

## ROSMAN VOTES TO ISSUE BONDS FOR IMPROVING WATER

### Deep Well System Planned To Care for Increased Num- ber of Consumers

ROSMAN, Sept. 28—Rosman voters gave official o. k. to the bond ordinance for issuing \$12,500 water improvement bonds in Tuesday's election.

Unofficial vote count was given out Tuesday night as being \$7 for issuance of the bonds, and two against.

Plans of the board of aldermen are to secure funds through the Public Works Administration to enable the town to install a deep-water well which will adequately supply the town with pure water.

Improvements will also be made in the existing sewer system, under the plans of the board. Total cost of the improvement program will be \$20,000 or better, of which the town will only have to pay \$12,500.

The town now has several small water systems, which are inadequate, and the new system will be able to take care of a town twice the size of Rosman at present.

## Electrical Show Will Be Seen Here Oct. 8

Things electrical for the home and farm will be displayed in a special showing to be held in Brevard on Saturday afternoon and evening, Oct. 8. It has been announced through the Duke Power company.

New designs in electric ranges, small cookers, refrigerators, water heaters and other home and kitchen modernization appliances will be displayed in a large exhibition van which will be set up on the lot between Trantham's and the Amoco service station.

Water pumps, feed grinders, farm lighting, and other things of interest will be on display, and will be explained by M. T. Geddings, agriculture extension worker for the Duke company. Mrs. Frank Moore of Greenville, home economist for the Duke company, will be in charge of the home appliance section.

There will be no charge for entrance to the display, and no attempt will be made to sell appliances, the company announces.

## Judge Cocke To Speak at Democratic Meeting

Judge Philip C. Cocke of Asheville, will speak at a Democratic rally to be held at the Brevard court house Saturday evening at 8 o'clock.

Prior to the speaking officers for the Young Democratic County club will be elected. Jess A. Galloway, chairman, is calling the meeting, and will preside at the election of officers.

### New Arrivals

Born to Mr. and Mrs. George A. Wheeler, a son, on Thursday, Sept. 22.  
Born to Mr. and Mrs. Blake McCall a son, on Sunday, September 25.  
Born to Mr. and Mrs. Homer Chapman a son, Homer Davis, Jr., on Wednesday, September 28.

## POPLAR AND LOCUST PLANTINGS READY AT NURSERY NEAR HERE

### Free Setting Will Be Provided On Approved Farms In Transylvania

Poplar and locust seedling may be obtained from the Crab Creek nursery near the Henderson county line if applications are sent in immediately to the office of District Forester F. H. Claridge, at Raleigh.

Cost of the seedlings will be \$2 per thousand plants, and delivery charges of 25 cents per thousand where they are shipped.

In addition to the yellow poplar and locust seedlings which may be secured from the Crab Creek Nursery, other forest seedlings may also be secured from the state department at the price of \$2.25 per thousand, with the exception of black walnut which costs approximately \$10 per thousand.

Where a farmer or landowner will enter an agreement with the department of Conservation and Development as to protection of the trees for a period of five years, it is possible to have planting done by CCC enrollees at P-66, Brevard.

R. E. Staton, project superintendent at P-66, has charge of the Crab Creek Nursery, and it will be very advantageous for local growers to have their plantings done by his boys, especially, as there will be no charge for the work.

The yellow poplar and locust seedlings now growing at Crab Creek, are in excellent shape, and range from 18 inches to nearly three feet in height. The fact that the seedlings are already acclimated to this section is also a material factor in their "livability" it is pointed out by County Agent Julian Glazener, who is interested in getting several demonstration plots in this county.

Formal applications should be made at once to F. H. Claridge, Assistant Forester, Dept. of Conservation and Development, Raleigh, N. C., by those who wish to have a cooperative planting plot. The plants will be taken from the nursery around November 1.

## Heads New Movement

By Earl D. C. Brewer

Initiating a new and more coordinated approach to religious activities, William Rock, Lewisville, President, (shown above) lead the officers and leaders of the Brevard College Christian Movement in a candle-light installation service at the vesper service, Sunday.

