SUMMER DESSERTS

THE three most popular home des-I serts in this country during the summer are undoubtedly these: Shortcake, ple and ice cream, and almost all of the summer fruits may be used in one or more of these types of dessert. Strawberry ice cream, strawberry shortcake and a ple or tart made by baking a single pastry shell, filling it with fresh strawberries just before serving, and spreading with whipped cream.

Peach ice cream, peach shortcake and peach ple made by using sliced peaches in the same way, which is generally preferred to the cooked peach pie. Red raspberries make delicious ice cream though some persons prefer the flavor in water ice or sherbet. The best sort of red raspberry shortcake is doubtless one made from biscuit dough, rather than cake and whipped cream. Red raspberries may be used for the sort of one shell ple described or may be used with an equal quantity of currants to make a cooked berry pie that is uncommonly good.

Oddly enough apples have never lent themselves to ice cream making but they make amends in their usefulness in pies. Apple sauce shortcake deserves greater popularity than it has. It is made from a layer of light biscuit dough freshly baked in a cake pan. It is split in two in the middle, spread lightly with butter and filled with freshly made apple sauce. "SOUP'S ON"

In these days with hundreds of varieties of soups that come to us

canned and ready to reheat and serve, one is hard to suit who cannot find one to serve for any occasion. For those who prefer to prepare their own soups, as most

cooks do, except in emergency, the following good ones will warm and sat-

Tomato Bisque.-Cook three cupfuls of tomatoes with one bay leaf, four cloves, one-half an onion, two teaspoonfuls of sugar ten minutes, then strain, add one-fourth teaspoonful of soda and two cupfuls of white sauce. Serve at once with croutons. To prepare the white sauce take one and one-half tablespoonfuls of vegetable oil, one tablespoonful of minced onion, one tablespoonful of cornstarch, one-half tenspoonful of sait, one cupful of milk and pepper to taste. Cook (stirring over a low heat) the oil and the onion, add the corsstarch and stir and cook for three minutes, then add the milk and cook for five minutes. Strain and add to the hot soup.

Baked Bean Soup .- Take three cupfuls of beans, three plats of water, two stalks of celery, bring to the bolling point, then simmer for 30 minutes. Rub through a sleve, add one and one-half cupfuls of stewed and strained tomatoes, one tablespoonful of chill sauce and salt and pepper to season. Cook one tablespoonful of minced onion in two tablespoonfuls of vegetable oil three minutes, add a tablespoonful of cornstarch and cook three minutes, stir into the soup, boil up and serve with croutons.

Home-Made Noodles.-Beat two eggs. add salt to season, with enough flour to make a stiff dough. Knead it, then I roll as thin as possible. Cover with a towel and then set aside to dry for a half hour. Spread very lightly with flour and roll like a jelly roll. With a sharp knife cut strips about oneeighth-inch thick. Unroll and dry again. Then drop into boiling broth or well-salted water and cook 15
