Cuticura Soap shaves without mug. Everywhere 5c.

ALL WRONG WAS HER LIVER

Before Taking Black-Draught,
Missouri Lady Was Troubled
With Constipation, Head-
ache and Bad Taste
in Mouth.

Grandin, Mo.—Mrs. Susa Brooks, of
this place, writes: "Some time ago
I was in a bad fix, with stomach and
liver trouble. I did not feel good at
any time. I was very constipated,
and had headaches from this condi-
tion, and had a continual hurting in my
stomach, and bad taste in the mouth.
Could tell my liver was all wrong.

"I had known of Black-Draught, so
decided to try it myself. I began with
a large dose or doses, gradually get-
ting to smaller doses. It regulated my
bowels, relieved me of the hurting in
my stomach, cleaned off my liver and
made me feel like a new person."

If you get up in the morning feeling
as tired as you did when you went to
bed—achy, coated tongue, bad taste in
mouth, sallow complexion—then your
liver has not done its full duty, and
your system has absorbed the poisons
which your liver should have taken
away.

An occasional dose of Theford's
Black-Draught will help this impor-
tant organ to function properly.

Get a package of Theford's Black-
Draught liver medicine today.

Druggist sells it, or can get it for
you.—Adv.

Liquid Gymnastics.
Electrician—Sh! Keep it on the
Q. T., but 'tis rumored that Fall-
harde, our new acrobatic comedian, is
hard at work trying to dope out a new
scientific substitute for beer.
Props—Ah, I see! Trying to figure
out how many hops it takes to make
a kick, eh?—Film Fun.

SLIGHT TENDENCY TO LOWER PRICES

THE UNDERLYING CONDITIONS
RESPONSIBLE FOR H. C. L.
REMAIN UNCHANGED.

WAGES FALL BEHIND ADVANCE

The Movement of Labor From Farm
to City Continues—Various De-
mands for Higher Wages.

Washington.—Despite recent reduc-
tions in prices, little relief from the
general reign of high prices is seen
by the federal reserve board, in its
analysis of May business conditions.
The board expressed the view that
there has been no change in the un-
derlying conditions responsible for
the high cost of living.

Asserting that while "store sales"
and a tendency to lower prices bear
witness to the presence of "disturb-
ing factors" which suggest the ad-
vent of wide alteration in price lev-
els, the board declares it cannot
accept the situation as a whole for
its face value. The explanation is
added that there has been only a
slight increase in production.

"Wages apparently have fallen be-
hind the advance in prices and the
cost of living," the statement
continues. "The movement of la-
bor from farm to city is contin-
ing. Various demands for higher
wages have been taken under advise-
ment."

North Carolina Aviator Reported
Captured by Bolsheviki is Safe

Warsaw.—Lieutenant Harmon C.
Rorison, of Wilmington, N. C., the
pilot in the Kosciusko aerial squadron
who previously had been reported as
missing, is safe, according to word
from the front.

Five National Conventions Have
Been Held in Chicago Coliseum.

Chicago.—The Chicago Coliseum,
where the republican national con-
vention of 1920 will be held, beginning
June 8, has a history rich in political
interest. Five national political
conventions have been held within its
walls.

Monument of Abraham Lincoln to
Be Unveiled in London in June.

London.—St. Gaudens' monument of
Abraham Lincoln, which has been
presented by the American people to
the British people, probably will be
unveiled in June, on the site given by
the government in the Canning en-
closure, Westminster.

Eugene Debs, in Federal Prison,
Accepts Nomination for President.

Atlanta, Ga.—Clad in prison denim,
Eugene V. Debs accepted the socialist
nomination for President of the United
States, formally tendered to him
by a committee from his party. The
ceremonies took place inside the At-
lanta federal penitentiary, where
Debs is serving a ten-year term.

South Americans Would Have
Monroe Doctrine Clearly Defined.

