

The last words of David Livingston heard by human ear were "alright, you can go now," spoken to an old trusted servant shortly before his death.

Michael Faraday discovered benzene in 1825, giving to the world the knowledge of that discovery on June 16 of that year, but it remained for others to show its value.

The Bermudas may be said to be a land of perpetual springtime, for their monthly temperature average between 62 and 79 degrees F.

### DREADFUL PAINS

This Lady Suffered Severely, Took Cardui, and Got Well.

Mrs. George S. Hunter, of Columbus, Ga., writes:

"I suffered with dreadful pains in my sides during . . . My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house.

"I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve.

"My sides hurt less and I began to improve in health. . . The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now.

"I have gained 10 pounds and am still gaining. My sides do not trouble me at all.

"I wish every suffering woman knew about Cardui."
