LIVER TROUBLE

Louisiana Man Tells How He Keeps "Up and Going."

"It doesn't matter how strong and healthy we think we are," says Mr. W. S. Reynolds, of Arcadia, La., "every once in a while, in order to keep up and going, we have to cleanse the system and take a little something for the liver. My old standby is Black-Draught. I have used it off and on for 20 years. I get bilious and have a bad taste in my mouth. My head feels dull. I just don't feel like getting around and doing my work. I know it isn't laziness, but biliousness, so I take a few doses of Black-Draught and, when it acts, I get up feeling like new, full of pep and ready for any kind of work. I can certainly recommend it."

Black-Draught liver medicine is made from pure, medicinal roots and herbs and contains no harmful, habit-forming mineral drugs. In an easy, natural way it helps cleanse the system of poisonous impurities and tends to leave the organs in a normal, healthy condition.

27,300 TONS NEW RAIL PURCHASED BY SOUTHERN WASHINGTON, D. C.—Contracts have just been let by the Southern Railway System for the purchase of 27,300 tons of new rail for delivery during the last half of 1925. This is in addition to 55,000 tons ordered for delivery during the first half of the year and makes a total of 82,300 tons of new rail for the year, enough to lay more than five hundred miles of track.

Of the present order, 23,200 tons will be rolled by the Tennessee Coal, Iron and Railroad Company at its Ensley, Alabama, plant and the remainder by the Bethlehem Steel Company and the Illinois Steel Company.

As the new rail is laid, an equal mileage of lighter section rail now in service in the main lines will be released for use on secondary lines which are not equipped with lighter rail.

COLORED FOLKS NEWS COLUMN

Item Of Interest Among Beaufort's Colored Population

William Jordan, William Anderson, Clyde Pickett and Theodore Brooks, boys of Beaufort who have been attending school at the A. & T. College the past year, have returned home for the summer.

The Misses Katie Davis, Pearl Wesley and Annie Johnson, who have attended school at Elizabeth City, have returned home for the summer. Miss Katie Davis has gone back to Elizabeth City where she will attend summer school.

Misses Dorothy Stanley, Elma Turner and Lucy Stewart have returned to Fayetteville to attend summer school.

Misses Viola Parker, Fannie Parker, Mollie Jerkins and Mrs. Halse Stanley left last Monday morning to attend summer school at Hampton, Va.

Mrs. Blanche Pearsall returned to Kinston last Tuesday.

Miss Josephine Groves, who has been in the city visiting her parents, Rev. and Mrs. Graves will leave for Greensboro next Saturday.

Mr. and Mrs. Jack Ellison were host and hostess to the many students who have been away to school this past year.

A very enjoyable sail was given last Tuesday in honor of Miss Josephine Groves.

Miss Mildred E. Brooks, who has attended school at Shaw University the past year, is at home for the vacation.

Miss Lucy G. Jones, who has taught school at Sedalia this past term is at home for the vacation.

Miss Nellie Ward has returned from Elizabeth City where she went to attend Summer school. The school was overcrowded.

Rev. N. F. Brooks, pastor Mt. Zion Baptist church, leaves this week to attend the Ministers' Conference which will convene at Hampton Institute, Hampton, Va. This conference is interdenominational and is attended by ministers from all over the country.

The members of Mt. Zion Baptist church have presented their pastor a very comfortable suit of clothes and a pair of shoes. This was quite a pleasant surprise to pastor Brooks who has served the church for thirteen years at the end of which he finds himself still in the heats of his people.

Pastor Brooks also serves another very large country church at Scotland Neck. This church has given its pastor, Rev. Brooks the neat little sum of twenty-five dollars to help make his vacation pleasant.

The public school of Beaufort came to a very successful close Monday night, June 8th., at the Methodist Church.

The closing exercises began at the Mt. Zion Baptist Church, Sunday, May 31, where the annual sermon was preached to the school and friends by Rev. C. C. Clark, principal of the public school of Scotland Neck, N. C. Prof. Clark preached a very able sermon which was highly enjoyed by those who heard him.

The exercises by classes began Wednesday night. The feature of this was a play: "In Mother Goose Land," by children taught by Mrs. Clark, and another very beautiful appetta, "Flowerdom," given by children taught by Mrs. Halsey.

Thursday night the exercises were rendered by children taught by Miss Groves and Mrs. Askew. This was also very good.

Friday night a play was given by the high school. There was also an oratorical contest in which Eva Stanley won first prize and Edith Wesley the second prize.

The graduating exercises were held at the Methodist Church on Monday night. There were four graduates this year: Joseph Pastuar, Ben Hazel, Bernella Moore and Evanna Chadwick. Mrs. A. W. Holland of the State Department of Education delivered a very helpful address and the Hon. M. L. Davis, in well chosen words, presented the diplomas. Those present expressed themselves as being well pleased.

Aluminum Rivals Steel

Aluminum was merely a laboratory curiosity a generation ago, but today it is a real rival to copper and steel and the center of one of the largest individual industries. Besides being used in hundreds of household articles it is finely ground for making paints, is necessary in airplane and dirigible construction and is used as cables for high tension transmission. The output of the industry in 20 years has grown from nothing to hundreds of millions a year.

There is no part in the world in which it does not some time rain. Builders of the Pyramids ate onions, garlic, and lentils only.

About 2,000,000 miles of cloth is bleached annually in Great Britain. No comprehensive census has ever been taken in China.

When Better Automobiles Are Built, Buick Will Build Them

No. 19

Question: Why is a used Buick the next best buy to a new Buick?

Answer: Because the correctness of Buick design and the quality of Buick manufacture are not altered by use. A used Buick is a better investment than many new cars of other makes.
