

AFTER 6 YEARS--STILL WELL

Now Strong and Hearty Though Case Looked Hopeless

"Six years ago I was in awful condition," says E. K. Chase, 36 E. Cross St., Ypsilanti, Mich. "My family was told I couldn't live more than two months. I was in constant pain from the uric acid and was so bad with rheumatism my legs seemed all drawn up. My back never stopped hurting. The kidney secretions were held back until only a few drops came, and I bloated until I thought my skin would burst. My legs were twice their normal size. The water seemed to fill my chest and press against the heart. For three months I never moved out of the chair and I choked and gasped for breath like a dying man. All the doctoring failed, and my weight went from 185 to 125 pounds. Doan's Kidney Pills saved my life. Eleven boxes cured me of every complaint. I have been well six years and able to work as hard as any man."

Sworn to before me. FLOYD E. DAGGETT, Notary Public. Get Doan's at Any Store, 60c a Box DOAN'S KIDNEY PILLS FOSTER-MILBURN CO., BUFFALO, N. Y.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

It's natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery. Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists. Give it a trial.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and healthful recreation. All druggists—75 cents.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

FRECKLES POSITIVELY REMOVED BY Dr. Berry's Freckle Ointment—Yong Druggists or by Freckle Cream, Dr. C. C. Barry Co., 297 1/2 Michigan Avenue, Chicago.

Clear Baby's Skin With Cuticura Soap and Talcum Soap 25c, Ointment 25 and 50c, Talcum 25c.

Coughing is annoying and harmful. Relieve throat irritation, tickling and get rid of coughs, colds and hoarseness at once by taking PISO'S

PREPARATIONS FOR GREAT BOND ISSUE

ALLOTMENT OF THE PROCEEDS TO BE BASED ON MILEAGE POPULATION AND AREA

NEW DEPARTMENT IS CREATED

Interest on \$50,000,000 Issue Will be Paid out of State Automobile Licenses as Far as Possible

Raleigh.

A summary of the bill to be introduced at the special session of the legislature this summer, providing the manner of allotting the proceeds of the proposed \$50,000,000 issue of bonds for hard surfaced highways, was made public by Col. T. L. Kirkpatrick, president of the Asheville-Charlotte-Wilmington highway association, who framed this measure and its companion authorizing the issue.

The allotment of the proceeds will be based on the population, area and mileage of roads of each county connecting county seats.

All proceeds of the proposed bond issue will be expended under direction of a state highway department, created by the bill, which will consist of three members, giving their full time. This department will be required to pass upon all estimates and programs of the various counties. First authority will be given for the construction of roads which will connect the principal towns and villages from county seat to county seat by the most practicable and direct route.

Woman Would be Notary

Miss Mattie Higgs, of Raleigh, has filed an application with Governor Bickett for the "office" of notary public to be considered immediately upon the ratification of the Susan B. Anthony amendment by the required thirty-six States.

"In the event that Mrs. Nolan Knight applies for before that date," Miss Higgs wrote, "I do not wish to take precedence over her application. Mrs. Nolan Knight, of Asheville, was the first woman notary appointed in this State under act of the General Assembly of 1915, and the appointment was nullified by the Supreme court.

New Flu in Only Two Counties

Only two counties in the State are continuing to report influenza, and health authorities believe that the last of the epidemic has been seen until next fall when a recurrence is expected. Counties reporting were Davidson with 17 cases and Wilson with eight. Many counties have reported that the epidemic is definitely over.

Conway's Band is Coming

Pat Conway's band and soloists, a musical organization of international fame, has been booked as the feature attraction of the Carolina Automotive Exposition in this city April 12-17. The management of the big motor exhibition considers itself very fortunate in booking this musical attraction.

Cat Leads the Way

Grangemouth, Firth of Forth, Scotland.—Nine men of the crew of the American cargo steamer Lake Eliko, were saved from drowning recently by the instinct of the ship's cat to swim toward the steamer in a storm and darkness when their small boat floundered at midnight between the ship and the shore. John Shortne, 33, a sailor, of Marlboro, Mass., and G. M. Stroud, 17, messroom boy, of North Carolina, were drowned.

No Equipment from U. S.

