

## CITY DRY CLEANING CO.

"And They Look Like New; When We're Through," a Good Slogan For This Progressive Firm.

The wide-awake and progressive owners of the City Dry Cleaning Company said a mouthful when they coined for themselves the slogan: "They look like new; when we're through."

The management of this firm are aggressive and believe in doing their work well, and the large business they have established is evidence of the fact that they please the public in a most highly satisfactory manner. Cleaning, pressing and dyeing for you in a high-class way is about all you could ask from any firm. The City Dry Cleaning Company tell us that they have dyed for many a man and woman, yet they live and hope to dye for many others whom they already know, and desire to

make the acquaintance of others for whom they are willing to dye.

Cleaning and pressing is not a specialty with the City Dry Cleaning Company—It's their business, and they know the business thoroughly and do their work well, and this has been the prime factor in building this successful business. Their prices are reasonable and you can depend upon them. They do specialize in mail order business and give same careful and prompt attention. Just call the City Dry Cleaning Company, phone 103, and you will receive prompt service.

Once a customer of the City Dry Cleaning Company, always a customer, for the fundamental of their success in business is based on the idea of catering to and pleasing the individual in each and every instance.

## FATHER'S DEATH DREAM PROVES TRUE

Father Dreams Son Dies at Salisbury Home—Killed by Bostic Truck Driver.

Charles Craig Kennedy, four-years old son of Mr. and Mrs. W. D. Kennedy, of Salisbury, was instantly killed Thursday when struck by a truck driven by Mr. R. P. Lookadoo, of Bostic.

The child's father was in Belmont on business at that time. While there Wednesday night he dreamed that one of his children had been killed. He immediately wired the mother in Salisbury, asking if the children were in good health. The mother at once wrote a card, stating that they were all well and safe, and gave it to Charles to mail. As he was crossing the street to a mail box he was run over by the truck and killed.

Mr. Lookadoo, whose home is at Bostic, was hauling material for a construction company building the Salisbury-Mooreville highway. He said the child ran across the street into the truck and was run over by the rear wheels. An investigation was ordered to be held later in the day. After hearing the facts in the case, the coroner's jury returned a verdict that Mr. Lookadoo was entirely blameless, and that the accident was unavoidable.

## RUTHERFORD COUNTY JAIL HAS ONLY FIVE PRISONERS

Rutherford, June 1.—The Rutherford county jail is the nearest empty that it has been in a year, according to Jailer A. A. McFarland. There are only five prisoners in it now, three white and two negroes. The jail has had as high as 50 prisoners.

Mr. McFarland attributes the "cash and carry system" of the recorder's court as one reason why crime is being checked in Rutherford county.

CONSTITUTIONAL

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache. For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out. I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache. I am a firm believer in Black-Draught, and after using it 20 or more years, I am satisfied to continue its use."

## HEWITT AUTO WORKS

Specializing in Body Building and Rebuilding—Manufacturers of Roller Coverings, for Better Yarns; Trimming, Upholstering, Glass Fitting; Painting in the Various Colors.

The Hewitt Auto Works, of Forest City, North Carolina, are distinctive, inasmuch as they cover a large expanse of territory in their field of endeavor. Not only do they do all kinds of auto work, such as body building and re-building, painting, trimming, upholstery and glass-fitting, but in addition they are manufacturers of roller coverings, which produces a higher grade of yarns, a patent process, which yields much to the manufacturer of these products and has been successfully installed in the finest yarn mills of the South. For thirty years they have been improving on these devices until today they are an indispensable and an absolute essential adjunct to the yarn mills of the country, and especially so in the fields where they are best known.

Mr. M. H. Hewitt, the proprietor of the Hewitt Auto Works and the roller covering plant, ranks among our wide-awake, progressive and energetic citizens, always taking a prominent part in any move that will tend to help the community to better things commercially and otherwise. The building occupied by the Hewitt Auto Works, situated immediately across from the postoffice in Forest City, North Carolina, is a distinct credit to the city and much credit is due those responsible for its erection.

