Washes, Carries Coal, Woman Gains 18 Lbs.

"I wash, iron and carry coal and don't get tired since taking Vinol. Also, I have gained 18 pounds."—Mrs. S. Cortese.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds weight to thin children or adults. Tastes delicious.

ESSEX
the Challenger

GREATEST IN PERFORMANCE

SPEED—faster than any car ever built in its price class—Not just a fine drawn shade of advantage but a smashing big superiority that easily distances anything in this field. Its supremacy is not based on theoretical horsepower and specially adapted test devices. Essex speed is a real and usable quality—established on the road—established in records at better than 70 miles an hour, all over the country—established by stop-watch timing over measured distances—established by owners who know and constantly demonstrate that nothing can touch it at the price.

GETAWAY—here again the proofs are actual, from 5 to 25 miles in 7 seconds—from 10 to 70 in 19.2 seconds. But more important is the value of Essex getaway in daily service. Its ability is so well known that everyone expects it to be first away at the signal "Go."

SMOOTHNESS—exclusive to the patented Super-Six principle, which no other maker can copy.

ECONOMY—never approached with like performance. You may expect 18 miles to the gallon and upward—many get more—in your Essex the Challenger. Important taxicab companies have chosen Essex the Challenger as exclusive equipment because its total of all operating expenses was the lowest in the whole motor world. To every buyer there is assured fuel and oil economy, durability, tire wear and low maintenance expense.

RELIABILITY—official tests, as well as the experience of 200,000 owners, with the lowest actual records of service cost, establish Essex the Challenger as the "Reliability Car of the Year." Two Essex entries with perfect scores, won the Grand Prize of the famous "Tour de France" reliability classic, against a large field of costlier American and European cars. No other car of whatever price level equalled the perfect record scored by both Essex entries.

EASY TO BUY—Only a few dollars more per month than the lowest priced cars on the market, to own and enjoy this fine and beautiful Super-Six. For instance in this city your first payment may be as low as \$200 and your monthly payment \$201.00

\$695

EASY TO OWN—Your present car will be accepted as cash, at liberal appraisal, and will probably cover the entire first payment. The H. M. C. Purchase Plan offers lowest available terms on balance.