Washington, (Special)—North Carolina is one of the few states that have not secured any of the material or equipment for the construction of roads under the act of February 20, 1920. Twenty states received 20-ton tractors. 11 15-ton tractors and 14 five-ton tractors. Tennessee received 40 20-ton tractors.

70,000 New Citizens

During the year 1919 there were 69,791 little Tar Heels ushered into the world, the mountain section of the state leading in percentage. Clay county claims the banner with 41.4 per hundred thousand, while Currituck is 11.6.

Mecklenburg shows 21.7; Cabarrus, 31.2; Davidson, 30.4; Gaston, 32.7; Union, 26.9; Iredell, 26.6; Lincoln, 29.3; Cleveland, 33.3. Wake's percentage was 29.6. The other counties in the state show a gradually decreasing proportion.

College Enrollment Large

The enrollment at State College for the current year has established a new high mark in attendance at the State's technical institution. A tabulation of the registration by courses shows that 1,046 young men are preparing themselves for industrial pursuits.

This is the largest enrollment in the history of the college. The Freshman class of 367 is larger by 42 per cent than any other incoming class.

Value of Our Farm Lands

Market values of farm lands in North Carolina, particularly in those sections where tobacco is grown, have advanced tremendously in price during the past year, according to a bulletin issued by the Co-operative Crop Reporting Service, some of it bringing as high as \$500 per acre. Lands everywhere have shown enhanced values and there is a demand for farm lands that has never been equaled in the State's history.

The unprecedented demand and the unprecedented prices that are paid for farm land is not surprising to the director of the service in view of the prices that have been received for tobacco and other farm products this year. Many tobacco farms, particularly in the bright tobacco belt of the eastern counties, average upwards of \$1,000 per acre last year. This year there promises to be an increased acreage of tobacco. Many hundreds of acres of new lands will be opened up and planted in tobacco.

Although tobacco lands lead in the high prices, there has been an advance in the market value of all farm lands. Cotton and corn land in the southern and central section of the State has advanced, and in Scotland and Roberson counties, the main cotton growing counties farm lands are selling at \$300 and \$400 per acre.

Simmons in The Limelight

Washington, (Special)—Senator Simmons is holding the limelight on the German peace treaty. His pluck, persistency and good sense in dealing with the unusual situation in the senate is attracting nation-wide attention and admiration.

College Base Ball Schedule

The North Carolina State college base ball schedule announced by Manager R. P. Stacey, calls for 24 games, with 11 contests scheduled on foreign soil.

In addition to the usual games with other North Carolina institutions, state will play the Baltimore "Orioles" at Goldsboro and Raleigh and Yale, Maryland States and the University of South Carolina at Raleigh.

Physician Breaks the Law

For failure to comply with provisions of state vital statistics Dr. Henderson Irvin, of Eureka, Wayne county, was convicted in court, at Fremont in two cases, and fined \$15 in addition to costs of \$7.50.

Dr. Irvin had persistently refused to file birth certificates in cases where he had been the attending physician.

Judge Council Secure License

Washington, (Special)—W. B. Council, of Hickory was sworn in to practice in the supreme court. He will appear in the case of Kenneth B. Steer, trustee, against W. W. Beatty, et al.

Soldiers Identification Cards

Former service men, holders of Uncle Sam's War Risk Insurance have received from the Bureau of War Risk Insurance an identification card bearing their names and insurance number, for ready reference, such as they carried while in the service.

This card will enable the men to give their correct insurance number serves for identification in case of sickness or accident when communicating with the Bureau of War Risk Insurance.

Many of these cards are being returned to the bureau by former service men, instead of being retained. The director requests all former service men who received these identification cards to keep them.

Smithfield Sale of Hogs

North Carolina hog raisers from nine different communities bought most of the registered Poland Chinas sold at Raleigh by the American Poland China Record Association on March 9, although livestock men from South Carolina, Georgia, and Florida were on hand and took some of the animals offered.

Thirty-three head were sold bringing in a total of \$3,572.50.

320,000,000 Pound Tobacco Crop.

