by the ladies of the Garden Club, but the biggest idea conveyed was that we CAN have early flowers in Brevard.

Flowers may not have any commercial value growing in the front yard, but they make a house more like a home, and the ladies of the club are to be commended for their progressiveness in making Brevard a more beautiful place in which to live.

CCC PAYS ITS WAY

Recent Congressional appropriation of \$50,000,000 with which to operate the 1,501 CCC camps throughout the United States for another year is one federal expenditure which, regardless of a man's political leaning is pretty apt to have wholehearted approval.

Transylvania county in particular has been doubly favored by the CCC boys, with many good roads in all sections of the county as monuments to the work they have been doing, fire trails, fire towers, and reforestation work, in addition to the erosion control.

In the Pisgah National Forest, again Transylvania county has come in for a lion's share of benefits, with truck and auto trails being built, and a program in the fish and game management and propagation which will pay us in cash dollars for years and years to come.

The CCC boys really work for their pay, get good training for themselves, and do much good for the communities they touch.

SQUIBS —AND— SQUAWKS

Nice flowers at the Spring Exhibit last Friday—Mrs. Pat Kinzey gave me a rose to wear, and, while I was down that way, Mr. J. H. Green gave me a whole bunch of roses . . . another nice bouquet came from Mrs. Frank Jenkins . . . one from Mrs. A. O. Kitchen . . . Can't eat 'em, can't sell 'em for a lot of money, but flowers represent the nice part of life to me.

Received a letter last week from Harley Wright at Canton addressed to Brevard "near Asheville." Smart boy, Mr. Wright, and Asheville will soon be "near Brevard."

Folk who "live at home" like the Tom Williams family ought to be double happy—down there for breakfast Sunday morning, and boy, oh boy, such country ham and biscuits!

Air Mail Week stamps are pretty—bought the first one sold at the Brevard postoffice, and too, I ordered some from Sig at Rosman . . . he has a nice cachet.
