S. T. Latta of Orange County is preparing 10 acres of land to be planted to pasture grasses next spring

Month of August Had Some Right Hot Days
There were 24 clear days hereabouts in the month of August and 11 of them were quite hot for this section; they had maximum records of 90 or more. The hottest days were the 4th, 12th and 30th when the record reached 92 Fahrenheit. These temperatures however were eclipsed by some recorded in other places in the State where the thermometer broke a good many records going up as high as 105.

The winds in August were mostly from the northeast and southwest, 11 days from the former and 10 from the latter. It blew from the east four days, the south three and west two. The rainfall for the month was fairly good, 4.05 inches. Temperature figures for the month are given below. This information is furnished by the

U. S. Weather station on Piver's Island.

Things Look Better
Higher prices for tobacco, cotton, wheat, corn and various other commodities mean that business is on the up-grade. Factories are resuming work, more people are employed and the outlook is good.
The Revival in Business
can be greatly helped by putting more money into circulation. Money is the life blood of business. Hoarded money does nobody any good. People who carry bank accounts keep money in circulation and benefit themselves and their communities.
Open a bank account with us now. It will be a big convenience to you and a benefit to your community.