The season's tobacco sales, estimated by the Co-operative Crop Reporting Service, reported in December as 310,000,000 have already gone over 311,600,000 pounds, according to figures compiled by Mr. Frank Parker, head of the reporting service. The estimates of those failing to report make the total 314,676,000 pounds and the final total is expected to run close to 320,000,000.

"During February there were seventy-three warehouses operating on twenty-one markets in counties.

State School Conference

To give representative citizens an opportunity to confer with teachers and other school officials on the education of the children of the State a conference has been called to meet at the North Carolina College for Women May 4 and 5. The call for the conference was issued, at the request of Dr. E. C. Brooks, State Superintendent of Education, Governor T. W. Bickett, and other prominent citizens of North Carolina. It is one of a series of conferences by the United States Commissioner of Education.

MANY MILLS MAKE VERY MODERN CITY

KANNAPOLIS HAS MADE RAPID GROWTH THROUGH TEXTILE AND OTHER ENTERPRISES

THE LARGEST TOWEL FACTORY

The Cluster of Twelve Mills Which Made a City in a Few Years is the Cannon Manufacturing Co.

Kannapolis.—Perhaps no industrial community in North Carolina has experienced a more rapid growth during the last few years than Kannapolis. About 12 years ago, one small cotton mill was erected here. Today we have a cluster of mills known as the Cannon Manufacturing company, who have the distinction of being the largest manufacturers of towels in the world. Another large mill company is the Cabarus Mills company. They manufacture a heavy fabric used in the making of automobile tires. When this addition is completed the plant will extend many hundred feet back from the Main street.

Two of the newest and most imposing structures in the town are the Mary Ella and Cabarrus halls. These buildings are modern in every detail. The Mary Ella will accommodate more than 200 people and the Cabarrus about 80. They were originally intended as homes for the female operatives of the several mills. They later decided to take in men as well as women. The two buildings are rapidly filling up and are the social centers of the town.

Wendell.—The Wendell Spinning Company's plant, one hundred bales of cotton and one dwelling house were completely destroyed here, entailing an estimated loss of \$100,000, partially covered by insurance.

Raleigh.—Five miles of hard surfaced highway between Raleigh and Garner, the first to be built in Wake county under the supervision of the State Highway Commission, passed the final inspection of Vernon M. Peirse, division engineer of the Bureau of Public Roads and was accepted as completed.

Lumberton.—The new county fight is already being waged in "the State of Roberson." New county advocates have nominated a ticket, the candidates being it is said in favor of dividing Roberson into three counties. The two new counties would be known as "Liberty" and LaFayette.

Winston-Salem.—Seven capital cases are on the docket to go on trial at the term of the superior court. Six of these are for murder and one for burglary. There are nine defendants in these seven cases. In addition there are no less than 20 highway robbery cases on the calendar.

Kinston.—The largest portable asphalt mixer in the United States has arrived here to prepare the top coating for Lenoir county's concrete-asphalt roads, now being built on all sides of the city. The machine is to be set up a short distance beyond the northeastern corner of the city.

Sanford.—At a union meeting of the Presbyterian, Methodist and Baptist congregations of this city at the Methodist church, Chaplain W. S. Golden delivered certificates of honor awarded by the French government to the families of those who died in the service in France during the World War.

Washington, (Special)—The steering committee of the house has put its ponderous foot on the Weaver bill for a fish hatchery and a forest experiment station in western North Carolina. The people of the mountain region have been clamoring for these things and Representative Weaver is trying to get them, but the conditions made it impossible.

Divorces to Feature Court. Lenoir.—Special term of court has been called for Caldwell county for week beginning April 5 for trial of both criminal and civil cases with Judge Adams presiding.

This term is called for trial of all cases that were docketed for trial at the February term which was called off on account of influenza. Criminal cases are calendared for the first four days of the week. These are to be followed by civil cases, of which divorce cases make up a great majority.

Killed by Fall From Horse. Fayetteville.—Mrs. John W. Cross, of New York city, met with a fatal accident near Manchester, when in some manner unknown to her friends she lost her balance and fell from a horse.

P. A. Rockefeller, of New York city, a nephew of John D. Rockefeller, was a little in advance of Mrs. Cross when the accident happened. Rockefeller's opinion is that Mrs. Cross was thrown from the horse by reason of some quick movement on the part of the animal.
