## BHS PLAYS SCORELESS DEAD-LOCK

Excellent Showing Made By Hassell-Coached Team

By A. R. RICE

Beaufort came close — oh so close — to scoring touchdowns on two occasions at New Bern last Friday night, but in each instance lacked the necessary wherewithal to push over the few remaining yards to pay-dirt and the game ended in a scoreless deadlock.

Beaufort's first opportunity came near the end of the first

GAME HERE FRIDAY

Lagrange's strong team will play at the local athletic field tomorrow, Friday, Oct. 3.

quarter. "Butch" Austin passed 15 yards from midfield to Williams who galloped to the ten. New Bern held and the ball was lost on the six. Midway of the

APPRECIATION

By Robert Robinson

Beaufort High School, and especially the members of the football team and its coach, Ray Hassell, wish to thank the merchants and other citizens of Beaufort for their contributions and cooperation during the past few weeks. The contributions will go to buy new equipment, which is needed badly, and the cooperation shown in attending the games will inspire the boys to play the game harder. We also want to thank the Junior Chamber of Commerce for their gift and their enthusiastic support.

fourth quarter opportunity again knocked. Austin picked up 18 yards through the line from New Bern's 30 to the 12, but only four yards could be gained on the four tries and Beaufort lost the ball at the seven. Dunn ran from his own 40 to the opposition 40 in the third period. A fumble was recovered by New Bern on the 30.

New Bern penetrated no deeper into Beaufort territory than the 20, once late in the final quarter when Lennox fumbled a punt at his 22 and was covered by New Bern. They couldn't do better than two yards. The host team had been heralded as one of de-

## C. G. FLOTILLA 18 TO MEET TONIGHT

All members of Flotilla 18, U. S. Coast Guard Auxiliary have been urged to attend an important meeting to be held in Morehead City tonight (Thursday, Oct. 2, at the Morehead City Boat Club rooms.

Washington, D. C.

WINTER PLANS

As far as can be ascertained, the most important point under discussion between Hitler and Mussolini during their recent visit to the Russian battle lines was a plan by which Italian troops would hold down a sizeable portion of the German front during the Russian winter stalemate.

Naturally, no one outside the Fascist-Nazi high command really knows the details of what happened. However, Mussolini squawked so loudly over Hitler's demands, that their general nature leaked out in Rome—where a lot of army leaders are none too friendly to the Axis.

Hitler's theory, bluntly put, was that the Italians were no good as fighters; so during the winter months when there was no fighting to be done, they could move into the trenches and protect the German lines.

Then Hitler could ship his troops down to Africa, and could clean up the whole of North Africa before spring and good fighting weather returned to Russia. Hitler figured that during the winter he could take over all of French North Africa, Egypt and the Suez canal, then penetrate to Dakar—from which he would have a base against South America.

It has long been known that Hitler realizes he has to move fast in

## Take Part In Local Meeting Of Clerics

DIocese's Bishop Darst

RECTOR OF ST. PAUL'S

TAKING LEADING roles in the meeting of the East Carolina Diocese of the Episcopal Church held at Inlet Inn here on Tuesday and Wednesday were the clerics shown above. At top is the Rt. Rev. Thomas Darst, Bishop of the Diocese. Lower picture shows the Rev. E. C. McConnell, Rector of St. Paul's Episcopal church where the 27 visiting clergymen observed Holy Communion on Wednesday morning. (News Photos).

## Atlantic Fishermen Make Biggest Catch Of Spots Of Season

A crew of six fishermen Down East made the unbelievable catch of 140,000 pounds of spots in Core Sound on the weekend. It is the largest catch of fish made by a single crew this season and perhaps in many seasons. Conditions were just right for retaining the captured fish and Clayton Fulcher, well known Atlantic dealer handled the catch with his available run-boats.

Young Dr. Daniels, who is operating his father's ice plant at Atlantic who reported the big catch to The Beaufort News stated that he did not know the names of the party making the catch. It was reported that they received approximately \$2,900 for the fish. Catches were still good on Wednesday and a total of over 2,500 boxes of fish were brought to dealers at Atlantic harbor.

