

## THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

Muskegon, Mich.—"For six years I was so weak in my back at times that I could hardly walk. Lydia E. Pinkham's Vegetable Compound was recommended to me and it made me good and strong again so that I am able to do all my work. I highly recommend your medicine and tell everyone I meet what it did for me."  
—Mrs. G. SCHOONFIELD, 240 Wood Ave, Muskegon, Mich.

### Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

# FARM STOCK

## SCRUBS BEING CLEANED OUT

West Virginia Stockmen Making Vigorous Effort to Drive Out All Scrub Bulls.

Prepared by the United States Department of Agriculture.

West Virginia—largely regarded as a mineral-producing state—is on the war-path to increase beef cattle production and its output of dairy products by eradicating scrub bulls, which are primary offenders against profitable and progressive live stock husbandry. Within a few months parts of West Virginia where the campaign is most active expect to round out a clean-up which will eliminate the scrub bulls and leave the purebreds as monarchs of all they survey. The case of Roane county, W. Va., is an example of what West Virginia stockmen accomplish when they go over the top. The live stock specialists of the State agricultural college, the county agent and officers of the Roane county farm bureau have solidly backed up the scrub sires clean-up.

"Not a single man turned us down," remarked the live stock specialist in telling how the campaign to oust the scrubs was conducted.

"The first of the year our local stockmen made a declaration of independence against scrub bulls, and work was begun promptly in taking a thorough bull census. This investigation of sire ancestry showed that there were 200 bulls in the county, of which 102 were misfit grades and scrubs, while 98 were registered pure-breds. There were 57 registered Herefords, 28 registered Angus, and 13 registered Short-horns. Fortunately, the army of 102 grades and scrubs was not as formidable as it looked on the paper, because 60 of these low grade sires were yearlings. Furthermore, the census showed that there were only 30 men who actually made a practice of keeping a scrub bull."

By correspondence and personal contact with farmers the state live stock agent and the county agent waged the battle. These men toured the county day after day visiting the scrub bull owners, holding meetings, and requesting influential farmers to assist in relegating the scrub sires into the live stock scrap heap. In the main the scrub bull owners, once they learned the purpose of the campaign, and once

A Typical "Native" Scrub Bull, an Obstacle to Progress in Live Stock Improvement.

they appreciated the benefits which would result if they substituted purebred sires for the mongrels, were glad to dispose of their inferior herd-headers. Detailed figures showing the increased value of calves sired by purebreds over calves of scrub parentage were particularly convincing in gaining converts. Most of the scrub bull owners were prompt in admitting the error of their live-stock raising ways. The Roane county banks have aided the movement to replace poor bulls with good ones. Every bank in the county has offered to lend money at 5 per cent to farmers for the purpose of purchasing pure-bred sires as substitutes for their scrubs.

## HANDLE SHEEP WITH PROFIT

Good Drainage, Pasture, Some Shelter and an Interested Attendant Are Important.

The requirements of a farm where sheep can be handled with profit are good drainage, plenty of fresh pasture, land that will produce clover, alfalfa, cowpeas, or soy beans; a good water supply, fences that will keep sheep out of growing crops and furnish two or three fields for frequent change of pasture, a shelter that will protect the flock from cold rains, winds and storms, and an attendant who can give the flock interested and intelligent care.

## SWINE CONSUMED MUCH FEED

Devoured More Grain Than Cattle Last Year, Being Fed 50.3 Per Cent of Corn.

Swine consumed more grain than cattle last year in the United States, being fed 50.3 per cent of the corn, 10.8 per cent of the oats, 60 per cent of the barley, 29.1 per cent of the wheat and 41.5 per cent of the mill feeds fed to all farm animals.

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nausealess Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

And Save Shoe Leather. "Walk a mile before breakfast to get up an appetite," says a doctor. Thanks! Now we know how to keep down an appetite.—Boston Transcript.

## "CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. "Mother! You must say "California."—Adv.

A Sign. "Is this business a paying one?" "People must think so the way they are sending their bills in."

## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Just because a girl doesn't love a man is no sign she doesn't want him to make love to her.

## QUICK! STOP INDIGESTION

Pain in Stomach, Sourness, Gases and Acidity relieved with "Pape's Diapepsin"

Your upset stomach will feel fine! No waiting! When your meals don't fit and you feel uncomfortable; when you belch gases, acids or raise sour undigested food. When you feel lumps of indigestion pain, heartburn or headache from acidity, just eat a tablet of harmless and reliable Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin as an antacid. They know that most indigestion and disordered stomach are from acidity. The relief comes quickly, no disappointment, and the cost is so little too. Pape's Diapepsin helps regulate your stomach so you can eat favorite foods without fear.—Adv.

