## School Teachers For New Fall Term Are Announced

Teacher list for all schools in the county have been announced by the board of education for the 1938-39 term.

Robert T. Kimzey will again head the Brevard schools, with Ernest F. Tilson as principal of the Rosman schools.

One teacher was lost in the Brevard high, Brevard elementary, and Rosman high school, due to attendance records during the past term. Measles and mumps were at one time near the epidemic stage in these two larger schools, and are given as cause for small attendance.

Under the ruling of the state board previous year's total attendance for the school year guides teacher allotment for the following year. However, Superintendent J. B. Jones said Monday that he believed attendance during the first two weeks of school would justify putting the three teachers back into the system.

List as announced follows:

## TAX RATES WILL BE SAME AS LAST YEAR

Increase expenditures in each of the unit budgets will have to be made, a survey shows, with the old age assistance rates being the drain affecting the county, and necessity for sewer improvements causing the extra expenditure for the town.

Tentative budget will be adopted by the county commissioners on Tuesday of next week when they hold their regular meeting. Tuesday night the aldermen will also consider their budget and adopt it tentatively for the coming fiscal year.

Present rate of the county is \$1.62 on the hundred dollar valuation, and that of the town is \$1.40.
