DAVIS LUMBER COMPANY

One of Our Progressive Firms That Handle a Line of Lumber Well Adapted to Any Purpose.

A very progressive institution located in Forest City is the Davis Lumber Company, which features the very best grades of lumber and builders' supplies, and at prices that make same very interesting to the purchaser.

The Davis Lumber Company has become an important factor in the development of this section of the country. The guiding influence of this concern has always been a determination to furnish the highest grades of lumber and builders' materials at the most nominal cost, so that the extension and beautification of the city and surrounding communities can progress rapidly.

By purchasing to an advantage when the market is right, and employing experienced help, they are able to offer at most reasonable prices, 'high grade materials,' and thus encourage the extension of home building and other enterprises. There is no one establishment in this community that has greater influence for the betterment of the building industry. Contractors and the public have come to know that whatever they desire in the lumber and builders' supply line, can be readily secured from this firm, with the absolute knowledge that it will be the best grade, consistent with price.

The management of the Davis Lumber Company extends to the good people of this section a cordial invitation to call at their yards here at Forest City, and any information desired will be cheerfully given, regardless of whether you wish to buy at the time or not. We are pleased in this edition to give commendable mention to the Davis Lumber Company, and to assure the public they will receive the best service possible commensurate with their right policy of fair and impartial dealing. How One Woman Lost 102 Lbs. of Fat

Almost Unbelievable—Nevertheless True

Dear Friends:

You advertise Kruschen Salts for reducing, so I finally tried them and when I started I weighed 219 pounds and when I took them for a year and 3 weeks, I lost exactly 102 pounds.

I am 23 years old and I look at least 5 years younger now than I did when I was fat. I have a picture of myself before and after so if you want to see them let me know.

I am always telling my friends about the wonderful salts. I am always advertising them.

I took 2 bottles every month for a year and 3 weeks. It amounted to \$25 for reducing 102 pounds but it was worth it.

If I can be of any help to you let me know.

Yours truly, Miss Nellie Simpson, 1903 Wayne Street, Swissvale, Pa., Oct. 31, 1930.

The Modern Safe Way—Right Way to Lose Fat

Just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

You can hasten the reducing action of Kruschen by going lighter on potatoes, pastry and fatty meats.

Unlike other Salts, Kruschen doesn't reduce by rushing food thru your system. Rather it's an ideal blend of 6 separate mineral salts which help function properly.

Women everywhere are overjoyed with this marvelous reducing treatment. Frequently pound by pound of surplus fat leaves and soon you possess that trim, slender figure you've always craved.

An 85c bottle of Kruschen (lasts 4 weeks) is sold by leading druggists the world over—so start this SAFE method to lose ugly fat TODAY. The Peoples Drug Store and the Gray Drug Co., sells lots of it.
