

LARGE AUDIENCES HEAR EVANGELIST

Many From Beaufort And Elsewhere Attend The Meeting; Sermons Please Hearers

W. Carey Barker, lay-evangelist, who is holding a series of evangelistic services under the auspices of the Beaufort Baptist church in a large tent on the lot next to the courthouse, was heard by more than 1200 people in his first service Sunday night. The attendance at each succeeding service during the week has run between 500 and 800. Mr. Barker is proving himself a most interesting speaker and impresses his hearers with his deep consecration and sincerity. He is a high type Christian gentleman and seems to have only one desire and that is to glorify Christ. Many expressions of commendation are being heard from those who have attended the services.

On account of the storm the tent was lowered Wednesday morning but was again erected Thursday in time for the night services. The service Wednesday night was held in the Baptist church.

Thursday night the evangelist has chosen as his subject, "Turning Away from Christ." On Friday night he is asking that all the city officials, officers of the law, school teachers, and mothers and fathers and their children be present to hear the message on "Appreciation." This is said to be, by those who have heard this message, one of the speaker's very best. Mr. Barker also announces that service will be held Saturday night. The workers rest Monday night.

There will be no service in the tent Sunday morning. Mr. Barker and Mr. Martin will speak and sing for the Methodist church at Marshallburg at the eleven o'clock hour. However, one of the largest congregations ever to attend a religious service in Beaufort is expecting to be present Sunday night at which time the evangelist will use as his subject, "The Man Who Left the Boat."

The services begin each night at 7:30 with an inspiring song service led by W. Plunkett Martin, of La Fayette, Ala., assisted by a large chorus choir and a choir of boys and girls. Many visitors are present each night from the surrounding community. Quite a number were present from Morehead City Tuesday night. The pastor, Rev. J. P. Harris, extends an invitation to all who wish to be present at each service.

LARGE AUDIENCE ENJOYED MUSIC RECITAL AT ST. PAULS

The organ recital and musical under the direction of Mr. Theo. Webb at St. Paul's church Monday evening was attended by a large and appreciative audience. It was a rare treat for music lovers of the two towns and will be remembered as one of the outstanding musical events. The program for the evening was as follows:

- Theodore Webb—organ — Hero's March—Mendelssohn.
- Gibb Arthur, Miss Mary Brockwell, Theo. Webb—Minuetto—Barrensen.
- Miss Louise Brockwell—Like as a Father—Scott.
- Miss Mary Brockwell—Romance—Weinrowski.

- Miss Louise Brockwell—"Angels Serenade."
- Chorus—"Largo"—Handel.
- Mrs. John Brooks, Misses Mildred Brockwell, Louise Brockwell, Betty Harper, Rev. J. A. Vache, Dr. F. E. Hyde, Mr. Ralph Wade.
- Postlude—"Holy Art Thou."

BIG CATCH OF SHEEPS'HEAD MADE AT SHACKELFORD

In spite of a good deal of bad weather recently sportsmen have had considerable success with hook and line fishing. Reports are that some very good catches have been made in North River, at Cape Lookout and other regular fishing places. The best catch of sheep'shead of the season so far as the News has heard, was made last Friday by Captain Reuben Willis and Mrs. Willis at Shackelford. They caught 54 fish, many of which weighed several pounds and the largest weighed eight pounds.

The More County Board of Agriculture is promoting cover crops and the use of better seeds throughout the county at the present time.

SEVERAL KILLED IN LABOR BATTLE

Trouble Breaks Out Again At Marion When Another Strike Starts

Marion, Oct. 2.—Three dead, five believed dying and 10 others in the hospital here today brought state troops to Marion for the second time in two months to put a stop to textile troubles.

Two men were killed outright and another died several hours later as a result of a fight at the gates of the Marion Manufacturing company's cotton mill in East Marion this morning. Who fired the first shot is a question of dispute, leaders of the United Textile Workers union asserting that it was fired by sheriff's forces and they herif himself asserting that a striker fired first.

The mill was the scene of a strike of nine weeks duration which was ended on September 11 in an agreement whereby the East Marion mill and the Clinchfield Manufacturing company mills were reopened on a non-union basis. Members of the textile union recently claimed that the agreement was not being lived up to by the East Marion mill management and that at 1 o'clock this morning, 80 workers of the night shift walked out in an unexpected strike.