The welfare of this nation rests on a happy, contented and prosperous rural people.—McIntosh.

# DAIRY

## PUREBRED BULLS VS. SCRUBS

Early Rewards Clearly Indicated to Stock Raiser From Using Purebred Sires.

(Prepared by the United States Department of Agriculture.)

A few calculations in fractions indicate clearly the early rewards to the stock raiser from breeding with purebred sires instead of grade sires. The bureau of animal industry, which is sponsoring the nation-wide "better sires, better stock" campaign, calls attention to a series of diagrams issued in Wisconsin which show the progress of breeding native cows for five generations with purebred bulls, compared with five generations of breeding with grade three-fourths full-blood bulls.

After five or, in fact, any number of generations of such breeding, the calves are still less than three-quarters full blood, while if only purebred bulls are used, three-quarter bloods are produced in the second generation, and the calves of the fifth generation are thirty-one thirty-seconds full blood. The characteristics of the breed rapidly become fixed in a stock in which only purebred sires are used, while after any number of generations of breeding to three-quarter-blood sires the characteristics of scrub stock still frequently appear. A three-quarter-blood bull is much more likely to transmit unfortunate characteristics which are not visible in himself than

Booth at National Dairy Show at Chicago Devoted to the "Better Sires, Better Stock" Campaign.

a pure-blood bull. A single bull of this sort may undo the work of years of selection in building up a herd. The conclusion is that in grading up live stock, only purebred sires of good quality should be used.

## GOSPEL OF BETTER FENCES

Novel "Drive" Inaugurated for Improvement of Farms, Both in Value and Appearance.

(Prepared by the United States Department of Agriculture.)

With a view to effecting a practical improvement in the value and the appearance of the farms, a five-day "buy-a-fence" campaign was recently conducted throughout the rural districts of Mississippi. This novel "drive" was joined in by local representatives of the United States department of agriculture and the state agricultural college, and other organizations and agencies. Elaborate plans for promoting the campaign were worked out in advance, including the organization in each county of committees whose duty it was to spread the gospel of better fences. The big saving to forage crops resulting from better fences was pointed out, likewise the labor saved in caring for live stock to prevent overfeeding. An appeal was also made for fields and homesteads that appear well cared for.

Good as were the immediate results of the campaign, it is believed that the permanent benefits will be equally large, in that it concentrated attention on the fence question and is expected to promote greater interest in this important feature of farm improvements.

## FAVOR CALVES BORN IN FALL

In Spring They Are Sufficiently Grown to Take Care of Themselves—Make Good Growth.

Calves born in the fall can be grainfed and properly cared for and when grass is ready to be pastured in the spring they are sufficiently grown to take care of themselves. They thus have an opportunity to make a good growth the first year, which is very essential in rearing a high-producing dairy cow.

## DAIRY BULLS VERY NERVOUS

Unlike Sluggish Beef Breeds They Are Active, Alert and Cannot Be Depended Upon.

Bulls belonging to the dairy breeds are usually more nervous than are the bulls belonging to the beef breeds. The latter are more sluggish. The dairy bull is active, alert and cannot be depended upon.

# Will Not be One Day Without PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Borman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

Tablet or Liquid. Sold Everywhere.

## Mothers — Know what you give your children.

The open published formula appears on every bottle of

# MRS. WINSLOW'S SYRUP

### The Infants' and Children's Regulator

Senna—a prompt, efficient vegetable cathartic. Sodium Citrate—an effective regulator of the bowels—used frequently with other ingredients by learned doctors in treating colic and diarrhoea.

Rhubarb—a rejuvenator of digestive action. Sodium Bicarbonate—highly valuable in treating severe gastric indigestion in children.

Oil of Anise, Fennel, Caraway, Coriander, Glycerine, Sugar Syrup, all of which help to make this formula the very best that medical skill can devise. If it were possible to improve this formula it would be done regardless of the fact that a bottle of Mrs. Winslow's Syrup now costs twice as much to make as any other similar preparation. Yet it costs you no more than ordinary baby laxatives.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs. This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood. Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood. If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

"Be ready to accept responsibilities when they come to you."

## DYED CHILD'S COAT AND HER OLD SKIRT

"Diamond Dyes" Made Faded, Shabby Apparel So Fresh and New.
