## COMEDY TO BE PRESENTED AT BEAUFORT HIGH JAN. 28

On Friday night Jan. 28, Beaufort High will present the comedy, "Anne What's-Her-Name," in the school auditorium. The cast has been especially selected from those who have excelled in plays previously given. From the accounts of the directors, Miss Lucille Pond and Lena Duncker, the play will be very comical and undoubtedly will extract many laughs and applause from the audience. The receipts from it will be for the school in general and especially for the Athletic Association.

## GROUP PICTURES TAKEN.

A photographer visited the school last week for the purpose of taking the pictures of the various grades. The pictures were on exhibition at the school last Monday morning. They were very clear and showed exceptional skill in their production. The photographer was also very pleasant in taking the pictures. Orders will be taken in the various rooms for the pictures, which will cost thirty-five cents for each group.

Wonder if Sar's Claus had to get a license from Mussolini to operate in Italy this year?

"Saint Nicholas sure is popular but I doubt whether he could be elected in Pennsylvania on the Democratic ticket," said Uncle Billy Gamester last evening.

# A STATEMENT

By the President of  
Dodge Brothers, Inc.

Within a few months, Dodge Brothers, Inc., will introduce a new line of motor cars, in no way conflicting with the market for Dodge Brothers present types, but occupying a considerably higher price field and produced in limited quantities.

Combining Dodge Brothers well known dependability with exceptional performance and striking beauty of appointment and design, these distinguished vehicles, we believe, will instantly set a new and higher standard in fine car practice.

Dodge Brothers will continue to produce their present line in maximum quantities to meet a demand which, during the year just ended, was very much the largest in their history, reaching the record total of 330,000 cars.