The Student Christian Movement is an effort to bring together all the religious activities on the campus under one organization. It was discovered upon investigation that a great amount of religious work was being done without the necessary coordination and planning. It is the purpose of this organization to head up all the religious activities.

To give this movement competent adult guidance and advisory committee on religious activities has been appointed by the faculty as follows: John Bennett, Chairman; Miss Irene Clay, Dr. B. W. Loomis, Mrs. John Bennett, and Earl Brewer. This committee has had several meetings thinking through the entire problem of coordinating the religious program.

Other officers of the Student Christian Movement are W. C. Ludwick, Salisbury, vice-president; and Ruth Stonestreet, Mooresville, secretary and treasurer. It will be the responsibility of these three persons to steer the activities of the entire movement.

The main work of the Student Christian Movement will be done through various committees. The names of these committees will indicate the area of work they involve. The committees and their chairmen are listed: Committee on Publicity and Promotion, Delbert Byrum, Chairman; Committee on Vesper Services, Wayne McLain and Elizabeth Parrish; Committee on Sunday morning worship services, Evelyn Rothrock and W. C. Ludwick; Committee on Wednesday Evening Prayer Services, Stella Ray; Missions and World Friendship, Frances Turner; Evangelism and Church Relations, E. J. Graham; Christian Citizenship and Social Service, Elizabeth Jenkins; Social and Leisure Time Activities, Ray Proctor and Mary Potete; Leadership Training and Personal Enlistment, Jennings Ballard; Deputation, Marvin Boggs.

It is the purpose of the Student Christian Movement to tie its work as closely as possible with the various churches. The Committee on Evangelism and Church Relations is finding its important function in encouraging the students to attend the churches of their choice in town.

The outlook for really affecting the religious thinking of the students and for coordinating the approach to religious activities is the finest since the beginning of the college, according to President E. J. Coltrane.

Number of recipients for adjoining counties was as follows: Henderson, 2,089; Haywood, 2,607; Buncombe, 9,495.

A total of 2,428,185 pounds of commodities was received in the state during the month, Langston said, and included dry beans, 119,201 lbs.; cheese, 81,951 lbs.; flour, 801,08 lbs. dry milk, 42,537 lbs.; canned peas, 201,314 lbs.; Irish Potatoes, 896,690 lbs.; prunes, 127,582 lbs.; raisins, 10,746 lbs.; and rice, 146,956 lbs.

## Surplus Products Distributed Here To Many Families

There were 2,100 persons receiving aid from surplus commodity distribution in Transylvania county during the month of August. A. E. Langston, director of commodity distribution with the State Board of Charities and Public Welfare, announced this week.

Number of recipients for adjoining counties was as follows: Henderson, 2,089; Haywood, 2,607; Buncombe, 9,495.

A total of 2,428,185 pounds of commodities was received in the state during the month, Langston said, and included dry beans, 119,201 lbs.; cheese, 81,951 lbs.; flour, 801,08 lbs. dry milk, 42,537 lbs.; canned peas, 201,314 lbs.; Irish Potatoes, 896,690 lbs.; prunes, 127,582 lbs.; raisins, 10,746 lbs.; and rice, 146,956 lbs.

Total number in the Asheville district who received assistance in the form of foodstuffs and household goods from the warehouses was 36,034 persons, composing 6,961 families.

A statewide total of 161,169 people were given aid through the eight warehouses in the four North Carolina districts, with the district totals set at: first, 27,191; second, 47,491; third, 34,446; and fourth, 52,041, Langston said.

## Dixie Store Winner of Business Award

Brevard Dixie store was winner of a \$25 cash prize last week, offered by the manager at Greenville for best increase over the previous four weeks.

Curtis Kelly, manager of the Brevard store, was winner by a small margin over Franklin, and far ahead of some of the other stores in the western district. The increase was based on percentage. Clerks in the Brevard store also shared in the prize money.

## Regrets Expressed That Germany May Not Fight Czechs

A mixed feeling of relief and regret was evident in Brevard at noon Wednesday when a radio news flash brought word that pending war between Germany and Czechoslovakia had been temporarily averted.

Many there are in Brevard who expressed the belief that Hitler's German forces would eventually have to be shown with bayonets and machine guns the rights of democracies, and believe that now is the the most acceptable time.

