MORE NEW HATS

Have Arrived For This Sale.

Hats that are decidedly rich in inspiration, subtly reflecting the mode for soft femininity, in the graceful swing of the brim—that is always in complete harmony with the smartly styled crown. Youthful models of felt and vefour, with drooping or up-turned brims, with modern geometric tucks, slashes and creases, and with the smart snug fitting line at the back. Some are combined with velvet—a distinctly new note. Simply tailored and beautifully made. In all the new colors.
