Compare These
Silk Hose
With Those
Sold By
House-To-House
Canvassers

IF YOU had a pair of Humming Bird Silk Hose to compare with the stockings shown you by the house-to-house agent, you'd never open the door to him again.

Humming Bird Hose are not sold by any trick "tests," but we can make these tests for you with Humming Birds, if you like.

A nail file can be drawn safely along Humming Bird Hose or any silk stocking, if the file is held a certain way, and will break the thread of the strongest silk, if it isn't. Humming Birds can be pulled lengthwise with all your might and they won't tear.

When agents tell you that their silk stock

ings are better because they're shipped fresh from the mills, look out. Stockings made of pure silk, like Humming Birds, and pure-dyed, like Humming Birds, would not deteriorate if you kept them three years without wearing them. And you wouldn't want any other kind.

The real test of silk hose is the test of wear. We absolutely guarantee every pair of Humming Bird Hose and we stay right in one place to back up that guaranty.

Humming Birds are smart-fitting hose, closely knit, of pure, lustrous silk, reinforced at all points of wear. Made in three styles to fit all figures.

AS A SPECIAL SALE FOR DOLLAR DAY ONLY
YOU CAN GET THREE PAIRS OF
THESE BEAUTIFUL
STOCKINGS FOR ONLY
\$4.00