A picket line was formed outside the gate. At 6:30 o'clock when the shifts change about 100 persons were at the gate. Sheriff O. F. Adkins, of McDowell county, and a number of deputies had been called.

A fight started. Sheriff Adkins in a statement said that John Jonas, a striker, who died at noon today of wounds, struck him on the head. The sheriff and some of his deputies attempted to handcuff Jonas. While this was going on, the sheriff said, some one fired at the officers and killed Sam Vickers, a union member. Shooting became general and the sheriff said more than 100 shots were fired.

Union officials charged that the first shot was fired by an officer, William Ross, publicity manager for the southern division of the United Textile Workers of America, gave out a statement this afternoon saying that warrants were being prepared charging Sheriff Adkins and Deputy Sheriffs B. L. Bobbins, James Owens, T. M. Green, W. G. Biggerstaff and Alley Steppe with murder. Other warrants he said, would charge Adam Hunt, superintendent of the mill, and John Snoddy, an overseer with complicity.

ENGLISH AND MATHEMATICS LEAD ALL SUBJECTS IN PUBLIC SCHOOLS

(State Superintendent Public Instruction) Raleigh, Oct. 1—"English" appears to be the subject most universally pursued by white boys and girls in North Carolina high schools, according to the records compiled in the office of the State Department of Public Instruction. A total of 88,303 or 98.4 per cent of the total white high school enrollment included this subject in their course of study during the school year 1927-28.

The study of Mathematics ranks second among the subjects pursued by these students—85,306 or 95 per cent taking that subject. The Social Studies, including Civics, History and Economics was desired by the next largest number, 70,355 or 78.4 per cent of the total enrollment.

Science comes in as the subject of fourth choice by having 57, 165 students, or 63.7 per cent of the total, pursuant it. General Science leads in this field with 23,800 students enrolled in such classes. Then follow

SOUTHEAST STORM FINALLY ARRIVED

High Tides And Strong Winds But No Great Damage Reported

The West Indian hurricane which paid a large part of North Carolina a visit early Wednesday morning, included Carteret county in its path. No lives were lost, no houses blown down or boats sunk that the News has heard of. In Beaufort some telephone and electric light poles were blown down and a transformer at the corner of Front and Craven streets was put out of commission for several hours. The city power plant was able to furnish current most of the day yesterday although the current was cut off several times while repairs were being made. Telegraph and telephone service between Beaufort and Morehead City was suspended all day Wednesday. Some damage was done to cotton and other crops by the wind and the roads were damaged in some places by rain and the high tides caused by the wind.

Storm warnings were displayed Tuesday and so the storm was not unexpected. In fact it has been thought for several days that the Florida hurricane would reach this section finally. It began around 10 o'clock Tuesday with a strong southeasterly wind which increased in force until about 3 o'clock Wednesday morning when it reached a velocity estimated here at 50 miles an hour. It blew very hard then until around 9 o'clock when the wind hauled to the southwest and blew from that direction until the afternoon. The tide on the bar was high at about 7:20 and due to the easterly wind it was unusually high. The wind drove the waves over the sea wall in front of town carrying the spray back more than half way of the city blocks. In a part of the business section on Front street the water was a foot or more deep and boys paddled around in skiffs. Automobiles splashed through with water coming up to their running boards. Wharves back of F. R. Bell's drug store, C. V. Hill's and J. B. Jones' grocery stores were wrecked by the heavy waves that pounded them. Most of the fishing boats had been removed to safe places and were not harmed by the storm.

In Morehead City from what the News has been able to gather, the greatest damage done by this storm was the washing away of a number of docks, among them being the dock of Dr. O. H. Johnson and the bathing and pleasure dock of Bogue Park Ways. Fish house was blown down during the gale according to information given the News.

As is often the case after a storm the weather today is very fine. The wind went to the northwest last night and the temperature dropped very decidedly. Today the outlook for a spell of good weather is very favorable.

D. M. JONES RETURNS HOME

County Road Superintendent D. M. Jones returned yesterday from Goldsboro where he had been in a hospital recuperating from injuries sustained in an automobile accident. Sheriff J. H. Davis went to Goldsboro yesterday and brought Mr. Jones home. Mr. Jones had several ribs broken, a bad cut on the head and was bruised considerably. It will probably be several days before he is able to leave home. The accident happened when a car driven by R. M. Patten, a road machinery man collided with a truck on route 10 near Goldsboro.