This plant is the best equipped and most centrally located auto service in this section, and possesses a reputation for doing high-class work. Body building and re-building are a chief part of their daily routine; wrecking service, upholstery, glass fitting, topping, painting, ducoing, washing and polishing, are all included in the daily missions of the Hewitt Auto Work force. Mr. Hewitt, practical and efficient in every phase of auto construction, realizing that not the first cost, but the service charges make an automobile an extravagance, this concern has gained its popularity because it keeps

trials of omnipotence. What compensation the North Carolina teacher gets in comparison with fees of doctors, lawyers is a very meagre stipend. But now the teacher is asked to unload in the name of economy and sweet charity. As I served on the firing line about 46 years, I know his state of opulence and grandeur. Now my age and infirmities preclude my earning money, and North Carolina has no teacher pensions. But in justice to all soldiers of all wars, provision is made to provide against destitution. But the vocal patriots did not fight, but by reason of his rabid eloquence was permitted to feather his nest. But he is a preacher of economy for the poor devils who met the Germans on the bloody fields of France and are shy an arm, a leg, or an eye. It should be ten years in the pen for any man to open his mouth about the World War who didn't serve nor offer to defend Old Glory. Now, every man who is not willing to unload half his spoils to promote good times should

be caused to unload by the publican. I want no war, and wanted none in 1917. But when my country called I answered with enlistment. Three of my sons volunteered.

## Asks For Better Mail Service

Petitions for better mail service are being circulated in the county. The petitions read as follows:

"We, the undersigned patrons of the following post offices: Forest City, Spindale, and Rutherfordton, desiring an earlier morning mail, we hereby petition the Post Office Department to extend the present Star Route making connection with train No. 29 at Gastonia, N. C., at 3:45 a. m., to Shelby, N. C., to be extended to Forest City, Spindale and Rutherfordton, arriving at Rutherfordton about 6:30 a. m., returning with mail from these points to Kings Mountain making connection with trains going north.

"We also suggest if this service is established, the present Star Route from Spartanburg to Rutherfordton be discontinued from Caroleen to Rutherfordton which will cut that route about half.

"If this service is established it will give to Rutherford County the best mail service it has ever enjoyed, giving the patrons of the various offices their mail at an early hour a chance to make replies on the morning Southern train. It will also allow the R. F. D. carriers throughout the county to leave at 7:30 or 8 a. m., instead of 9:30 a. m., giving the people in the rural districts the early morning papers with a return of mails for an earlier outgoing train at Kings Mountain or Gastonia. It will also make the proposed free delivery for Forest City, more attractive with the receipt of this mail at an early hour."

Rival factions of Christian converts staged a riot at Taiku, Korea, in which many were injured, after a controversy over mission property.

What is said to be the earliest English silver table fork, made in 1632, is exhibited at the Victoria and Albert museum, South Kensington.

## CAROLEEN B. Y. P. U. ENJOYS PICNIC SATURDAY

Caroleen, June 1.—The Junior B. Y. P. U. went for a picnic to Boiling Spring near Coopersville, Saturday afternoon. About 20 children went and carried nice lunches. The children had lots of fun playing games, telling stories and asking riddles for a while. At 5:00 o'clock lunch was spread and lemonade was served by Mrs. Cordie Lynch as leader, Mrs. Millwood sponsor and Miss Alda May Sparks as general secretary. All seemed to have enjoyed the picnic thoroughly.

Our juniors are doing good work under the efficient leadership of Mrs. Lynch and Mrs. Millwood.

The intermediate union went to Sunshine Lake Saturday night for a picnic with Alda May Sparks as chaperon, as H. R. Holland, leader, could not go. All report a nice time.

Rev. J. A. Brock, pastor of the Caroleen Baptist church, is away in a meeting at Anderson, S. C.

The pastor being away on Thursday night, Mr. Jesse Lancaster assisted by a few B. Y. P. U. members conducted prayer meeting. The topic being "A new Testament church." The discussion was very interesting.

Following a peculiar hobby, A. E. Huebner of Dorchester, Mass., has in 33 years collected more than 300 bricks, each from some historic building razed to make room for a modern structure.