The radio news flash to the effect that Hitler had called for a meeting in Munich, Germany, of Premier Deladier of France, Prime Minister Chamberlain of England, and Premier Mussolini of Italy, to consider terms of peace, caused nearly as much consternation here as would have the broadcast that fighting had started.

The four-power meeting will be held in Munich on Thursday, and Mussolini is expected to preside over the sessions.

"Hitler backed down!" was general expression of the average Brevardite when the news came over the radio and at the same time, there was expressed admiration for Prime Minister Chamberlain of England, and President Roosevelt of the United States, both of whom had sent appeals Tuesday to Hitler to refrain from mobilization.

### At Lyday Hospital

Patients reported at Lyday Memorial hospital on Wednesday were: Ernest Moore, Lafayette Day, Bill Preston, Harold Preston, Sam Bryson, Jr., Betty Miles Jones, Dora Morris.

## Here-There Over the County

(J. A. Glazener, County Agent)

Well sir if you don't believe it go see it for yourself. Two strands of telephone wire fastened to tomato sticks keeping twenty-five head of hogs well within the five acres of corn and beans which the fence surrounds.

It is one of those new fangled electric fences and can be seen over at C. C. Yongue's place. When Mr. Hog touches the wire he gets a slight shock that puts the fear in him as to going near it again. Mr. Yongue's fence is operated by a hotshot battery and is giving splendid service. It looks as though the electric fence will solve the problem as to hogging down corn for it can be easily moved and is very economical.

T. J. Wilson and Otto Alexander have each bought registered Hereford bulls which were delivered to their respective places last Saturday. These bulls would be classed as among the very best that have ever been brought into the county. Their blood lines carry the famous old Domino breeding which all Hereford breeders recognize as some of America's best. The bringing into the county of such high quality breeding animals as these will ere long show their value in improving our beef cattle.

## Boxing Bout Friday To Feature Shadrack

Joe Shadrack, top notch lightweight will meet an amateur boxer from Hendersonville as headliner at the Brevard Playhouse boxing card Friday night at 8 o'clock.

Harold McNeely of Lake Toxaway and Bridges of CCC P-28, B. McNeely and James Simpson, and two other lightweight bouts will be on the card.

## Hi School Eleven Will Play at Waynesville Friday Afternoon

Brevard high school eleven will go to Waynesville Friday where they meet the strong high school team there in what will be a deciding game for conference leadership.

Coach Cox expects to leave Brevard with his entire squad about 10 o'clock Friday morning in order to arrive in Waynesville early enough to give his boys a rest before the game which starts at 3 o'clock.

Coach Cox said Wednesday that his starting lineup would probably be as follows—Walker, center; Jones and Hilemon, guards; Varner and Wharton, tackles; Allison and Morris, ends; Teague, quarterback; Hollar and Wright, half backs; Ashworth, fullback.

Several other members of the team are expected to see at least half-time service in the game, Coach Cox said, and he expects to shift his defensive play, which will necessitate substitutions in some instances.

Brevard and Waynesville have not met for three years—the last game resulting in a 6-6 tie.

## Brevard High School News Gatherers

Above picture shows the Brevard High School newspaper staff responsible for getting together the interesting items which are being carried each week in The Times. At right in front is Paul Jones, editor-in-chief; left front, Pendleton Banks, managing editor. Standing—left to right, Bob Huggins, Miss Elizabeth Jarvis, Edward Glazener, Kathleen Wilson, Lillian Zachary, Mrs. E. K. DeLong, and Jeanette Austin. Miss Jarvis and Mrs. DeLong are faculty sponsors.

## Alumni Meeting Will Be Held October 5th

A Brevard meeting of the alumnae of the Woman's College of the University of North Carolina, Greensboro, will be held at the home of Mrs. J. S. Denny on Wednesday afternoon, October 5. The meeting is in celebration of annual Founder's Day, commemorating the opening of the doors of the college in the fall of 1892.

