### Our Ready-To-Wear Garment Department

This special branch or line of our Big Store has always been our Hobby and Pet. Here is where we spend more Time, Energy, Skill and Money in studying styles, fabrics, tailoring etc. Our stock now is complete with all the new snappy garments of the hour. Don't fail to see our wonderful display of the Celebrated Wooltex Suits and Coats, they are the best tailored, most refined Ladies' Suits sold in the South today. We are sole agents for our city, ask to see them.

We haven't space to mention all we have. Most of you know our reputation and the prestige our business has. It has taken CONSIDERABLE NERVE on our part to have such a magnificent well assorted stock to show our many friends and patrons in the face of this Great European War, but we have been in this business all of our life and know nothing else to do. We know the people will have to have something to wear. We ask the people not to be extravagant, but we will appreciate their trade for what they will have to use etc.

How To Give Quinine To Children. Quinine is the best medicine for malaria and fever. It is also a good tonic for children who are weak and nervous. It should be given in small doses, three or four times a day, after meals. It is best given in the form of a syrup or elixir. Do not give it in the form of tablets or capsules, as these are difficult to swallow and may cause nausea. Always give it with a little sugar or honey to make it palatable.
