MAKE AGREEMENT FOR EGG STORAGE

Method Sponsored By County Exchange Should Prove Helpful

The Carteret County Mutual Exchange has made arrangements with the Carolina Egg Company, of Wilmington, to handle the storage of eggs for it this year. The Carolina Egg Company was organized last year by the financial aid of Ex-Governor Cameron Morrison to aid the farmers in getting better prices for their produce.

This company charges the farmers fifteen cents a crate per month for storing the eggs, but it pays the farmers twenty cents per dozen here for them. The individual farmers or the Exchange lets the Egg Company know when to sell the eggs for the greater profit; then all above the twenty cents a dozen paid the farmer here when the eggs are shipped to the company, is paid to the farmer. This affords the farmers a means of conserving the surplus of eggs when they are selling low until the price goes up. It is expected that if the farmers will take advantage of this opportunity and cooperate with the exchange that they will profit by it. With eggs selling at twenty cents a dozen here now, they cannot lose anything by it, says County Agent Hugh Overstreet.

The Exchange will not take any eggs over five days old and they must be clean and uniform in size. A Mr. Moyer from the Division of Markets of the State Department of Agriculture is here today teaching some of the members of the exchange how to grade the eggs by candling, weighing and by color. The egg business of the Exchange will be handled in the building formerly occupied by the wholesale firm of Hancock and Humley out near the city limits.

A thousand pounds of poultry were sold yesterday here in Beaufort and twenty-three hundred pounds in Newport to Risser and Robinowitz of Goldsboro. They paid the farmers twenty two cents a pound for colored hens and twenty cents for leg-horns. This is the second carload that has been shipped since Christmas; the first was shipped the latter part of January.

Mr. K. W. Wright has loaded two cars of raddishes this week.

LLOYD FENDERSON BROKE OUT OF JAIL LAST WEEK

Lloyd Fenderson, colored youth, who is well-known hereabouts for his numerous escapades with the law, broke out of jail one day last week. He was being held until he could be sent back to the Criminal Insane Hospital to serve the remainder of a three year sentence; it was just a short while ago when he broke out of the hospital. Fenderson was locked in a room in the local jail with Mark Washington, also colored and well known. They were not placed in a cell but in a room so that they could keep the fire going. The staples were pulled out of the door and the jailer seemed to think that there was some outside aid. A search is being made here and in Morehead City for Fenderson, because the officers are confident that he is hereabouts.

CRABBING SEASON HELD UP BY UNFAVORABLE WEATHER

Due to the late coming of Spring the crabbing season has not fully gotten under way yet. A protracted winter usually put off the beginning of these crustaceans. The last few days, however, has been more favorable for the crabbers to get out, but the rain today has probably put a temporary stop in their way. More of the crabs have been shipped lately than since the season opened several weeks ago. It is likely that the next two months will be more favorable and that large numbers of crabs will be shipped to northern markets.

Way Brothers and S. W. Davis and Brother are buying and shipping soft crabs this year, in addition to Mr. Preston Lowe, of Crisfield, Md.

MARRIAGE LICENSES.

The following marriage licenses were issued this week by Register of Deeds Robert Wallace:
Harold Guthrie and Lucile Willis, Harkers Island.
S. E. Fodrie and Mary L. Garner, Beaufort, R. F. D.
Tilbert Gillikin, Straits, and Valens Gillikin, Beaufort, R. F. D.

Does the gossip leave you bewildered as to what really happened? Then read the correct account in the News.

Instruction Given To Women At Home

The women of the Home Demonstration Clubs of the county are getting a college course right at home.

At the meeting of the Wire Grass Club, held at the home of Mrs. S. T. Merrill's March 31, under the direction of Miss Edith Powell, Home Agent, they were taught different kinds of stitching, binding, felling under seams, and how to put in pockets on suits as well as sport dresses, how woolen and cotton dresses, baby blankets, saques, childrens dresses and linens can have tailored look by proper stitching and turning.

Needle and thread was passed to each member, and they were asked to try some new stitch. The members are urged to plant large gardens. Enough for the family and more so the surplus may be canned for winter use.

For several years the women have canned vegetables and fruit in club meetings. It is expected that more canning will be done this summer than ever before.

Mrs. W. B. Norris was appointed garden chairman.

The hostess served refreshments at the conclusion of the meeting.

Census Taking Is Now Getting Under Way

Census taking in Carteret county, every where else in the United States, started Tuesday morning. Reports are that the enumerators are getting a very good start. Each worker carries a portfolio containing many copies of the long questionnaire that is being given to almost every one. The questions asked are intended to produce a great deal of information not only as to population but also in regard to home ownership, unemployment, illiteracy and so on. This will be the biggest census that the U. S. has ever undertaken.

