Wake Will Contest State Highway Case

RALEIGH, Sept. 2.—The Wake County Board of Commissioners have definitely decided to carry Wake County's restraining case against the State Highway Commission to the State Supreme Court.

The commissioners plan to continue the long court battle to prevent the adoption by the State of three highways in the county and appeal from the decision of Judge N. A. Sinclair, who sided with the contentions of the state highway commission in the matter.

The three highway routes which the county would prevent the state from taking over are those leading from Raleigh to Creedmore, Wake Forest to Durham County line, and from Wrwin to Cardenas.

Our Quality Standard Is The Guide Of Others

As each succeeding season crowds out its predecessor, people require the authoritatively new things to wear and use in the home. The duty of the merchant, as we see it, is to provide all these things when they are needed in highest possible quality at the lowest possible prices.

This store being endowed with a wise group of buyers, men and women who know the whims and fancies of all the shoppers in this section of the state, continuously enjoys the enviable position of being able to provide the new things while they are new and the staple goods that are always in demand at lower prices than are ordinarily asked.

OUR GOODS PROVIDE THE STANDARD BY WHICH OTHERS MAKE THEIR COMPARISON. THEY SOMETIMES MATCH OUR QUALITY BUT NOT THE SAVINGS WITH WHICH WE PROVIDE YOU.
