

Raleigh's New Mayor Under Commission Form—Other Nominations.

Raleigh, N. C., April 21.—Raleigh's primary today for candidates for commissioners in the commission to be inaugurated May 1st resulted in a sweeping victory for Mayor James I. Johnson, who received 991 votes for Mayor more than all three opponents combined. They were Franklin McNeill, 812; W. J. Batchelor, 56, and Fred Forsyth 41. It is likely that McNeill will withdraw from the May election, leaving Johnson without opposition. Under the law the two highest in the primary are the candidates in the election.

For Commissioner of Public Safety, O. G. King, present police commissioner, led with 638 votes; Willard L. Dowell, second with 592; R. T. Gowan, 219; J. F. Ferrell, 222; George B. Fleming 28; Frank Stronach 25. King and Dowell go into the general election with indications that Dowell will control most of the votes cast in the primary for the weaker candidates. For Commissioner of Public Works, Jno. T. Jones, now city tax collector, and Richard B. Seawell, led with 619; New city surveyor, J. R. Bissett 479; Ed Hugh Lee, 251; T. W. Fanner 89. For police justice, W. C. Harris defeated his only opponent, Alexander Stronach, the vote being 1,273 to 332.

Carnival at Columbia.

Columbia, S. C., April 21.—Headed by a mounted squad of police and Mayor Hibbes, the Elks opened their week of carnival with a mammoth parade on Main street this afternoon. A great crowd lined both sides of the street through which the parade passed, and in a speech, Mayor Gibbes turned the keys of the city over to the Elks. The carnival will last through the week.

After Railroads.

Washington, April 21.—Every railroad line in the country was a defendant in the hearing today before the Interstate Commerce Commission in a proceeding instituted by the National Baggage Committee attacking as illegal and unjust the excess baggage rates exacted by the carriers. To an extent, likewise, every traveler, who carries baggage in excess of 150 pounds is a party in interest.

Four years ago the railroads increased their charge for excess weight of baggage from 12 1/2 per cent. of the first class passenger fare to 16 1/2 per cent. Commercial travelers particularly contended that the rate was unwarranted and unreasonable. Testimony was introduced today to show that commercial travelers in England were permitted to carry 336 pounds of baggage on a first class ticket and in Canada 300 pounds.

The complainant committee urged the commission to restore the former rate of 12 1/2 per cent. of first class fare on excess baggage, with a minimum of 25 cents.

Pittsburgh Wrestles With School Strike.

Pittsburgh, April 22.—The strike of school children against S. L. Heeter as superintendent of the city's public school system spread rapidly today and resulted in one death. A little girl was run down by a street car and killed during one of the demonstrations.

Beginning yesterday, when hundreds of children remained away from school as a protest against Heeter, who last Friday was acquitted by a jury of two serious charges preferred by a female domestic employed at his home, the strike gained great proportions today. In all parts of the city thousands of school children paraded the streets, tying up traffic at a number of busy points. Police reserves were called out to maintain order.

Late in the afternoon, when the demonstrations of the children had ceased, the Pittsburgh board of education held a meeting, at which a committee of seven prominent men was asked to investigate the various alleged charges of immorality against Superintendent Heeter.

Banners of all descriptions, some of them inflammatory, are in evidence all over the city. At a number of points during the day Heeter was hanged and burned in effigy.

Danger Almost Remote.

Memphis, Tenn., April 22.—With the river either falling or stationary at all points above Greenville, Miss., tonight, danger of additional breaks in the embankments north of that city is now considered remote. At Memphis the river fell two-tenths of a foot today. Greenville reported a fall of one-tenth. At Helena and along the White river front the river is practically stationary.

MR. JOHN R. TOLAR A "POLITICAL ORPHAN."

Mr. John R. Tolar, cotton manufacturer in this city and a large naval stores dealer in New York City, gave out the following statement in the Greensboro News of Sunday, April 20: "I am not in favor of a high protective tariff. I think a lowering of the present tariff will be helpful to the

country, but while I believe in a reduction, I do not favor in such a destructive tariff bill as the one now before Congress. As a cotton manufacturer I believe this bill would seriously cripple a majority of textile manufacturers in the United States and put many of them out of business, and this is a business in which there is no trust or combination, no huge profits, and scarcely 6 per cent. interest on money invested has been earned for the stockholders for the past four years on the average.

"When this industry is seriously injured as a competitor for the cotton crop of the South and the farmer is left largely at the mercy of the foreign buyer, he will certainly suffer. But with me this is not entirely a selfish proposition. The proposed bill seems to me a confiscation (after a period given them to prepare for death) for the beet and cane sugar growers, and I do not believe it is right to treat any body of good American citizens, who have helped to develop our country, as these men have, in such a cruel manner.

"I have been a Democrat all my life. I have swallowed a good many bitter pills for the sake of party regularity and could stand pretty severe doses yet rather than sever myself from a party I have loved so well, but when they set out to commit suicide and put poison to my lips and say drink or get out, I get out and become a political orphan. You may call it prejudice if you will, but great numbers of us remembering the years following the Civil War cannot go to the Republican party. The word 'progressive' is overworked, and in the minds of conservative men not opposed to real progress, it takes in as many radical thinkers as are today among the Democrats.

"I believe if the proposed bill is passed the Democratic party will split wide open, and a 'conservative' party should be organized that conservative men of all parties could support.

"There is no logical division of parties today. Sectional divisions are not for the best interests of our Southland. We can have better State governments by having two strong parties in all our Southern States."

Mr. Tolar has also written an article for the Baltimore Sun on the same lines, and the Christian Science Monitor of Boston has an editorial in its issue of April 18, in regard to Mr. Tolar's position on the tariff.

Heed the Cough That Hangs On.

The seeds of consumption may be the cause, and a cough that hangs on weakens the system. Foley's Honey and Tar Compound checks the cough, cleans the inflamed membranes and strengthens the lungs. E. D. Rountree, Stillmore, Ga., says: "Lagrippe left me a deep seated, hacking, painful cough which Foley's Honey and Tar completely cured." Souder's Pharmacy.
