MARKETS GLUTTED, TRUCK PRICES FALL

Goldsboro, June 24—Potatoes and cucumbers poured into the Goldsboro and Mount Olive truck markets today. The price of potatoes in the Goldsboro market has sagged to \$2.50 a barrel from \$3.75 to \$4.00 ten days ago. Cucumbers brought 25 to 42 1-2 cents a bushel. "I never saw

so many cucumbers in all my life," said a Goldsboro man who visited the Mount Olive market today. "There was a string of wagons and trucks over a block long."

ALLEGED SAFE ROBBER IS PU TBEHIND TRIPLE BARS

Wilson, June 24—R. O. Jones, alleged leader of a band of safe-rob-

bers which has been operating in eastern North Carolina, was held in a triple-barred cell today as a precaution against his escape.

County officers yesterday discovered Jones had partially cut through the steel wall of a previous cell in which he had been held since his arrest. They transferred him to a tiny cell inside two larger steel cages.

MORE CONGRESSMEN FORSEEN FOR STATE

Charlotte, June 24—The possibility that North Carolina in the re-appointment of members of the national house of representatives will be given two more congressmen and certainly one additional member was advanced today by Charles M. Setzer, supervisor of the 1930 census in the seventh North Carolina district, in a talk to the Charlotte Engineers' club.

Mr. Setzer pointed out to the engineers that principal growth in the past 10 years as revealed by the census figures, has been in the piedmont section, in the far eastern section of North Carolina, lost 3 8-10 per cent in that period, while the fifth district gained 40 per cent, and the ninth, in which Mecklenburg is located, gained 33 per cent, said Mr. Setzer.

WILBUR M'LEOD GETS EXECUTIVE CLEMENCY

Raleigh, June 23—The shadow of death that has hovered for more than two years over Wilbur McLeod, Lee county negro, was lifted today by Governor O. Max Gardner who announced that he would commute sentence to life imprisonment. The governor said he seriously doubts the man's guilt.

Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone Powder, to hasten the healing. Liquid Borozone costs 30 cents, 60 cents, \$1.20 and \$1.50; Borozone Powder, 30 cents and 60 cents, and can be had at JOSEPH HOUSE, Druggist

convictions, two reviews by the Supreme court, and one reprieve by the governor, was scheduled to die Friday. He arrived on death row in May, 1928.

The case of McLeod has proved one of the most perplexing in the history of capital punishment in North Carolina. First convicted of attacking and slaying an aged Lee county woman, McLeod took his case to the Supreme court which ordered a new trial on the ground that blood hound evidence on which the state's case was based was incompetent.

In May, 1929, the negro was tried again before Judge Garland Midyette and convicted a second time. The Supreme court upheld the second conviction over a vigorous dissenting of Justice Adams with Justice Brogdon also expressing doubt as to the negro's guilt.

WILL HOLD CONFERENCE ON ELEMENTARY EDUCATION

(State Superintendent Public Instruction)

Raleigh, July 1—"The program for the Sixth Annual North Carolina Conference on Elementary Education which will be held in Chapel Hill on July 17 and 18 promises to be of greatest value to all persons who attend the Conference," according to Dr. M. C. S. Noble, Jr., Executive Secretary of the Conference. "The persons who will deliver talks during the Conference," according to Dr. Noble, "are persons who have conducted outstanding studies in the field of elementary education during the current school year. Superintendents, supervisors, principals, and teachers should derive great benefit from hearing the program speakers describe the practical manner in which they have dealt with their problems.

For instance Superintendent W. H. Pittman will describe the manner in which the public schools of Edgecombe County have cooperated with Governor Garrison's Live-at-Home Program; Superintendent R. W. Carver of Hickory will describe the supervised study program which has been tried out successfully in the public elementary schools of Hickory; Miss Bessie Terry will tell how the school library in the Rockingham Grammar School is used to help the child develop the habit of critical thinking; and Superintendent B. L. Smith will tell about the character education program in the Shelby public schools.

According to Dr. Noble, the program for this year's Conference on Elementary Education should be of greatest practical benefit to any person who works in the elementary schools because it will consist of a series of speeches in which successful North Carolina educators tell how they are solving those problems which are fundamental to the public elementary schools.

CARD OF THANKS.

We wish to express our thanks and sincere appreciation to the many friends who sympathized with us in the recent death of our beloved son and brother Dallas. We also appreciate the many floral tributes and everything that was done to assuage our grief.