Miss Marjorie Craig, chairman, will preside. Sides will be chosen under the leadership of Mrs. J. F. Zachary and an assistant. Mrs. Zachary will serve as "teacher," and give out the questions in the "College Question Bee," concerning 100 questions and answers relating to W. C. N. C. Some of the questions were designed to tease or test one's current information, and will doubtless lend merriment to the hour. The assistant will hold the book of answers.

New officers will be elected for the coming year. The committee on nominations is as follows: Mrs. Leon English, Jr., chairman; Mrs. T. H. Shipman and Mrs. J. B. Jones.

Committees for the meeting are in charge of Mrs. J. F. Zachary, program, and Mrs. J. D. McRae, refreshments.

## Carl Morris Buried In Brevard Monday

Funeral services were held Monday afternoon from Brevard Methodist church for Carl Morris, 51, a former resident of this county, who died suddenly Saturday night.

Mr. Morris, well known here where he had made his home until 20 years ago, died while at Hayne, east of Asheville. He was a conductor for the Southern Railway, and was on his regular run when he died from a heart attack.

The Rev. J. H. Brendall of Brevard, and the Rev. M. Teague Hipps of Biltmore had charge of the services at the Methodist church, and interment was made in Oak Grove cemetery, North Brevard.

Friends of the deceased man from Asheville acted as pallbearers, with members of the Order of Railway Conductors acting as honorary escort. A large number of Transylvania people attended the services.

Mr. Morris is survived by his widow, two daughters, Miss Elizabeth and Miss Audrey Morris, of Asheville; two sisters, Mrs. Alma Morgan and Mrs. Lura Nash, of Tryon; and one brother, P. G. Morris, of Tryon.

## Sunday School Meet at Rosman on Sunday

A Sunday school meeting of the Transylvania Association will be held at Zion Baptist church, Rosman, Sunday, October 2, at 2:30 o'clock.

All churches of the Association are expected to have representatives at this meeting for the discussion of different phases of the Sunday school work.

### WMU Zone Meeting

Asheville division WMU meeting will be held at Boone, on October 5th, it has been announced, and delegates from the Transylvania Association are requested to get in touch with Mrs. M. H. Holliday, Brevard R-2. The meeting will be open to any members who wish to attend.

## Agriculture Leaders Hold Meeting Here

Vocational Agriculture teachers of two counties meet and work and eat together.

The agriculture teachers of Henderson and Transylvania counties met with Randal Lyday at Brevard Friday evening, September 28, for their monthly meeting.

Tal H. Stafford, district supervisor for Western N. C. met with the teachers and an unusually interesting program followed. Each teacher had previously been assigned certain teaching lessons to study and write copies for all the other fellows. By cooperating in the work this way each teacher was supplied with a dozen enterprises written by a man who was best qualified for this particular line. This material is to supplement the material that can be secured in text books and publications. This type of work is necessary to agriculture since a text written for conditions in Ohio is not suited to conditions in Henderson county.

E. T. Frisbee gave an unusually good discussion on "How to Acquaint the People With Your Work and Solicit their Cooperation." Mr. and Mrs. J. A. Glazener, Mr. and Mrs. Robert Kimzey, and Mrs. Tal H. Stafford and the teachers' wives were guests to dinner at the home of Mr. and Mrs. Lyday.

In addition to the above mentioned, others of the group enjoying the dinner with Mr. and Mrs. Lyday were: Mr. and Mrs. B. L. Lunsford, Rosman; Mr. and Mrs. J. F. Corbin, Hendersonville; Mr. and Mrs. H. L. Davis, Flat Rock; Mr. and Mrs. W. A. Franklin, Hendersonville; R. E. Bruce, Etowah; E. T. Frisbee, Mills River; M. E. Nesbit, Fletcher; Mr. and Mrs. T. A. Mullikin, Edneyville.

## Variety Party Will Be Given Thursday

A variety party will be given Thursday evening at 7:30 o'clock at the Skating Rink for benefit of the Brevard high school football team. Games are being arranged, with prizes to be donated by local merchants.

No admission will be charged at the door, but a small charge will be made for those players who participate in the game.

About 25 or 30 Brevard business places are contributing prizes for the occasion. A pep meeting will be staged by the high school students at 7 o'clock. Proceeds of the evening will go to the football fund.