Captain D. P. Henry of New Bern is the Census Supervisor for this district. His assistants in Carteret county are the following: Christopher C. Dennis, Peletier; Eugene H. Wade Morehead City; Walter R. Powers, R. F. D. Morehead City; Geraldine M. Haskett, Newport; Waddell H. Pridden, Newport; W. W. Chadwick, Newport; John D. Brooks, Beaufort; John G. Hudgins, Beaufort; Miss Nadine H. Smith, Straits; Henry T. Piner, Williston; Ralph Nelson, Atlantic; Willie T. Willis, Davis; Brady W. Willis, Harker's Island; Miss Edith M. Davis, Marshallberg; Mrs. Iva Bailey has been at work for some time taking a census of the business firm in Beaufort.

Thirty Foot Channel For Beaufort Inlet

Washington, March 22—Senator Simmons announces that Chairman T. V. O'Connor and the United States Shipping Board have recommended to the Board of Engineers for Rivers and Harbors of the War Department, the completion of the project at Cape Lookout and the deepening of the channel at Beaufort Inlet, North Carolina. Senator Simmons was active before the war in beginning of the great project of constructing a harbor of refuge at Cape Lookout. Also he has followed both of these matters closely recently, having had a conference a week or two ago with the chief of engineers at which he received the assurances of that official of his favorable attitude toward the completion of the harbor at Cape Lookout.

Chairman O'Connor has informed the Board of Engineers that the shipping Board takes the attitude that the proposed improvements are of considerable value to American shipping, and that the deepening of the channel at Beaufort Inlet to 30 feet and the completion of the work on the harbor of refuge at Cape Lookout would provide much needed facilities for ocean carriers at that point and that the Shipping Board has authorized him to say that the board looks with favor upon both of these projects and recommends that they be carried out.

W. B. DUNCAN IS MADE BANKRUPTCY REFEREE

Raleigh, April—In a telephonic conversation with the News and Observer from New York, United States Judge I. M. Meekins announced last night that he had appointed William B. Duncan, present Raleigh postmaster as referee in bankruptcy, succeeding Joseph B. Cheshire, Jr., of Raleigh, who resigned. Duncan will resign as postmaster May 1.

This week's news this week in the News.

JURY ACQUITS ON LARCENY CHARGE

Evidence Rather Flimsy Against Hardesty; Joe Guthrie Convicted On Liquor Charge

Only three cases were tried in Recorder's Court Tuesday but it required considerable time to dispose of them. At the morning session Joe Guthrie, white man of Morehead City, was tried on a liquor charge and in the afternoon Rupert Hardesty, white, of the Harlowe section was tried on the charge of larceny. Mark Washington, colored, of Beaufort was charged with injury to county property.

It was shown that Mark Washington, who was given a sentence recently to the county roads and who spends his nights in the jail, broke a bottle of medicine and injured a comrade. The medicine had been bought for some of the prisoners and cost \$2 and the injury to the comrade was considerable. Mark was given sixty days more in jail to expiate his offense.

The evidence against Joe Guthrie was given by Police Officer Seth Hughes and Chief of Police James Willis of Morehead City. Officer Hughes said that he watched Guthrie Saturday afternoon and night and (Continued on page five)

HYDROPLANE ALIGHTS HERE SUNDAY AFTERNOON

Two gentlemen arrived here Sunday afternoon in a hydroplane from Miami. They alighted about the time of the day when a great many folks are out walking and riding. A crowd quickly gathered to watch the plane; care were parked all along Front Street while the occupants looked on the scene. After some deliberation these men—the News was unable to learn their names—started their motor and taxied over to Key Island Inn where they left the plane for the night. They were the guests of the Davis House and left early the next morning for New York.

BOBCAT KILLED TUESDAY OUT IN OPEN GROUNDS

A bobcat measuring about four feet in length and weighing between twenty and twenty-five pounds was found in a trap Tuesday morning by Mr. Fred Mosher, who lives out in the Open Grounds. The creature was killed and brought to town; it was seen by a goodly number of folks here. Mr. Mosher does his own taxidermy work and he will mount the bobcat for Mr. B. H. Noe. The deer head to be seen in the Noe Hardware window was killed and mounted by Mr. Mosher.

District Republicans To Meet In Goldsboro

Chairman A. T. Gardner of the Third District Republican Congressional Committee has issued a call for a Republican convention to take place in Goldsboro April 22. The convention will be held in the county courthouse beginning at 2 P. M. The object of it is to endorse a candidate for Congress and to transact any other business that may come before it. This convention will be held just a few days after the State convention which meets in Charlotte April 17. It is expected that a good many Republicans from Carteret County will attend both conventions. Any Republican who wishes to go will be classed as a delegate.

