

BREVARD MEN PROMOTED

Merits of Transylvanians Recognized By Business

Percy Verdery Will Manage New Concern

Percy M. Verdery, for the past number of years in the cotton buying business in Charlotte, has accepted management of the M. Hohenberg & Co. new branch at Gastonia.

Mr. Verdery has been in the cotton business since leaving Brevard ten years ago, and the management of the Gastonia office for Hohenberg of Selma, Memphis, and Dallas, is considered a material promotion.

Brevard Man Named Yancey County Agent

Walter C. Maness has accepted position of county agent in Yancey county and left here Sunday for Burnsville, where he has taken over the active work.

Mr. Maness has been assistant county agent in Transylvania county for the past three and one-half years, and has made friends throughout the county with the farmers, and with business men as well through his excellent work and co-operative methods.

Mr. Maness came here as assistant to Julian Glazener, who was named county agent when the extension work was started in 1935, and Mr. Glazener readily states that success of the program has been materially aided by the competent work of the assistant agent.

The new Yancey farm agent is a native of Moore county. He completed his agricultural work at State College in 1933 where he specialized in animal husbandry and farm crops. He was connected with the state cotton board for a year, then did cotton work for the state in Polk county for a year before coming to Brevard.

He has been active in 4-H club work, and other farm programs emanating from the county agent's office, and has taken an active part in civic and community affairs. He was a member of the Brevard Kiwanis club and served on the agriculture committee; member of the Brevard Woodmen, the Transylvania Farmers Grange, and took active part in church work.

He married Miss Lena Allison of Brevard last Thanksgiving, and the couple own a nice home on Broad street in Brevard. Mrs. Maness has been teaching in Brevard elementary school for several years, and has been re-elected for the 1938-39 term.

No successor has been named to fill the post in Transylvania left open by resignation of Mr. Maness.

Dick Breese Named To Important Post

W. E. (Dick) Breese, Jr., formerly of Brevard, has been promoted to city editor of The Memphis Commercial Appeal, and has assumed his new duties.

Dick has been in newspaper work for several years, having worked on The Brevard News, in Florida, and later going with the Appeal as reporter. He took over the city night desk two years ago, and is now in charge of the day desk.

John E. Rufty Given Post Appointment As Deputy Marshal

John E. Rufty, for the past several years principal of Brevard elementary schools, has been appointed a field deputy marshal working out of the United States marshal's office in Asheville.

The appointment was made for 90 days according to Marshal Charles R. Price but it is expected that the place will be made permanent for the Brevard man.

Mr. Rufty's appointment became effective Monday succeeding Fred B. York of Alexander county resigned. The appointment was approved by Senator Robert R. Reynolds.

Mr. Rufty has been teaching school in Transylvania for the past ten or more years having served as principal of the Lake Toxaway school before coming to Brevard.

He is a native of Iredell county and received his education at Scotts High school, state college at Raleigh and Western Carolina Teachers college at Cullowhee.

He has been active in church work in Brevard serving as Sunday School superintendent at Brevard Methodist church, chairman of the board of stewards, and also as leader of the Brevard Boy Scouts.

He married Miss Maxine Reece, and owns his home in North Brevard.

Belk's Softball Team Winner Over WOW

The Belk's team made a good start in the second half of the softball league last Monday when they trampled the WOW 6-1. They lost their lead to the College Tuesday, however, when they were beaten 10-9. Belk's undoubtedly has the strongest team in the league and are favorites to take the second half as they did the first, although they may have a little stiffer competition especially from the College.

The remainder of the schedule appears elsewhere in the paper.

Savings Clubs

BANKING institutions in thirty-eight States are now operating New York World's Fair 1939 Savings Clubs, according to a report just made to Grover A. Whalen, President of the Fair Corporation.

The popularity of these clubs arises from the fact that they enable individuals and families easily to finance a trip to the Fair next year through gradual accumulation of the necessary funds instead of by single demand upon financial resources. The slogan of the plan is: "Save Today to See the World of Tomorrow."

Some of the banks which have instituted the World's Fair Savings Clubs are operating them in connection with Christmas and Vacation Clubs, these having for long been in successful existence.

