BAPTIST CHURCH NOTES

A large and attentive audience enjoyed the fine and practical sermon of the pastor, Rev. R. P. Smith, Sunday morning, the special theme being "Fellowship With God, Who is Love." It was based on the third and fourth chapters of First John. With Bible in hand, Rev. Mr. Smith spoke very impressively of the intense love of God towards us—our love for Him and the cultivation of love to our fellow man.

At the close of the service, Mrs. R. E. Carpenter came forward to unite with the church.

Mr. Jessie Lancaster did wonderfully well in playing the beautifully toned pipe organ. His manner of touch was enjoyed quite as much as that of those who have had years of experience.

A warm invitation is extended to all ladies 45 years of age and upward to attend the Dorcas Bible class at the Baptist church. We are organized. We have a lovely and comfortable room, if you are a visitor in town on Sunday morning, come, we need you. We want you to study the lesson with us. Mrs. P. R. Greene teacher, Mrs. Watkins, president.

BIG SALE IS DRAWING CROWDS

Cliffside Mills Store and Haynes Store No. 1 Crowded With Eager Purchasers.

The great sale, starting at Cliffside Mills Store and Haynes Store No. 1, November 3, has been a pronounced success from its very inception. Large crowds are daily crowding these two stores to take advantage of the great buying opportunities being offered.

Mr. L. P. Coe, popular and efficient Kelley salesman, who so successfully conducted one of the biggest sales ever held in the county at these two stores last year, is again "on the job," and has been meeting with the success expected. Various things go into the success of this sale, chief of which is the great values being offered augmented by the popularity and confidence held by the public in these two large stores.

Here is what they say in their advertising:

"Here we are—right in the heart of the fall and winter season—when merchants are getting good profits, but we are offering our entire stocks of fall and winter merchandise at cost, below cost and a trifle above cost in some instances—Expect the spectacular for we are prepared to outdo all competition. We are prepared to give the biggest values, dollar for dollar, ever placed before you. The purpose of this sale is to aid those thousands of homes that must count the dollars and spend them wisely. This is the public's sale. To help you, everyone, to get winter things at the very beginning of the season.

"A word to the wise is superfluous."

Two page ads in this issue of The Courier will be worthy of your attention, and give you some idea of the magnitude of this great sale.

About Your Health

by John Joseph Gaines, M. D.

BREAD

In the face of the fact that bread is best for human nourishment, our ingenious cooks seem to revel in an orgy of invention, to pervert, so far as humanly possible, the "staff of life" in its divine mission, by adding to it every foreign ingredient they can think of.

Sugar added to bread mixtures is, perhaps one of the greatest abuses; it renders the loaf more tempting to appetites that are too often depraved at the start—inducing the eater to take entirely too much of the combination. Too great variety in bread-stuffs is damaging for the same reason. I once ate a reunion dinner in California; there were five kinds of bread on the table. To not partake of each kind was to blunder unparadonably before the amiable hostess.

The American appetite in continually calling—it may be reckoned as one hundred per cent efficient; it needs no stimulation by the many seasonings and compliments within too easy reach of our culinary artists. I believe one-half of our serious diseases could be gotten rid of, by enforcing rigidly 'plain diet' at all times. Let us commercialize our stocks, bonds, industries, real estate, but never our food! I do not believe in the offering of prizes for the most highly-seasoned can, carton or dish.

Our list of digestive disorders is growing right along with the inventive genius of our cooks. We are far beyond the safety-zone already.

In bread, we have converted a staunch friend into a deadly enemy, by adding to it the things that bring ill health.

"I asked you for a hundred and you only sent me ninety. What's the idea?"

"I held out the extra ten for postage stamps to use when asking you for payment."

One reason why there is so many fool things going on in this country is that most men prefer a good look to a good book.

Pay your subscription to this journal of progress this month and be thankful next month that you won't have to repeat the act for eleven months.

We are very glad to have one of our seniors, Mollie Scruggs, back in school after two weeks' absence.

The basketball boys are waiting anxiously for their new suits to come. A very interesting chapel program was rendered Thursday morning. Mr. Hornbuckle conducted devotional exercises, then George Head gave a very interesting talk on the improvements accomplished by the student council.

Miss Aileen Phillips, of Forest City, spent the week-end with Miss Ethel Robinson.

Misses Josephine Heyward and Zula Bell Webb were joint hostesses at a Halloween party last Friday evening, given at the home of Miss Webb. The home was decorated with bright colored autumn leaves, and festoons of black cats, witches and spoons. Several games and contests were enjoyed, after which delicious candy and apples were served to the guests.

Halloween Party.

The Halloween party given at the Henrietta-Caroleen high school building by the Junior class Saturday evening, October 30, was attended by a large number of people.

