Raleigh, N. C., August 23.—A number of Raleigh people, and many from several other counties, made the trip to Ashboro Saturday to attend what was popularly regarded as the "formal opening" of the State campaign by the Democrats. From the reports which they bring back, it is made evident that they were glad to have been there, and expressions are abundant in praise of the speech of our next governor. Ashboro being the home town of State Auditor Wood, he was on hand to aid and enjoy the occasion. There is "quite a sprinkling" of the political enemy in Randolph and vicinity, and some of them heard the speeches. These Republicans were the only persons present who failed to "enjoy the meeting." Mr. Bickett's compelling eloquence drove the truths home into their unwilling minds with such force that some of them experienced a very uncomfortable hour or so. Any one familiar with Cam. Morrison's qualities as a campaigner knows in advance that neither of the Republican electors-at-large will mount the same platform with him—if he can avoid it. And as Mr. Sinclair has the reputation of being something of a "hummer" also, one needn't expect much "joint debate" in North Carolina this year. Republican candidates are afraid of it, and many Democrats see no good results that could follow. If the Republicans had the material to meet the Democrats on even terms, they might ask for joint speaking dates for the purpose of getting the crowds to hear them. Every New Voter Should Read It. At State headquarters here Chairman Warren is having the new Democratic Handbook mailed to the various counties this week. It has just been completed by the printers, and is "some book"—of 220 pages. It opens with the Democratic State Platform, and Senator Simmons' fine address as Chairman of the Democratic State Convention, April 27th, at Raleigh, and from cover to cover is filled with excellent material. A strong chapter, under the caption of "Let Us Forget," draws the deadly parallel on the records of the two parties in North Carolina, including the Republican-Populist "fusion" regime that, under the leadership of Marion Butler, grew to be as bad and odious as that of the carpet-baggers during the "reconstruction" era. It's all there in black and white, and every young man in North Carolina who is to cast his first ballot this year should read it. The chapter that follows, "Sixteen Years of Democratic Administration," will rivet the conviction in his mind that he cannot afford to help in making a change, with the present outlook before him offering nothing better than the fusion record—under the same leadership of the most thoroughly discredited public man of the present generation. Bickett's Appointments.—September 4, at Shelby; September 5, at Lillington; September 9, at Albemarle, Stanly County. Morrison Appointments.—August 30, at Fayetteville; August 31, at Saint Pauls. Sinclair Appointments.—Surrey County, September 4; Wayne County, September 4th; Forsyth County, Tuesday, September 5th; Guilford County Wednesday, September 6th; Rockingham County Thursday, September 7th; Alamance County Friday, September 8th; Davidson County Saturday, September 9th; Rowan County Monday, September 11th; Cabarrus County Tuesday, September 12th; Randolph County Wednesday, September 13th; Montgomery County Thursday, September 14th; Moore County Friday, September 15th; Chatham County Saturday, September 16th. The Democratic county chairmen of the above-named counties will arrange the places for the speaking on the dates named in their respective counties.

Mr. D. J. McDuffie is opening up a meat market and grocery supply business on north Main street in the store room next to Mr. J. C. Birmingham's place. Mr. McDuffie has an ad. in this week's paper. He states that he expects to have on hand in a very few days all the items mentioned in his ad. and will cater to the best trade.

Dr. Ball reports that 648 people took the anti-typhoid treatment Tuesday at John and Hasty. About 600 of these were taking the first treatment, while the others were on the second round, having received the first treatment last week. Up to and including Tuesday 2,917 persons have taken the first treatment. This looks as if the 5,000 mark may be reached before the campaign closes.

It is especially urged that white people remember to call Saturday morning at the court house here at the anti-typhoid dispensary, if this is possible. Those in charge of the work say they can handle the situation better, if the whites come in the mornings. The colored people seem to rush in in great numbers in the afternoons, making it hard for the authorities to give just the service they would like.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Carson, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 20 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.