In one of the Southern States, such Fair clubs have been organized in colleges to aid students to set aside part of their allowances to provide means of visiting the Exposition next Spring. Banks are also utilizing the plan to encourage saving by school children.

Attendance at the Fair is expected to reach 60,000,000, according to present estimates.

FISHING PERMITS TO BE USED THIS WEEK

Rain Prevented Nimrods From Entering Pisgah Forest On Schedule

Sportsmen who purchased fishing permits for Pisgah National Forest due to have been used last week-end, will be permitted to fish this week-end instead. High water prevented most of the men from entering the forest last week.

Incessant rains causing high waters and an almost impassable condition of the forest highways caused a postponement of the trout fishing originally scheduled for July 22, 23, 24 on the Pisgah Game Preserve. In spite of the adverse weather, however, sixteen fishermen who found it impossible to return on July 29, 30, and 31 ventured a few casts with fair success, catching fifty six trout. Most of the men fished on the streams to escape the high water.

All fishermen who have permits to fish on July 22, 23, and 24 will be permitted to fish as follows: those men who have permits for the 22nd will be permitted to fish on Friday the twenty-ninth day of July; the permits issued for the twenty third will be honored on the thirtieth; and the permits issued for the twenty fourth will be accepted on the thirty first.

The total number of fishermen permitted per day on Davidson River and its tributaries is seventy five. A few permits are still available for Friday, July 29, and several for July 30 and 31. Permits can be secured at the Pisgah Ranger Station, Pisgah Forest, N. C., and at the Forest Supervisor's office in Asheville.

The fee for each day's fishing is \$1.00 per person; there is no age limit. Camping will be permitted only in public campgrounds, and anyone violating this regulation by building a fire outside of the designated public campgrounds will lose their fishing privileges.

The North Fork of the French Broad River will be open for fishing on August 5, 6, and 7 for the last time this season. The final fishing season on the Game Preserve is scheduled for August 19, 20, and 21, again on Davidson River.

Vacation Bible Boys and Girls Will Give Program Sunday Eve

Commencement exercises of the daily vacation Bible school will be held at the Brevard Baptist church Sunday evening at 8 o'clock, in observance of completion of the two weeks' session which has been held at the church. An enrollment of 800 children of all denominations was reported by officials of the school.

All children of the school will participate in the closing exercises, which will include demonstration of the work accomplished during the two-week period. Following the program an exhibit of the children's work will be shown in an adjoining Sunday school room.

Among the articles to be exhibited will include 55 dresses made by girls of the intermediate department for the orphanage home; tables and sand table for the beginners' department made by boys of the junior and intermediate departments, who also made bird houses for themselves; cup towels for the church and handy bags for patients of Lyday Memorial hospital and maps showing home mission fields made by the junior girls, who also made pot holders and sewing bags for themselves; handwork that appealed to themselves and other children with whom they plan to share them made by the beginners' and primary department.

All children of the school brought an offering each day to be applied on home and foreign mission work. An offering will be taken Sunday evening to help defray expenses of the school. Mrs. E. K. DeLong is principal of the Bible school, assisted by an able corps of teachers, superintendents and other helpers.

4-H Club Members In Raleigh For Meeting

Four Transylvania 4-H club members, together with County Agent Julian Glazener are attending the 4-H short course in Raleigh this week.

The group includes Gerald Allison, Harold Hogsed, Richard Norton, and Miss Tobitha Waldrop. Young Allison is going as guest of the convention due to the fact that he was outstanding 4-H club corn grower in Transylvania last year. He harvested 125 bushels of good millable corn from a measured acre of ground entered in the Transylvania-Henderson corn growing contest.

Sylva Church Service

SYLVA, July 27—The Sylva Baptist church Sylva, N. C., will have a special all-day service next Sunday, July 31, in observance of the fiftieth anniversary of the organization of the church. The church was organized with fourteen charter members. Of that number four are still living and three are still members. The other is a member of a church near by. All former members and friends are invited to be present at the service next Sunday.

"REUBEN" PAPA OF FINE MULE COLTS IN COUNTY

"Reuben" is the proud father of five fine mule colts which recently entered the world of Transylvania Horse-dom—and that makes news.

"Reuben" is fine jack that the Transylvania Livestock association bought some time ago, and the colts that he has sired prove that the pretty big investment by the co-operative was worthwhile.