## COVERING THE WATERFRONT

By AYCOCK BROWN

IT SEEMS, judging from what one reads between the lines, the Atlantic and East Carolina Railroad would like for the Beaufort and Morehead short line to cease operations. I may be wrong but that is how I have read between the lines. The latest story was one under a Kinston dateline which indicated that while the A. and E. C. had not operated in black figures, to any extent since H. P. Edwards and associates took over, that the B. and M., its connecting carrier at the eastern terminus which owns no rolling stock, has not operated in the red since it was purchased for a song by local business men.

IT SEEMS TO me and I'll admit that I am a non-railroad man that the B & M would be making a very worthwhile move if it extended operations (by motor freight and express, of course) to the communities in East and north Carteret. It seems to me that such a daily service would encourage more shipping by B.M. There could be sub-express and freight offices at Harlowe, Atlantic, Cedar Island, Sea Level, Stacy, Davis, Wiliston, Smyrna, Marshallberg.

## CLERGYMEN OF DIOCESE MEET IN BEAUFORT

Bishop Darst And 27 Rectors Met At Inlet Inn

The Rt. Rev. Thomas C. Darst, Bishop of the Diocese, and 27 clergymen of the Episcopal Church in East Carolina met at the Inlet Inn on Tuesday evening, September 30 for the Annual Clergy Conference. The Rev. Theodore Barth, rector of Calvary Church, Memphis, Tenn., Chaplain Wolverton and Chaplain Pierce of Camp Davis attended as guests of the Diocese. The Rev. Theodore Barth led two conferences for the meeting.

The first conference and discussion on Tuesday night dealt with Worship and Prayer as the foundations and essentials of Christian life. Mr. Barth likened worship and prayer as roots supplying strength to the tree of personality which produces fruits of action.

The morning session opened with Holy Communion in St. Paul's Church followed by reports by the various departments of the Church activity in the Diocese. The second conference led by Mr. Barth dealt with the second phase of the Ten Year Plan of Forward in Service being followed by the Episcopal Church throughout the nation. This second phase, called Our Parish in Action, sets forth suggestions for forward activities with children, young people and adults.

The conference ended with dinner at the Inn at one o'clock.

## FOOD HANDLERS TO BE GIVEN EXAMINATIONS

Sanitary Officer Makes Survey In County

The Carteret County Health Department through a Sanitary Officer of the North Carolina State Board of Health has recently completed a survey of restaurants and meat markets. The operators of these establishments were instructed as to the necessary requirements for obtaining a satisfactory sanitary rating.

Among these requirements is one that follows: "Before permitting any person to work in a meat

## County Club Women Knit For Red Cross

On Monday evening, September 29th, war time knitting needles again clicked as North River Home Demonstration Club women, under the leadership of their president, Mrs. Paul Beachem, gathered at the home of Mrs. W. J. Dail, to receive Red Cross knitting instructions from Mrs. McConnell, Red Cross representative.

Wool and directions for eight sweaters were released and six of these garments were begun. Women of the North River neighborhood interested in knitting for war-torn Europe should immediately contact Mrs. W. J. Dail, for wool and directions.

## MEMBERSHIP OF LOCAL LEGION OVER THE TOP

With an increase of six members over last year Carteret Post 99, American Legion has gone over the top with its annual membership drive, according to Tom Kelly, adjutant. The membership last year was 86 members as compared to 92 members this year. The Morehead City Post has a membership of 56 members as compared to 53 last year.

The two Posts in Carteret are two of five in the Third District showing an increase in membership. New Bern, Bayboro and Swansboro Posts are far below the membership quotas of 1941, according to a report in the current issue of N. C. Legion News.

## DISCUSS PLANS FOR 3-DAY B.S. CAMPAIGN SOON

Representative Of E. C. Council Was Here Tuesday

Details of procedure for a three day campaign to increase interest in Carteret County boys of Scout age and raising the district's part of the East Carolina Council budget was discussed at a meeting in the Inlet Inn here Tuesday night. Meeting with the group of local and county Scout officials was Douglas L. Kelly, field representative of the East Carolina Council of the Boy Scouts of America, who had come down from Kinston for the occasion.