FORMER BEAUFORT MAN PASSES AWAY AT SANFORD

Sanford, Sept. 30—Ben May prominent citizen of Sanford, died this evening at Scott's hospital, his death the result of a stroke of paralysis sustained 10 days ago. He was 69 years of age and was a native of Pitt county, son of the late Mr. and Mrs. Ben May, a direct descendant of Major Ben May, a distinguished revolutionary soldier.

Mr. May served for a number of years as deputy collector of internal revenue, 16 years ago he came to Sanford and became a member of the firm of Carter Furniture company.

Mr. May was married on January 7, 1890 to Miss Frances Lang, of Pitt county, who survives him. Surviving also are the following children: Mrs. A. K. Miller, Mrs. John Lashley; Miss Mary Frances May, Sanford; Ben May Jr., Durham, Fred and William May Sanford. Funeral services will be held at the residence Wednesday afternoon at 3 o'clock. Interment will be in Buffalo cemetery.

Mr. May and family formerly lived in Beaufort and he was engaged in the furniture and hardware business here under the firm name of Gaskill and May. Mr. May was the uncle of Mrs. Charles L. Abernethy of New Bern.

JOHN CARRAWAY BADLY HURT BY CONTACT WITH WIRE

Word has been received here of the serious injury of Mr. John Carraway who lives near New Bern, formerly of Merrimon. Awakened by the cries of his pet dog last Thursday morning about four o'clock and thinking that perhaps he had been run over, Mr. Carraway dressed and taking a lantern went out to investigate. Passing through his yard he came in contact with a live wire which had blown down, and it is thought that the lantern he carried made the complete circuit, for the current passed through that side of his body. His wife saw the spark from the contact, and gave the alarm. When Mr. Carraway was found, the lantern was completely melted. He was rushed to St. Luke's Hospital, in New Bern where it was found necessary to amputate his arm, and they fear that one leg will have to be amputated also. He is from the last news heard of him resting as well as can be expected.

E. F. and J. M. Carraway of Merrimon, and nephew of Mrs. Tom Duncan, and has other relatives in Beaufort and in the county.

CAR HITS SCHOOL GIRL

Little Miss Dorothy Barbour, the eight year old daughter of Mr. and Mrs. Ed. Barbour was knocked down Tuesday morning in front of the school and suffered minor injuries. The machine was driven by a Mr. Willis from near Beaufort, who was driving very slowly at the time. The fender of the car struck the little girl as she was making her way across the street during a downpour of rain. She was picked up and carried to her father, and then to the hospital. Several stitches were taken in her chin and X-ray pictures made, which proved to be negative. She is getting along nicely and will be out today or tomorrow, according to reports given the News.

DEER SEASON OPEN NOW BUT NO RESULTS SO FAR

The open season for deer opened Monday but the News has not heard of any deer being killed so far. A party of hunters from Beaufort went out Tuesday but did not have any success. They reported that it was too wet for the dogs to trail a deer with any success.

A few days before the season opened Deputy Game Warden Clyde Mason while driving through the Open Grounds saw a fine buck ahead of him. Just to see what the animal would do he opened up and took after him. He got up a speed of fifty miles an hour before the deer sprang across the ditch and made for the woods.

BEAUFORT MAN NOT MEANT IN COURT REPORT

In last week's issue of the News in the report of Recorder's Court proceedings it was stated that Manly Styron of Beaufort had submitted to a bad check charge. Manly Styron of Beaufort asks the News to state that he was not the individual referred to. The defendant in the case was Manly Styron of Morehead City and not the Beaufort man. Where persons have the same name confusion of this sort necessarily sometimes happens.

September Also Had Plenty of Rainfall

September, like most of the months this year have been, was a very wet month. According to U. S. weather records for a good many years the average precipitation for September is 4.13 inches. This September it was 9.54 inches. The heaviest rainfall was on the 5th when 2.42 inches fell.

There was considerable hot weather in September too, the temperature having gone above 80 a good many times. The highest was 89, on the 11th. The lowest was 56 on the 20th. The winds were variable, mostly northeast and southerly. There were 17 clear days. The temperature figures for the month are as follows:

MISSIONARY COUNCIL HELD MEETING SUNDAY

The meeting of the Carteret County Missionary Council held at Morehead City last Sunday afternoon was largely attended and program was most interesting and helpful one. The meeting was presided over by the president, Mrs. J. R. Taylor of Morehead City. Mrs. J. H. Stubbs, Secretary of Beaufort gave a splendid report. The Council is urged to take as their book to study during the next few months "Seven Times Seven" by Mrs. LaGrande Everett of Rockingham. The Council honored the memory of Miss Lottie Rankin, of Nashville, the first woman to organize the women in a missionary group in America, by rising and standing in silence for a minute.