Valparaiso.—A Pan-American con-
gress of "internationalists," con-
voked by leading journalists of North,
South and Central America, whose
duty, it would be to define the mean-
ing and scope of the Monroe doctrine,
is proposed by Juan Ignacio Galves, a
Chilean publicist.

President Pardons the Woman Who
Compared Women to Brood Sows.

Washington.—President Wilson
commuted to expire at once the five-
year sentence imposed on Mrs. Kate
Richard O'Hara of St. Louis, who was
sentenced April 14, 1919, to the fed-
eral penitentiary at Jefferson City,
Mo., for a violation of the espionage
act. She was accused of having, in a
speech at Bowman, N. D., compared
mothers who allowed their sons to be
come soldiers to "brood sows."

Virginian is Elected President
of the American Peace Society

Washington.—Representative A. J.
Montague of Virginia, was elected
president of the American Peace So-
ciety at its annual meeting here. The
society endorsed the action of the
council of the league of nations for
establishment of a permanent court of
international justice.

Paul S. Reinsch, former minister to
China, declared that China should be
left free to effect her reorganization
according to her "inner needs."

Disobedience Cost Striking Clerks
Favor of the Federation of Labor

Macon, Ga.—Some of the general
labor chairmen who attended confer-
ence with Central Georgia officials
stated that their reason for refusing
to aid the striking clerks was due to
the fact that the clerks had violated
the laws of labor.

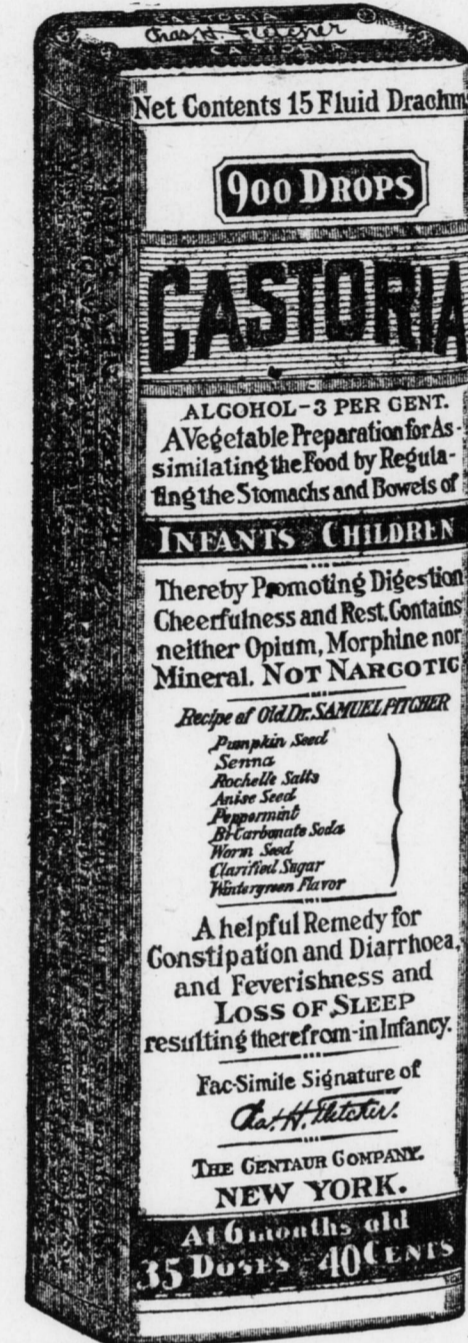

The clerks, it was stated, asked for
a conference with railroad officials on
May 25, and then called the strike on
May 17. General Chairman Thomas is
said the have confirmed this.

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? sure it does else you're not human. Being human you love them. Their very helplessness makes you reach out in all your strength to aid them. In health there's no flower so beautiful. In illness there's no night so black.

Save them then. Use every precaution. Take no chance. When sickness comes, as sickness will, remember its just a baby, just a child and if the Physician isn't at hand don't try some remedy that you may have around the house for your own use.