CONCERTED EFFORT WILL BE MADE TO INCREASE CHURCH MEMBERSHIP

The white churches of Beaufort are planning to put into effect a new type of evangelism, or rather to revive a very old type, beginning with a service at three o'clock next Sunday afternoon at the Methodist church. The plan is for the workers to go out two by two and make friendly visits with all the church folks of the town, as well as with those who are friendly toward the church.

The plan has a two-fold objective. First to seek to enlist all the members of all the churches in the work of the church in the community. There are approximately one thousand members in the three leading churches of Beaufort. Among these members there are many fine and only given themselves, their time and their means for the furtherance of the Kingdom of God, but who are now doing this every day. But there are many others also who for one reason

AUTO ACCIDENTS TAKE NINE LIVES

Six Killed At Railroad Crossings; Ten Were Also Injured

Charlotte, March 31—Nine persons are dead and ten injured as a result of automobile accidents on North Carolina highways over the week-end. Six of the nine killed met death at grade crossings.

An auto-train crash early this morning at Dunn snuffed out the lives of three negroes. Two persons were killed late Saturday at a grade crossing in Thomasville. A Greensboro school teacher was killed in an auto-train crash in Guilford county Saturday.

A grandmother and her eighteen-months-old grandchild were killed in a crash of two automobiles near Raleigh yesterday afternoon. Eight persons were injured in this accident.

A Greensboro physician was injured in the Guilford county crash, one negro was hurt in the Dunn accident.

The dead:
T. J. Sprouse, 45, of Gastonia, who died in a hospital today of injuries received when his car left an embankment near Charlotte.

Miss Alice Houston, 41, Greensboro school teacher.

Mrs. R. R. Honeycutt of Raleigh and her granddaughter, Baby Katherine Honeycutt.

Mrs. and Mrs. Charles Edward Michael, of Thomasville.

Robert Johnson, Jim Flowers and Lee Maynor, Dunn negroes.

The injured:
R. R. Honeycutt, of Raleigh; Rufus Honeycutt, aged 9; William Stevens, 17; Alma Honeycutt, 14; Edna Earl Honeycutt 9; Nettie Pearl Price 9; Gladys Honeycutt, 11; and Louise Honeycutt, 19, all injured in the Raleigh accident.

Dr. W. P. Beall, 80, veteran Greensboro physician.

Stephen Maynor, Dunn negro.

RECRUITING OFFICER TALKS TO BEAUFORT HIGH BOYS

Chief Torpedoman Henry L. Brown of the U. S. Navy, who is the officer in charge of the Naval Recruiting Station in New Bern, made a talk to the Beaufort High School boys Wednesday. He outlined in a very interesting way the advantages the Navy affords in the way of education, trade and travel. He said he had sixty-five applicants last month, but due to the stringent physical and educational examination only four were able to enlist. There are about five openings each month in the New Bern station.

Front Of Furniture Store Is Renovated

The windows of the building occupied by the Gaskill-Mace Furniture Store are being rebuilt. A high wind blew one of the plates of glass out last week. The other panes were removed and new framing placed in their stead. Before, rain leaked through this woodwork and an endeavor is being made to prevent this in the construction of the new front. This renovation will improve the looks of the building very much.

JEWELER MOVES STORE

Wm. H. Bailey, well-known local jeweler, moved his place of business the latter part of last week from the DeNoyer Building on Front Street across in the building formerly occupied by the Carteret Broadcast Service Company. Mr. Bailey has been in business here for the last six years.

ERROR IN ADVERTISEMENT IS HEREWITH CORRECTED

A typographical error in the Purina feed advertisement last week occurred which entirely altered the meaning of the advertisement. It is herewith corrected. Mr. M. M. Jones who represents the manufacturer of the Purina products has been in Beaufort several weeks demonstrating the value of the food by feeding it to poultry. The advertisement stated that 10 chicks belonging to Mrs. L. L. Springle were fed when it should have said 100 chicks. It also said that 40 chicks belonging to Miss Fannie Simpson were fed and this should have been 400 chicks. The News regrets the error and is glad to correct it.

TIRES AND WHEEL STOLEN FROM PLAYGOERS TUESDAY

The play given at the Beaufort High School Tuesday night cost at least two people more than they had calculated. Mr. Joseph House lost a brand-new tire and rim off his Essex, and from Mr. Fred Smith, of Bachelor, was stolen a tire and wheel from his Ford roadster. Gasoline has been taken from the tanks of playgoers before, but this is the first time as far as the News knows of tires being taken.