Some of the leading farmers and business men decided that the mule shortage in Transylvania should not be and that a good jack was a necessity and the type colts that have been dropped prove they were right.

Recent "blessed events" include two colts at the farm of Manning Waldrop of Calvert; one at Mack Bell's, Cherryfield; one at Charlie Gillespie's, East Fork; one at Judson Hall's, Gloucester. Five growing animals had already been announced through The Times.

Hendersonville Event Will Draw Hundreds

Mayor A. H. Harris and other town officials have been invited to take part in the Hendersonville Centennial parade which will be held Monday morning as a part of the celebration from July 31 through August 3.

A general invitation to the people of Transylvania county has been issued by Mayor Al Edwards of Hendersonville, and several people from this section will appear on the Monday night folk music program, including Sherman's string band of Brevard, Mr. and Mrs. B. L. Lunsford of Rosman, and a square dance team.

At Lyday Hospital

Patients reported at Lyday Memorial hospital on Wednesday were: Mrs. John Squires and infant daughter, Mrs. Rideout, Miss Estelle Edwards, Mrs. S. A. Albert, Mrs. Drake and Mr. McGaha.

FAIR HAT

NEW YORK—Dana Jenny, wearing a large Aqualon yellow straw hat designed by Lily Dache and inspired by the Mines and Metallurgy Building at the New York World's Fair 1939. On the crown are replicas of the gargoyles from the building.

Diseases Are Threat To Flower Gardens

Plant diseases are a constant threat to home and commercial flower gardens, but most of them can be avoided or controlled, said Dr. Luther Shaw, extension plant pathologist at State College.

In roses, for example, the most common diseases are black spot, powdery mildew, brown canker, stem canker, cane blight, anthracnose, and cane gall. To raise disease-free roses, gardeners need to observe systematic disease control measures.

One of the first steps is to get good foundation stock. Before purchasing plants or cuttings, examine the canes to see whether they are infected with any of the common canker diseases. Also look for signs of other diseases, and buy only from reliable persons.

Once canker has broken out on a rose plant, it cannot be cured. The diseased stems can be pruned off the plant, but this does not always give satisfactory control. The leaf diseases such as black spot can often be controlled by spraying with a 4-4-50 Bordeaux mixture or dusting with sulphur.

A new copper fungicide known as cuprocid 54 has been placed on the market for controlling leaf spot diseases of roses. This material is inexpensive and convenient to use.

It is difficult to outline a spraying schedule for roses, as weather conditions each year must be taken into consideration. The aim is to keep the foliage coated with fungicide, and during rainy seasons more frequent applications are necessary.

Further information about diseases in other flowers and methods for controlling them may be obtained from Dr. Luther Shaw at State College, Raleigh, N. C.

Church Home Coming at Carrs Hill, Aug. 7th

Annual homecoming day will be observed at Carr's Hill Baptist church on the first Sunday in August. All members, former members and interested friends are invited to be present, and to bring with them well filled baskets for the picnic lunch.

Benefit Bridge Set for Friday Evening

Preparations are in progress to provide pleasure and comfort for the large number of residents and summer visitors expected at the benefit bridge, sponsored by the Woman's Civic club, to be held at the NYA hut Friday evening of this week at 8 o'clock.

Many prizes will be awarded the winners, refreshments will be served during the evening and other entertainment features will be provided for those attending. Mrs. David G. Ward is general chairman in charge of the event, which is for benefit of the club and to help defray expenses of the flower show to be held here in August. A nominal charge will be made for players.

New Arrivals

Born to Mr. and Mrs. John Squires a daughter, at Lyday Memorial hospital on Tuesday, July 26.

Born to Mr. and Mrs. Otto Peitt of Rosman, a daughter, Marjorie Cordella, on Tuesday, July 26.

Born to Mr. and Mrs. Joseph E. Clayton, of Wheeling, W. Va., in the city hospital, a seven pound son, Joseph Ezra Clayton III, on Thursday, July 21.

Mr. and Mrs. J. M. Tatum have announced the birth of a daughter on July 20 at Mission hospital, Asheville. Mrs. Tatum will be remembered as the former Miss Lillian King, of Brevard.

PISGAH FOREST NEWS