The halls were appropriately decorated in autumn leaves and festoons of black and orange paper with black cats and witches all about. Grinning jack-o-lanterns peeped from every dark, spooky corner. Two attractive booths were placed in the lower halls, one for the fortune teller, Madam Kansea, and the other for the sale of favors and candy. Miss Sarah Colvin dressed in most clever Halloween costume, presided in this booth. James Mahaffee and Paul Neal as Halloween spirits, kept the guests moving from one attraction to another. In one room upstairs the Hawkins Bros. gave a first class circus and boxing match, with Reid McFalls as Tunney and Earp Hicks as Dempsey. In another room Misses Velnor Hawkins and Mary Sparks entertained with music, bobbing for apples and many other games.

In the basement was the chamber of horrors, with Bluebird's wives, an

Egyptian mummy and the ghosts with cold, clammy hands.

When the guests were tired they were invited into the auditorium, where they were entertained by the following short program:

The Origin of Halloween—Paul Neal.

Play: Macbeth's Fortune—Eighth Grade.

Reading: The Elf Child—Millie Lou Wilson.

Reading Medley: Haunts—Eighth Grade Boys.

After the program a short beauty contest was held, the prize, a box of candy, going to Miss Ruth Robertson. Then a shadow auction was conducted with Orell Blanton, as auctioneer. The two highest boxes were sold for three dollars each.

Then delicious refreshments, consisting of hot tea, and many kinds of

sandwiches, were served by Misses Ethel DeBrule and Estelle Kiser.

Friday the debating club was organized as follows:

Orell Blanton—President.

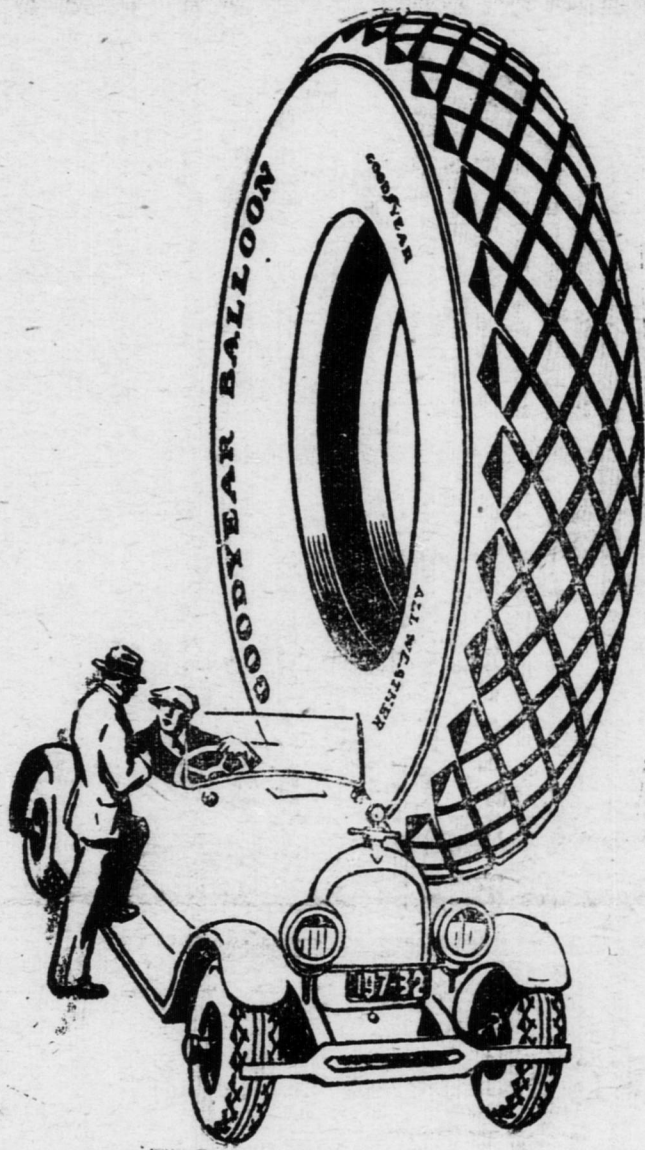

Russell Shybles—Vice-President.

Chester Rutledge—Secretary and Treasurer.

Robert Spratt—Critic.

George Head—Chairman Program Committee.

The debating will consist of debating on the present day subjects that are discussed very much. One object of the debating club is to produce boys and girls who can stand before a body of people and express their thoughts. This is one of the things that the schools of today take least interest in, but Henrietta-Caroleen high school is taking a great interest in this work.

Save Your Money-- Buy Goodyears

You may have a barrel of money. We hope you have. But we can't give you one cent's worth more of dollar-for-dollar tire value than the man of modest means can get in a Goodyear Tire today. The fact is Goodyear quality is now within reach of all. That's what comes of building the best of tires and pricing them low.
