### Florida Student Heads Frosh Class—Clarion to Make Appearance Friday

(By E. D. C. Brewer)

With the election of freshman class officers and of the CLARION editor-in-chief, student activities swing out full steam ahead at Brevard College this week.

With continued registration the freshman class had passed the 230 mark when they met recently to elect class officers. The Frosh certainly looked about a bit before naming these officers. They went in for wide variety in type and in geography. The types run from the blond president through the in-between secretary to the extreme brunette treasurer.

**FRESHMEN ELECT OFFICERS**  
Variety in places is found in the fact that each officer comes from a separate state. Those elected by the freshman class are president, E. J. Graham, Naranja, Florida; vice president, Allen Hamilton, Columbus, Ohio; secretary, Theresa Preddy, Madison, and treasurer, Lenore Matthews, Metairie, Louisiana.

Later in the week the whole student body assembled and almost missed its lunch to acclaim S. C. Carpenter, Lincolnton, editor-in-chief of the CLARION. Editor Carpenter has had three years' experience in the Lincolnton County News offices and a one year's apprenticeship on the Clarion staff. He comes to this responsibility well equipped in printing techniques as well as editorial skill. The first issue of the CLARION will appear Friday of this week, according to Editor Carpenter. Soon after its appearance he expects to announce the CLARION staff for the year.

## Negro Murderer Runs Off and Leaves S. C. Officers In Darkness

Three Greenville policemen drove up to Joe Tinsley's service station on Broad street Monday night and asked if a South Carolina negro had been seen around there.

Simultaneous with the question, a commotion was heard at the rear of the station, and the negro in question was seen only as he faded into the darkness, with the officers in pursuit. Too late. The colored boy knew just who the officers were after, and where he should not be at that particular time.

The negro is wanted in Greenville for the slaying of his wife, Mattie Smith, whom he sliced with a razor Monday.

No trace of the "genman of color" had been found Wednesday afternoon.

Mrs. Ehrman divides her time with her mother and a daughter in Paris, at her home in Panama, and among her children in New York, in Charlotte, this state, and other places in this country and abroad.

Mrs. Ehrman is stopping here at the home of Mr. and Mrs. S. W.
