

## HUNTING TROUBLE

An acquaintance of ours from Ellenboro, was arrested for driving 70 miles an hour, and in answer to the judge's question as to the reason for such speed exclaimed: "My wife had decided to go back to her folks and I wanted to get her there before she changed her mind." We've not changed our mind one bit about ours being the best place to buy your groceries. Continual commendation from critical housewives convinces us the popularity of our groceries must be deserved.

## ARMISTICE DAY

Eight years of peace and prosperity—yet still fresh in the minds of all remain solemn, reverent thoughts of those bitter years before the Armistice, when lives were sacrificed in the Cause of World Democracy and Lasting Peace.

As suddenly as they began, the cannon's fierce roar was stilled—the flames of hate and fury were quenched and the blood red clouds of the most titanic struggle the world has ever known rolled away.

November the Eleventh is Armistice Day—the birthday of a universal peace.

Let us celebrate this day—in a fitting way, let us rejoice, but let us not forget our fallen sons who gave their all, that you and I might live in peace, harmony and happiness.
