

FROM INTANGIBLES Brevard Tax Return Amounts To \$246.01-Charlotte **Gets Biggest Sum**

Transylvania county and the town of Brevard received better than \$1,000 from the state board of assessments this week as share of the new state intangible tax receipts.

Transylvania county received \$852,-39; the town of Brevard, \$246.01; Town of Rosman figures were not available. Total amount sent to all counties and towns was \$443,224, with payments ranging from \$28,437.86 to Charlotte in Mecklenburg county, down to 44 cents to Orrum in Robeson county.

The state board noted in its report that the law became effective July 1, 1937, but returns were not required until March 15, 1938. As a result collections during the first six months of last fiscal year were only \$140.19 while they were \$2,550 during the first 10 days of July this year.

"This point is made," said the board, "to emphasize the fact that the total intangible tax collections for the fiscal year ending June 30, 1938, in reality represent revenue collections for only four months and, therefore, should not used as a criterion for measuring yield during subsequent years."

the total collections, after deduction of 100 miles. Marketille within a radius administrative expense, and the state keeps half. Total collections were \$904,633.33, expenses were \$36,-185.33, and \$868,448 was split between the state and the countles and cities. The state had never before levied

such taxes but towns and counties did.

250 WORKMEN BUSY AT ECUSTA PROJECT

Brick and Steel Rising Near **Pisgah Forest For New Cigarette Paper Plant**

Steel has been erected for three of the buildings on the Ecusta Paper Corporation plant site at Pisgah Forest, and brick work has been started on two.

Foundation work is going forward daily on several other buildings, with cement also being poured for the large filteration plant at the upper end of the property.

Work of changing the course of Davidson River so as to bring the water closer to the plant is nearly complete, and a crew of Southern Railway employees are engaged in building the coal shute trestle at the extreme lower side of the property, where the boiler house will be located. Around 250 men are employed on

the project this week, by Fiske Carter construction company of Greenville, who are contractors, and the sev-

eral sub-constractors on the job. Plans call for completion of the pro ject by April of next year, when the corporation will start the manufacture of fine cigarette papers, and will em-ploy several hundred local people.

Only State-Wide Measure To Be Considered at Second **Called Meeting**

RALEIGH. Aug. 10 - Indications Wednesday morning were that the extra-ordinary session of the legislature would end its set job by Saturday night and adjourn.

Both houses in session Monday started the wheels rolling to enact into law the measure as outlined by Governor Clyde R. Hoey whereby the state will be enabled to spend \$4,620,000 in order to take advantage of the PWA offer of matching dollars on a 45-55 basis.

The proposed \$8.750,000 fund will be spent, according to the program outlined by Governor Hoey, on improve-ment of the state's public building, and erection of new structures.

"Gag rule" was quickly adopted by the legislators Monday which prohibits bills other than those necessary to pass the special legislation from being submitted.

The session is the third for the legis-lators elected in 1936, the first time three sessions of a legislature have been held in a biennium in many years. ssions of a legislature have The governor personally delivered his 1,400-word message shortly after the legislature had convened in extraordinary session at noon Monday. Nor-mally members of a legislature meet only once during their two-year term but this is the third meeting for the solons elected in 1936. They met in special session that year and in regular meeting in 1987.

Both houses rushed a bill through Tuesday to appropriate \$75,000 for North Carolina's participation in the New York World's Fair in 1989.