The talk given by Miss Sally Lee McKinnon, a missionary from China who is home on a year's furlough was very interesting, and enjoyed by all present. Miss Gertie Matthews of New Bern made a splendid report on the work done by the mite boxes of the babies of the church.

SALTER PATH HAS LOST HER HONORS

Once Peaceable Village Has Now Gotten The Court Habit

Salter Path occupied the center of the stage in the proceedings of Recorder's Court Tuesday. This community once had the reputation of being absolutely free from any sort of strife that required the attention of the courts. Several trials in recent months have somewhat marred that record. The cases tried Tuesday were that of Mrs. Hettie Ann Willis, charged with trespass and assault, and that of Mrs. Annie Guthrie on an assault charge. Attorney W. C. Gorham and C. R. Wheatly appeared on the Guthrie side and Attorney Alvah Hamilton appeared for Mrs. Hettie Ann Willis. The latter is the post-mistress of Salter Path.

The first witness in the case was Mrs. Caledonia Willis, 84 years old and mother of Mrs. Annie Guthrie. She testified that Mrs. Hettie Ann Willis threw some water on her and on her daughter Mrs. Guthrie. She also said that an hour or so before Mrs. Guthrie had thrown some water on Mrs. Willis.

Mrs. Guthrie was the next witness. Her testimony was that she had forbidden Mrs. Willis to use a path that comes by her house. That Mrs. Willis continued to use the path and moreover had called her a good many ugly names. She admitted throwing water on Mrs. Willis.

Thomas Guthrie, husband of the defendant, said his wife poured some water, contrary to his wishes, on Mrs. Hettie Ann. He also testified as to the path which was the bone of contention, claiming it to be private property. Rumley Golden testified as to the water throwing also.

Mrs. Hettie Ann Willis was examined and admitted throwing water and said she did it to let Mrs. Guthrie know how it felt to be baptized in that way. She denied calling Mrs. Guthrie names and said the latter abused her and told slanderous stories on her. She said the whole trouble grew out of a law suit about a scallap house which took place some weeks ago. She had a large number of witnesses on her side, all of whom did not go on the stand.

Among those who did testify were Henry Willis, who said the devil was at the bottom of the trouble, George Smith and Mrs. Willis' husband. There was considerable wrangling among the lawyers as to whether the path in question was public or private. Evidence on this point was rather contradictory.

After listening to the evidence and the lawyers for an hour or so Judge Hill decided both defendants were guilty of assault. He dismissed the trespass charge against Mrs. Willis. Prayer for judgment against both defendants was continued for twelve months upon condition that they keep peace and also pay the costs in the case.

The case against J. E. Lewis, false pretense and giving bad check was dismissed as not probable cause. His son has made the check good.

James Morton of Morehead City plead guilty to charge of driving a car while drunk. Patrolman A. T. Moore, Deputy sheriff Frank Colenda, W. L. Yeager and Bryan Swindell testified that the defendant was quite drunk but did no harm. Prayer for judgment was continued on condition that he pay \$25 and costs.

The case against Charles Howland white youth, charged with larceny of a bicycle, was noll prossed with leave.

WINDLEY—JONES

The marriage of Miss Nell Blair Jones and Mrs. Benjamin Earnest Windley, was solemnized at the Ann Street Methodist church, Tuesday, October 1, at high noon. Prior to the entrance of the couple Mrs. Otis Moore gave a number of selections on the organ. As the strains of the wedding march from Lohengrin pealed forth from the organ, the bride and groom entered unattended and were united in marriage, by Reverend L. L. Smith, pastor of the bridge. Immediately after the service, the bride and groom left for a short trip and will be at home on their return at the Inlet Inn.

Mrs. Windley is the attractive and gifted daughter of Mr. and Mrs. H. C. Jones, one of the most prominent families in Beaufort. She has many friends in Beaufort.

Mr. Windley was formerly from Trenton, but came to Beaufort some months ago to accept a position with the Beaufort Lumber and Manufacturing Company. He has made many friends in his short stay in Beaufort.
