FIREMEN ANSWER

(Continued From Page One) was the first person awakened by smoke and she aroused occupants of the other apartments, while Mrs. Ollie Galloway turned in the alarm to the fire department.

Publisher Ed M. Anderson had the highest praise for the members of the local fire department, who expertly put out the blaze and prevented an extremely serious fire.

Last Friday afternoon the firemen were called out to extinguish a small blaze in one of the apartment kitchens in Ross hall on the Brevard college campus. Little damage was done except a smoked up wall. It was caused by burning grease on the stove.

Firemen and occupants of the faculty apartments alike were thankful that the fire was a small one. They recalled the serious damages that were done to the faculty apartment house several years ago.

Last Thursday about noon the firemen were called out to put out a brush fire on East Main street, and the afternoon before they extinguished a similar one on Maple street extension.
