## Watson Explained Child Labor Laws

### Sheriff And Police To Aid Labor Dept. In Enforcement

#### NEW LAWS BECOME EFFECTIVE TODAY

Mr. W. C. Watson, inspector from the State Department of Labor was in the Welfare Department Tuesday morning for the purpose of explaining the new Child Labor Laws. The inspector instructed members of the staff, Chief of Police and other officials to carry out the rules and regulations presented by Major A. L. Fletcher, State Commissioner of Labor, to govern the new State Statutes enacted by the last legislature.

The new Child Labor Law and New Maximum Hours Law goes into effect July 1st, 1937.

The high lights of the Child Labor Law are:

1st. The employment certificate is regulated by law for all minors under 18 years of age, in all kinds of trades except agricultural and domestic.

2nd. Prohibits all minors under 18 years, where alcoholic beverages are sold or dispensed, or in a pool room or a billiard room.

Another feature is that the employer should keep a time record which should state name of minor employed, and the number of hours worked by said minor on each day of the week and the amount of wages paid, during each pay period. These records shall be kept on file one year from date of entry and open for inspection from the Department of Labor.

The new maximum law states, that no employer should employ a female person more than 48 hours in any (Continued on page eight)

## Fight Promoter

Addison 'Kayo' Warren

Addison 'Kayo' Warren, who when the above photograph was taken a while back was really a 'kayo' artist will present the first in a series of four Casino boxing bouts on Atlantic Beach next Friday night, July 9. He has an interesting card and promises fight fans plenty of fistic entertainment. Add Warren is no longer a fighter himself, but instead a promoter—except during the time he is taking care of his duties as Boxing Mentor of Duke University, where he has turned out some outstanding and scientific scrappers.

## Fame of Carteret Flowers Spreading

The fame of Carteret flowers is spreading. Last week in New York City the National Library Association held its annual convention. The huge banquet hall was decorated with a variety of Carteret county grown flowers from the farm of H. B. Avery. Miss Dorothy Avery is a member of the Library Association.

The fertile soil of East Carteret county has been widely acclaimed during the past few years as suitable for growing flowers. Each day for weeks large shipments of many species of flowers have left here by railway express. The flower growing industry, is fast becoming a 'big industry' in Carteret county.

## Baby Egrets at Lenoxville Rookery

Audubon Society Makes This Photo Possible

Although Roy Eubanks, ace photographer whose pictures have frequently been published in The Beaufort News snapped the above shot, there is more truth than poetry in the sub-caption beneath the cut. Had not the National Association of Audubon Societies waged a war against plume hunters some 40-years ago, women would have continued wearing aigrettes as chapeau decorations and within a few years the demand would have exhausted the supply. That is to say, egrets like the passenger pigeon, the great auk and other birds, would have become extinct.

But no longer do women wear plumes in their hats. Plume hunters no longer slaughter egrets during the nesting seasons. And the birds, sometimes called white heron or cranes are becoming somewhat numerous again. Lenoxville Rookery is the farthest north of any five known egret rookeries in the United States today. The little fellows above were taken from the nest to be photographed. Then they were returned to their nest and by this time are almost ready to take off in flight. (Eubanks-News Photo)

## Social Security Effective Today

### SOCIAL SECURITY

Only the needy applicants will share in the Old Age and Child Dependent assistance which becomes effective in Carteret and other counties of North Carolina today. "This Social Security program," says F. R. Seeley, "should not be confused with any Townsend Plan—and emphatically, it is not an old age pension." Mr. Seeley gave the following facts relative to Carteret county.

The old age assistance to the needy of Carteret this year will be between thirty-five and forty thousand dollars. From present indications, it appears that there are so many applicants who will be accepted, that the net average per accepted applicant will be only about \$7 or \$8 per month.

The Social Security Program may not be thoroughly organized for at least two years and at that time the monthly allowances in all probabilities will be increased.

Dependent children, that is anyone under 16 years of age (Continued on page eight)

## Welfare Department Is Being Swamped With Applications

### COUNTY BOARD ACTING IN ADVISORY CAPACITY

The State's Social Security program becomes operative today, according to an announcement made early this week by Mrs. W. T. Best, Commissioner of the State Board of Charities and public Welfare, through Mrs. W. B. Aycock, director of the County Organization. The newly-formed board of Carteret, named during early June consists of Fred R. Seely, the state appointee; A. Grady Willis, Atlantic appointed by the county commissioners and Dr. Frank Hall of Morehead City, the third appointee. These board members will assist in the administration of the program in this county.

They will also serve in an advisory capacity to Mrs. George Henderson, superintendent of public welfare in Carteret, aiding her in developing policies and plans. At the present time the Carteret Welfare Department and similar departments in each of the 100 counties in the State are investigating applicants for Old Age Assistance and aid to Dependent Children. The county Board of Welfare must also pass upon applicants approved, which in turn will also furnish any application requested by the State Board of Welfare and Charities.

There has been much misunderstanding about the Social Security program which will be governed by the Welfare Department and Welfare Board in Carteret. It will take, it is believed, quite some time for the people to understand the program thoroughly, but every effort is being made to give every applicant complete consideration and all information requested or sought.

The terms of office for the County Board of Welfare follows: State Appointee, until May 1938; Commissioners' appointee until May 1939 and the third until May 1940.

## FIREWORKS

A feature of the official Fourth of July celebration on Atlantic Beach, Monday night, July 5, will be a gorgeous display of fireworks from nearby sand-dunes, presented with the compliments and at no extra cost to Beach patrons, by the management. Every one in Carteret county is extended an invitation to be present to witness the pyrotechnic display. On Sunday afternoon an exhibition boxing bout, and a battle royal will be presented in the ring on the beach, at no cost to patrons. Jimmie Livingston and His Orchestra will also present their regular Sunday afternoon Boardwalk Concert from the veranda of the Atlantic Beach Casino.

**IN WASHINGTON**  
 WHAT IS TAKING PLACE BY  
 R. H. R. R. R.  
 UNITED STATES SENATOR

There is widespread agreement among members of Congress that the situation in Washington today, whether it be called uncertainty or by some other name, is primarily due to the fact that we have reached another period of national readjustment when the future depends, in large measure, on the course that will be taken. How far shall the Federal Government go in changing present institutions? What shall be done in the direction of Federal control of hours and wages, no so vitally affected by activities that are clearly interstate commerce in character?

These questions press for answers (Continued on page eight)
