Chief Bert Freeman said his investigation disclosed that Wood and the Kilpatrick brothers, Virgil and Onie, got into an argument and that Jimmie Gaither, owner of the cafe, cautioned them. Shorty after Onie went outside of the cafe, the investigation revealed that Wood struck Virgil and just about knocked him out.

Officer Gill Thomas then came n and started searching Virgil for a knife, which some one said he had, the report stated. Before officer Thomas realized it while making the search, Onie Kilpatrick, who was said to have seen the fight from the outside, rushed into the cafe and struck Wood twice with a large knife. A long, deep gash was cut in Wood's right arm and a deep stab in the left arm.

Thomas then broke up the affray and took Onie to jail, while Wood caught a taxi and went to the hospital. He was said to have lost In Promotions In Elementary Grades given transfusions. a good deal of blood and was
