Mr. Safrit says that, during the course of a year the Brinson Mem. Principal plant will ship up to 250 solid carloads by rail. (And some people seem to be of the opinion that Beaufort has no need for a railroad). Much of the lumber from Scarboro-Safrit is used right here in Carteret county, have been increased demands for lum ber in Morehead City, Beaufort and Atlantic Box t, but Robert Safrit says the stead of demand in Carteret comes from the communities down east. When you see a house or a new building of any sort going up in Carteret and you see many at this time, you may rest assured that the lumber or the majority of it is a product of Scarboro-Safrit Company of Beaufort. A year or two ago Mr. Safrit told me that one of his heavy Company. They were using Carteret

> IT IS QUITE likely that Beaufort will soon have a law prohibiting promiscous necking by courting couples down at the eastern end of Front Street. Time was when that area was a rather secluded spot for courting couples, but the section is building up considerably and the residents there will soon start kicking about the nocturnal love making on East Front street. Or maybe I am wrong.
