Jaycees To Conduct Waste Collection Drive Sunday

PUBLIC IS ASKED TO COOPERATE TO FULLEST EXTENT

Every Family Requested To Have Waste Paper on Porch or Sidewalk.

A city-wide waste paper collection drive will be conducted in Brevard this Sunday afternoon from 2 until 5 o'clock by the Junior Chamber of Commerce and an urgent appeal was issued today for the public to cooperate fully in this vital war effort program.

Every home and business establishment is being asked to gather up all waste paper, including newspapers, books, magazines, corrugated and cardboard boxes, wrapper paper etc., tie them up in bundles and leave the bundles on the porch or edge of sidewalk.

The Jaycee members will canvass every street in town, pick up the paper and haul it to their depot here in the heart of town.

Every one is asked to prepare paper for easy handling by: Newspapers — fold them flat and tie in bundles about 12 inches high; Magazines — tie them in bundles about 18 inches high; corrugated and cardboard boxes—flatten them out and tie them in bundles about 12 inches high.

Paper is one of the most critical items on the WPB list today. Chairman Donald Nelson has issued a special appeal to the public to co-operate in the collection of this waste which is reclaimed and used again.

"This is another one of the patriotic services that our members are rendering and we will appreciate the co-operation of the public," Howard Schmidt, president of the Jaycees, stated.

All proceeds that the Jaycees receive from sale of waste paper goes to some war activity program here.

BAPTISTS SEEK BUILDING FUNDS

Every-Member Canvass To Be Made By Group Next Sunday

A committee of the First Baptist church here, headed by Julian A. Glazener, will conduct an every-member canvass of the church membership this Sunday. The object of this canvass is to obtain pledges to the church budget and at the same time an opportunity will be given members to make a donation to the church building fund to erect a new auditorium after the war.

Already about \$4,000 has been raised to apply on the cost of the church auditorium, according to John A. Ford, a member of the committee. This money has been invested in war bonds and other moneys donated for the purpose will be similarly invested. No pledges to the building fund will be sought Sunday, Mr. Ford said, just a donation of any amount the member feels able to give.

Pledge cards will be distributed at the service Sunday morning and pledges to the building fund requested. The committee will en-

Confusion Caused By Report Last Monday About Income Taxes

Many people were confused Monday and Monday night by radio reports to the effect that "estimated income reports for 1944 should not be filed until new forms are sent out from Washington."

Dewey Gravely, local deputy collector, said that people are supposed to file their 1943 reports now, and that only those who receive or expect to receive money or other compensation from sources other than salary are affected by the "estimate" report to be filed in April.

Other Organizations Asked To Become Sponsors. Committee Named

Plans are now being made here to hold a Transylvania county fair in Brevard the last week in August, it was learned today.

The Brevard Lions club is promoting the movement to organize a nonprofit association and is asking the Kiwanis club, Junior and Senior chambers of commerce, American Legion post, Women's Civic club, farm and home demonstration offices, schools and industries and various other civic organizations to join the association, and to help sponsor the community fair.

A Lions club committee, composed of John Ford, chairman, Dr. Carl Hardin, Dr. B. W. Loomis and George Massey, is now busy contacting these various organizations and mapping out tentative plans for the proposed county fair.

It is pointed out that state and national agricultural leaders are urging that county fairs be resumed this year as stimulus to the gigantic wartime 1944 food and feed production program.

"A county fair is a fine institution for the promotion of agricultural, industrial and educational betterment," Mr. Ford declared. "They also stimulate more civic pride and promote fellowship and goodwill."

"There is no reason whatever why we should not have a good county fair here in Transylvania and I hope other organizations will join with us in the promotion of a fair this year."

He said that all sponsoring organizations are being requested to appoint or elect one or two

Dr. Coltrane explained to the committee the status of the endowment fund and the building fund started three years ago. Around \$90,000 of \$139,000 needed to increase the college's endowment fund to \$200,000 had been raised, he stated. A million dollar building program is anticipated for the post-war period, Dr. Coltrane said. It is hoped to raise the balance of the endowment money by the tenth anniversary of the college in June, he continued, which will be celebrated in an impressive way.

A committee consisting of Dr. Coltrane, chairman, Ray Bennett and Alex Kizer was named to formulate plans for raising \$5,000 locally for the college endowment fund. They were directed to report at the next meeting of the committee.
