Notable Concert Company Coming at Chautauqua

THE GREENFIELD ORCHESTRAL QUARTET

The Greenfield Orchestral Quartet will be a premier feature of the coming Redpath Chautauqua here. Each member is an artist of outstanding individual attainments, while ten years of playing together have given to the Quartet a perfection of ensemble playing rarely attained.

Max Greenfield, violinist, saxophonist and manager, has been associated with the orchestra of the Chicago Civic Opera Company, and with the St. Paul Symphony Orchestra.

Edith Greenfield, violinist, recently won first prize in a concert conducted by the Chicago Artists' Association. She has appeared extensively in recital and concert, notably in New York and Chicago, and has scored distinctive successes always. She was a pupil of the renowned Leopold Auer, who also taught Elman, Heifetz and Zimbalist.

Mollie Greenfield, pianist, has also a goodly number of New York and Chicago appearances to her credit in the course of many recitals and concert engagements the country over. She has been soloist with the Chicago Philharmonic Orchestra.

I. Greenfield, clarinetist, saxophonist and bass viol artist, has, like the other members of the Quartet, an exceptionally successful record of appearances.

With first-rank artistry the Quartet presents classical and semi-classical ensemble selections, varying with popular numbers.

RESOLUTIONS ADOPTED BY SANDY RUN ASSOCIATION

Resolutions Against Modernism and Evolution by the Shiloh Baptist Church of the Sandy Run Asso.

Inasmuch as there is a great effort on the part of modernism in this state to belittle the Bible and men deny its plain and infallible statements, we, the members of the Shiloh Baptist church, deem it wise to make it known publicly in the following resolutions our loyalty to the Bible and our perpetual aim to stand in the forefront in opposing all schemes and propaganda espousing modernism or evolution.

Resolved: First, that we believe the record of creation in Genesis is literal facts and not mere poetry.

Resolved: Second, that we believe the Bible to be divinely inspired; that it is not ordinary literature on a level with the literature productions of men; that the very words themselves as originally given were inspired as well as the substance of thought.

Resolved: Third, that we believe in the Virgin Birth of Jesus Christ; that He had God for His Father and that He is not a mere product of evolution bearing the shame of being an illegitimate child.

Resolved: Fourthly, that we believe in the Blood Atonement of Calvary; that Christ died to save a lost world and apart from Him there is no salvation.

Resolved: Fifth, that we believe all the miracles of the Bible and especially emphasizing our implicit belief in the miracle of the resurrection of our Lord Jesus; and that His resurrection was not merely spiritually but physical and literal as stated in the New Testament.

Resolved: Sixth, that we will "contend for the faith" of our Fathers as enjoined upon by inspiration; that we will refute, deny and repudiate all forms of the apostate, heretical, infernal doctrine of evolution.

Resolved: Seventh, that these resolutions be given broad publicity both in the secular and religious press.

Done in regular conference, this the 15th day of May, 1926.

A. S. JONES, Church Clerk.
A. G. Melton, Moderator.

Reliability

Means Something in This Store

Your child can shop here with the same assurance you can.

First: Because our goods are reliable.

Second: Because our prices are reliable.

We never mark a \$3.95 shoe \$6.95 and then cut the price to \$4.45, trying to make you think you have gotten a bargain.

Such a policy is not right nor is it sound merchandising.

Every article in this store is marked at its true value, and there is no attempt to fool you with a price tag.

From its very beginning we have tried to operate this store on the principle of "Fair Dealing," and we expect to continue to do so. We cling to the principle that if "We Sell it, it Must Be Sold Right."

As the Farmer's Bank would say, "We are seeking new business on our record."

Do You Owe One Doctor ---and Call Another?

No law can force you to stick to any one doctor.

You can change as often as you wish—or as often as you feel that a change is desirable. Of course you will not switch physicians without a substantial reason.

But the meanest trick of which a human being is capable is that of transferring from one doctor to another to avoid paying a bill.

The doctors know what is going on. Both the one you left and the one you went to know why you did it. They have seen it happen before.

But honest folks don't do it—until they have paid the first doctor—in full.

They realize that the physician they first called has done his best, regardless.

And honest folks have the courage to tell their present doctor the truth about their financial condition—they have the moral cour-

age to come out with facts.

They do not resort to tricks—switch doctors to avoid paying.

Remember, your doctor comes when you want him. He drops everything and rushes to you or your dear ones when danger threatens.

He expects his pay, just as the butcher or grocer expect their pay.

But when you play the sneak—go to another physician—and avoid the first doctor—you are not a man.

The new doctor you engage is in touch with all other doctors—and the new one you engage is going to fear that you will play the same "dodging" game on him.

Be square, straightforward and courageous. Tell the truth. Your doctor will respect you for it.

Every Doctor in town will see this—as you read it. If you pay them what you owe, they will know you are honest. If you do not you know what they will think!
