Here-There Over the County

(J. A. Glazener, County Agent)

I. J. Reuter, who recently purchased the Clough farm located in the Pisgah Forest area, has built five new A-type farrowing houses and a new concrete floor laying house. Mr. Reuter with assistance of the County Agent has worked out a complete crop rotation for the farm. The rotation provides for corn, hay, pasture, and legumes for soil building.

Tobacco referendum educational meeting and voting on tobacco control for the 1940 program will be held in the county agent's office on Nov. 21. The program is to be based upon acreage for the coming year, instead of poundage. A farmer who stays within his acreage base will be allowed to market all the tobacco he produces.

'Uncle Jim' Says:

Planting forest tree seedlings is a valuable winter time agricultural conservation practice recommended by the State College Extension Service.

For the first time since its foundation in 1882, a woman Rev. Dorothy Wilson, preached in Ramsgate (England) Congregational Church recently.

be kind to your *Eyes!*

You CAN'T BUY ANOTHER PAIR!

Protect YOUR EYESIGHT

With Scientifically Designed I.E.S. Lamps

One penny will buy good lighting from the three steps on the I.E.S. lamp as follows:

- 300-watt for 1 Hour, 40 minutes
- 200-watt for 2 Hours, 30 minutes
- 100-watt for 5 Hours

Light-saving lighting costs are too low to risk precious eyes. In spite of the progress which has been made, and is being made, inadequate lighting is still responsible for an appalling prevalence of defective eyesight. It is hard to realize, but unfortunately true, that an average of 2 out of 10 school children, 4 out of 10 college students and 6 out of 10 people over 40 years of age, have impaired vision. The scientifically designed I.E.S. lamps are built to improve greatly the home lighting of today.

See I.E.S. Lamps In Our Showroom or At Your Dealers

- I.E.S. Floor Lamps \$7.95 to \$11.95
- I.E.S. Study Lamps \$4.50
- Pin-to-Wall Lamps \$1.95 to \$3.45