PUNCTUALITY.

The News for many years has laid great stress on punctuality of publication. Rarely indeed has this sheet failed to come out on Thursday afternoons, which is its appointed time. This is better for the paper, better for our readers and especially beneficial for our advertisers because the paper gets out on the various routes early Friday morning and is in every postoffice in the county by Friday afternoon. In order to maintain our record of punctuality we must ask the cooperation of our correspondents and particularly that of our advertisers. Copy should be in our hands not later than Tuesday evening. Copy received after that may not receive the attention it should have or it may not be possible to use it at all. Let us have your copy early and we will all be happy.

Only Five Cases In Police Court

Only five cases came before Mayor Chadwick Friday afternoon in Police Court. Three of these offenders were of the colored race, and two were white.

Clara Anderson, who gave her age as 19 years but looked much younger, was charged with fighting. She pleaded guilty to the charge and received a sentence of two dollars and a half or ten days on the streets.

Rossie Anderson was up for being drunk. He too pleaded guilty and received a fine of two and a half or ten days on the streets.

Dan Chadwick and S. A. Thomas were both charged with drunkenness and disorderly conduct. They submitted and received like sentences of ten dollars and cost or twenty days on the streets.

Willie Fulford, colored, judgment suspended upon payment of cost.

WHALE ON EXHIBIT

Visitors to the State Museum at Raleigh, a Division of the State Department of Agriculture, may inspect the sperm whale skeleton, which has been duly assembled. This whale, one of the three or four of its kind exhibited anywhere in the United States, was beached at Wrightsville, near Wilmington.

Three Stills Found In Harlowe Section

Deputy Sheriff John Pake and Mr. Jones Allen Lewis captured three whiskey stills on the Newport road near the Harlowe Creek bridge Tuesday. The larger copper one had an approximate capacity of one hundred gallons; the smaller copper one, sixty-five and the steel one was made from a thirty-five gallon oil drum. Twenty-two four foot square boxes were used for mixing mash, but no mash was found except that which had already been used. No one was captured with the stills. The officers had received information concerning its whereabouts. The plant bore evidence of being in operation for a long time. Copper was even found for mending the still.

TIDE TABLE

Information as to the tides at Beaufort is given in this column. The figures are approximately correct and based on tables furnished by the U. S. Geodetic Survey. Some allowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the heads of the estuaries.

ANOTHER MEETING TO REDUCE TAXES

Forty Four Counties Represented In Raleigh Monday; Meet Again April 21

Raleigh, April 1—Advocates of tax reduction in North Carolina adjourned a two-day meeting here today after effecting organization of the North Carolina tax relief association.

An executive committee of the body will meet here April 14, to name officers and draw resolutions to be placed before another general meeting to be held here April 21.

Delegates representing 44 counties departed after reaching decisions to wage campaigns for land tax reduction from the next general assembly in every county of the state and for state support of the constitutional school term. Attendance today was much larger than yesterday.

Commissioner of Revenue Allen J. Maxwell, who with Governor Gardner was the only state official to address the meeting, told the delegates today that the time has arrived to call a halt in the rise in public service costs in North Carolina.

Mr. Maxwell supported Governor Gardner's view expressed Monday night, that a special session of the legislature would be inadvisable.

Former State Supervisor of Public Instruction J. Y. Joyner, another speaker this morning, declared "we must remove the rank inequity and injustice on property tax which is now paying 75 per cent of the state's taxes and there must be a reduction of valuations and in taxation regardless of costs."

The question of a sales tax was much discussed from the opening of the meeting Monday morning until its close today.

Resolutions to seek a tax reduction pledge from every member of the next general assembly and to reform the method of land value appraisal were adopted last night by the meeting.

Representatives at the tax reduction meeting from this county Monday were C. H. Bushall, chairman of the board of county commissioners, D. M. Jones, member of the House of Representatives, Judge E. Walter Hill, U. E. Swann, cashier of the Beaufort Banking and Trust Company, L. L. Leary merchant of Morehead City.

EVANGELISTIC SERVICES PRESBYTERIAN CHURCH

Morehead City, April 1—Sunday, April 20 marks the beginning of a series of evangelistic services at the Presbyterian Church. Rev. R. C. Clontz, Home Mission Superintendent of Wilmington Presbytery assisted by Mr. A. Burr his song leader will conduct these services.

Mr. Clontz and Mr. Burr both have a wide experience in Christian service and come to us well qualified to lead a profitable and successful meeting.

We extend to one and all a most cordial welcome to attend these services and pray that a real spiritual awakening may be the result.