Fletcher's Castoria was made especially for babies' ills and you can use it with perfect safety as any doctor will tell you. Keep it in the house.

Children Cry For

Fletcher's
CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy: why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signa-
ture of Chas. H. Fletcher and perfection in the product are synonymous.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

If it were not for cold storage, most city people wouldn't get chicken at all. A rabbit's foot in the pocket may promote peace of mind, but you can't lean on it. A girl throws herself at a man, and later her mother speaks of it as a good catch.

Will You Be One of Those to Share the Profits of the American-Southern Motors Corporation?

The AMERICAN-SOUTHERN MOTORS CORPORATION of Greensboro, N. C., will soon be in full manufacturing swing, with every department of its big Greensboro plant engaged in turning out a steady stream of AMERICAN Balanced SIXES.

These cars will be built by Southern mechanics in a Southern factory, for sale to Southerners—and every car turned out will mean profits brought in, to Southern Stockholders.

American-Southern Motors Corporation

(A NORTH CAROLINA CORPORATION)

\$1,250,000.00

8% Cumulative Participating Preferred Stock

250,000 Shares Par Value \$5 Per Share Dividends Payable Semi-Annually

Are you going to share in the earnings of this—the first really great Southern motor car industry? You have heard of the tremendous earnings of the Automotive Industry in the North. Now you have a similar opportunity for realizing large returns on your initial investment in this great Southern enterprise.

An unequalled motor car at its price, backed by men who have achieved success in the automotive and other lines of business—all, with the exception of two, being Southern business men—and a product, the output of which is oversold for the first 12 months, tell the story of the potential success which awaits the AMERICAN-SOUTHERN MOTORS CORPORATION and those who invest their money in it.

These shares of Preferred Stock, drawing 8% interest, share equally with the Common in the earnings of the Company. This is an unusual arrangement, which gives you all of the advantages of a Common stockholder, with all the advantages of a Preferred stockholder. It is a rare investment opportunity, such as comes to most men but once in a lifetime.

Investigate—or, if you are satisfied that this AMERICAN SOUTHERN MOTORS CORPORATION Stock is the most brilliant investment opportunity ever offered Southern investors, send in your check for 25% of the total price of the amount of stock you wish to reserve. You will thus be sure of obtaining this stock, which is being offered for a limited period only and will be withdrawn at any time the issue is fully subscribed. This may be any day. Therefore, get in on the ground floor by immediate action.

For more than Forty Years Cotton Growers have known that POTASH PAYS

More than 11,651,200 Tons of Potash Salts
had been imported and used in the United
States in the 20 years previous to January,
1915, when shipments ceased. Of this
6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a
plant food and a preventive of blight and
rust,—with it came also 1,312,400 Tons of

20 per cent MANURE SALT

which has the same effects on Cotton, but which
was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have
been resumed but the shortage of coal and cars and
high freight rates make it more desirable to ship
Manure Salt, which contains 20 per cent of actual
Potash, instead of Kainit, which contains less than
13 per cent actual Potash.

MANURE SALT can be used as a side dressing
on Cotton in just the same way as Kainit and will
give the same results. Where you used 100 pounds
of Kainit, you need to use but 62 pounds of Manure
Salt, or 100 pounds of Manure Salt go as far as 161
pounds of Kainit.

MANURE SALT has been coming forward in
considerable amounts and cotton growers, who can-
not secure Kainit, should make an effort to get
Manure Salt for side dressing to aid in making a
big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward
also,—100 pounds of Muriate are equivalent to 400
pounds of Kainit or 250 pounds of Manure Salt.

These are the three
Standard GERMAN Potash Salts
that were always used in making cotton fertilizers
and have been used for all these years with great
profit and without any damage to the crop.

The supply is not at present as large as in former
years, but there is enough to greatly increase the
Cotton Crop if you insist on your dealer making
the necessary effort to get it for you.