### Pittman Opens Station

Clyde Pittman announces that he has taken over the Rock Service Station on West Main street, and will operate it as a Standard station. John Collins will be associated with Mr. Pittman at the new place.

## New Auto Tags Will Be Silver and Maroon

New Auto tags for 1939 will be maroon background, and silver lettering, according to sample tag which has been received by Mrs. Mary Jane McCrary, local Carolina Motor club agency.

The tags will be smaller for 1939 than this year's license plates, and the lettering will be new style, making a much more attractive tag.

New tags will go on sale in Brevard on December 1.

## NEW SEWER LINE WILL BE LAID BY TOWN OF BREVARD

### Replacement of Disposal System Made Possible Thru WPA Assistance

A new sewer line will be installed in the Jumping Branch section of Brevard, with a 12-inch line replacing the old 8-inch main which has become unfit for use, and insufficient in size.

The work will be done by the Works Progress Administration, with total cost of the project to be \$6,434. Of this amount the town will be required to pay \$1,069.50, according to estimates given the town by W. A. Wilson, engineer for the WPA.

The project will start on October 15, and will use 61 men. Approved type of terra cotta pipe will be used, and the new line will parallel the old one which begins on Miner street, and runs to Turnpike Road, a distance of 3,500 lineal feet.

Considerable money has been spent on the line during the past few years in repairs and replacement in the old line, and engineers who have inspected the old line advised the town against spending further money on the old sewer.

## Toxaway Falls Shown In Esso Road News

Toxaway Falls and gorge were featured in the September issue of "Esso Road News" which has a wide circulation over the north, West and South, and is distributed at all Standard service stations as well as by mail. A picture of the falls, and the following story was carried:

Some very beautiful country is traversed by U. S. 64 between Rosman and Highlands, N. C. Without a doubt the feature attraction of the region is the falls and gorge of the Toxaway River just below the site of the old dam of Lake Toxaway.

The present highway crosses the river just above the brink of the falls. This is a favorite picnic spot, as it affords wading and swimming for small children, climbing and hiking for the larger ones, and a beautiful, restful view for the older people.

The falls and gorge, now clean, smooth rock, were once rugged and wooded down to the stream, but the flood following the breaking of the dam some years ago swept everything clean.

## Band Concert Slated For Friday Evening

Brevard Municipal band will give a concert Friday evening at 8 o'clock, it has been announced by Revis Frye, leader.

The concert will last for one hour and will be given at the bandstand on the court house lawn. Boys from the college and from the town will assist in the evening's program.

The band is being coached this winter by Leader Frye under the Federal Music administration, and within a few months he expects to have several new musicians ready to take part in the concert.

The band will also play at the College-Wofford football game Friday afternoon.

## PARKWAY ROUTE IS FILED IN HAYWOOD BY ATTORNEY ROSS

### Work To Start on Wagon Road Gap Link This Fall—Also Near Tennessee Bald

WAYNESVILLE—Sept. 28—(Special from The Mountaineer)—Official map was filed in the register of deeds office here Tuesday afternoon by Charles Ross of Raleigh, chief attorney for the North Carolina Highway Commission, which shows official marking of routing designated for the scenic Parkway.

Attorney Ross completed proceedings Wednesday for securing right-of-way through some private property at Wagon Road gap, junction of Haywood and Transylvania counties, which right-of-way had been holding up definite routing.

Mr. Ross is authority for the statement that bids would be received on six miles of the parkway, beginning at Wagon Road gap toward Tennessee Bald within the next few weeks, and that actual work would be started in November.

The Raleigh official also said that the remainder of the route from Wagon Road Gap to Tennessee Bald would be under contract before Christmas.

The right-of-way map shows a 40-foot road bed, with 20 feet paved by the center. Grass shoulders will be planted along each side of the pavement, and a 400-foot easement will be provided on each side of the scenic highway which will be beautified.

Labor for the road will be taken from the community through which the road passes, Mr. Ross said, which should provide considerable employment for Haywood and Transylvania people this fall and winter.

State and CCC forces are working on the links of road from Sunburst to Rosman, which will provide a scenic loop on the completed 12 to 14 miles for travel through Transylvania and Haywood.
