Mrs. Tommie Simpson spent Tuesday here with her mother.

Mr. William Wade was a Sunday visitor in our community.

Mr. Burt Daniels, Charlie Pake and Allen Lupton spent the week end here with their families.

JIMMIE GUTHRIE WRITES

To the Editor:
Long ago before any Coast Guard Stations, Abri nets or Picket boats were in our waters, headed for the beach at "Great Island Bay" near the "Guthrie Hammocks" and abreast Atlantic, a steam ship heavy laden with coffee. As we gazed off thru the breaking waves, we attempted to sympathize with those worn sailors, whose doom they could see within a stones throw. As the rays of

the sun commenced to dance their way thru the heavy mist it could be easily seen that helpless humans were clinging to the rigging, exerting themselves to the last inch of strength they possessed just to save their lives.

Later came sailing for shore a three masted by the name of "Joseph Rudd" nicely but not quietly. She placed her big and black bow on the reef that protects the salt caked beach on the eastern shore of North Carolina and Raleigh Bay. Many other ships and lives have been destroyed hereabouts and the great God in his loving kindness permitted it to continue, because his time had not arrived to stop it, when time did come God himself made the necessary change, cut the beach thru to the ocean, giving the visible and National Government a chance to finish up his work he had on the earth before the symbolic fire begins to burn, as recorded in the heavenly record.

To further prove this statement, the one spoken of in the Bible is already beginning to burn. The troublesome times that we see amongst the people and the Nations of the earth; and it will continue to burn until all the false systems and Satans empire are completely destroyed. Jesus further stated, (speaking of his presence) that at that time there would be upon the earth distress of Nations, with perplexity, the sea would be restless, and the waves roaring, when men's hearts would fail them for fear, and for looking after those things which are coming on the earth, for the powers of Heaven shall be shaken and then shall they see the Son of man coming in a cloud with great glory, (Luke 21:25) We know that just now all Nations are in distress, and that the people in all branches of business socially, politically and other wise are in perplexity and know not what to do, and we people are so fearful about our business affairs that our hearts are already failing us.

The great God made our Government, he also made the men who are attempting to run it, and he wants them to ask him to help them talk along smooth and fine, knowing as he does that they cannot handle it as it should go. Because when it is correctly handled the wars will be no more the political quarrel will stop, peace and plenty will reign, and the people themselves will "beat swords into plough shares" and the spears into pruning hooks, then and then only can we run thru the beach in our boats and say "calm and peace shall follow me all the days of my life."
