Thirty Thousand W. O. W. Veterans Honored

Celebrating 40 Years of Service

Thirty thousand members of the Woodmen of the World have received service medals signifying that they have been members of the Woodmen of the World for twenty-five years or more, W. A. Fraser, president of the Woodmen of the World, announced today.

The thirty thousandth medal was recently presented at a meeting of the Fort King Camp, No. 14, at Oscala, Florida.

The Woodmen of the World will be forty years old on June 6 of this year.

The twenty-five year medals have been given out to veterans of the Woodmen of the World for the past fourteen years, the first medal being given in 1916.

"When we first started giving medals out to veterans of our association, we never dreamt that we would be using thirty thousand of the service pins," said

"Our association has had a great growth since it was first organized with 135 members forty years ago."

"The pioneers of the Woodmen of the World had an inspiring vision of the future of their organization but never dreamt of the tremendous size and wealth that the society now has," said Mr. Fraser. "Today the Woodmen of the World is the strongest fraternal organization in existence. It was recently declared

104.6% solvent. It holds investments and securities of more than \$100,000,000 with gross assets totaling approximately \$128,000,000."

Membership Half Million

The membership of the Woodmen of the World is now estimated at approximately one-half million and the organization has paid in death losses and disability benefits during its forty years of existence approximately \$175,000,000. Two of the largest enterprises that have placed the Woodmen of the World in the foremost ranks of progressive fraternal insurance societies are the War Memorial Hospital at San Antonio, Tex., and the radio station WOW in the headquarters building at Omaha, Neb.

The War Memorial Hospital is a million dollar structure and has taken in thousands of sick members and turned them out healthy and able to go back to their families to enjoy life.

The Woodmen of the World Radio Station was built in 1923. It has become one of the most popular radio stations in the United States. President Fraser developed the idea of the Woodmen of the World Radio Congregation, a religious congregation of radio listeners, which is the largest in the world, estimated at one-half million.

Hopes to Issue 100,000 Pins

"I hope that the Woodmen of the World will some day issue 100,000 twenty-five year service pins to its members," said President Fraser. "Our association is growing rapidly. It is becoming larger and of greater service to its members."

It seems as if the party, feeling itself is in need of an alibi, is already preparing one in the cry of "Thief."

Boll weevil infestation in Edgecombe county in early July was from 2 percent to 78 percent. The average was about 28 percent.

The corn crop in Onslow county will be increased by 200,000 bushels this season due to improved methods and the effort to decrease the shortage of 400,000 bushels existing last year.

Alamance county farmers will sell between 500 and 1,000 cords of pulp wood this season in trying out this new source of farm income.

Hot Weather Repasts

WHY not serve more meals in al fresco fashion during the warm months of summer and early autumn. It saves work and effort, and pleases everyone from Dad down to the youngest tot to come home from business or play and find that mother has supper set forth on the back porch or in the garden; or perhaps, that she has a basket all packed and everything ready to pop into the old machine and get away to the woods or the park in the twinkling of an eye.

And mother, if she is wise, will see the wisdom and freedom from toil that such meals may mean to her, for she may prepare everything in the early morning, and spend the long, hot day just as she pleases.

The picnic basket or hamper will carry always a quart bottle of milk, perhaps a thermos bottle of iced tea or coffee, or a pile of good, substantial sandwiches, lettuce wrapped in a damp cloth, cookies and something by way of a substantial dish, which may be hot or cold. If it has been prepared in the morning, it may be reheated just before leaving the house.

Potato Salad with Switzerland Cheese may be packed in an ice cream container and carried along to add its piquancy to the out-of-door feast. It is well to keep a

bowl of boiled potatoes in the refrigerator in summer, for there are so many ways in which they may be effectively used. Peel and cut six large potatoes in dice, and add to them a teaspoonful of grated onion, a hard-cooked egg, chopped fine, two sour cucumber pickles cut in bits, a few chopped olives and a cupful of Switzerland cheese cut in matchlike strips. Toss all the ingredients together well, and moisten thoroughly with a good boiled dressing. Serve with quartered tomatoes, or little scarlet radishes.

Switzerland Gingerbread should never be omitted from the picnic hamper. Make it by creaming together ½ cupful of butter or other shortening, 1 cupful of brown sugar, 1 teaspoonful ginger, ½ teaspoonful each cinnamon and cloves, then add 1 egg well beaten, 1 cupful molasses, and a cupful of buttermilk Beat well. Sift together 3 cupfuls flour, 1 teaspoonful soda (scant), ½ teaspoonful baking powder and ½ teaspoonful salt. Stir into the egg and sugar mixture and beat for a few moments. Pour into a greased and floured baking pan and place in a moderate oven. When nearly baked arrange thin slices of Switzerland cheese over the surface of the cake, and complete the baking. The cheese should brown slightly and just melt sufficiently to flavor the gingerbread.