Details of a campaign to raise Carteret's budget will be completed later. The campaign, lasting three days will be held during late October, probably starting on the 24th, it was indicated by an official.

Those meeting to discuss plans on Tuesday included Dr. W. L. Woodard, chairman of Carteret Council; B. H. Stephens, chairman financial committee; Stanley Woodland, chairman, major gifts committee; Dr. S. W. Thompson, Rev. Stanley Potter, Rev. Clyde Boggs, W. E. Biggs, and Bill Blades Parkin, local scoutmaster.

Those who have agreed to act as captains in the campaign include: Rev. Stanley Potter, Dr. S. J. Eure, Rev. W. Y. Stewart and Rev. Clyde Boggs.

## WAR SECRETARY ISSUES WARNING TO NAVIGATORS

War Secretary Stimson has issued a formal warning to fishermen and navigation interests in general who will be in the western section of Onslow Bay of the Atlantic Ocean in the future. The warning has to do with target practice of the military forces stationed at Hurst Beach, Sears Landing and Ft. Fisher. Menhaden fishermen especially are urged to read the warning, text of which appears on Page 2 of this issue. It is suggested that boatmen who have not received a copy of the warning from District Engineer's Office to clip same from this newspaper and keep in pilot house of their vessel. Chart of danger zones is posted at Beaufort News office and copy may be obtained from U. S. Engineers Office in Wilmington.

## SALTER PATH ROAD YET TO BE FINISHED

Capt. George Smith of Salter Path, who makes three trips weekly to Morehead City to get the mail for the community stated this week that the State Highway sponsored WPA-road project leading to the community was still uncompleted. He said that the road was in fairly good condition from Atlantic Beach to the Hoffman estate, which is about the half-way point. But, from there on into the community there are several sandy places which are almost impassable for automobiles. Salter Pathers wish the State and WPA would complete the road.

## NEW FEDERAL TAXES APPLYING TO ALL NON-ESSENTIAL THINGS

Anything that you can do without is being taxed, and how. Patrons of the ABC Store here may have been surprised to learn that their favorite brands had advanced from 20 to 40 cents per pint on Wednesday. If you bought a piece of costume jewelry which was marked one dollar, you paid three cents sales and 10 cents defense tax additionally.

## This Local Boy Is Aboard USS Greer

PICTURED ABOVE is Carlton Rhue, Beaufort High School athlete who joined the U. S. Navy following his graduation last Spring. He was the only Carteret County boy aboard the U. S. Destroyer "Greer" which one of Hitler's submarines shot at and missed off the coast of Iceland recently. Young Rhue is the son of Mr. and Mrs. E. C. Rhue. His father is employed as baker at Betts Bakery here.

## MRS. HUGH PAKE NEW PRESIDENT OF CLUB WOMEN

Outline Of Year's Work Discussed At Meeting

At the Fall Meeting of the County Council of Carteret's Federated Home Demonstration Clubs the following 1942-43 County officers were elected: President, Mrs. Hugh Pake, former president of the Bettie Club; vice-president, Mrs. Leslie Gillikin, former secretary of Smyrna-Marshallberg Club; secretary, Mrs. Fred Bell, former secretary of Newport Club; and treasurer, Miss Jessie Powell, former secretary and treasurer of Russell Creek Club.

With continued emphasis "Make America Strong by Making Americans Stronger" the Council made definite plans for the County Home Demonstration Program of work for the 1942 Club year. A major study in House Furnishings is to be carried but special emphasis is to be placed on good nutrition in various projects as "food will win the war and write the peace."

Plans were made for the Annual Fall Achievement Day Program to be held in the Beaufort Community Center.

## Misses Deer And Loses Shirt Tail

L. C. Springle of Beaufort RFD missed the first deer of the season early today and as a result Tom Tosto revived the quaint old hunting custom of cutting off the tail of Springle's shirt.

In the party hunting this morning besides Springle and Tosto were Corp. Clay, Murray Thomas, Sam Gibbs, Tom Gibbs and Robert Willis. The deer season opened yesterday.

## First Section REA Lines In Service Next Week

## DR. STEVICK IS NOW IN CHARGE HEALTH OFFICE

Succeeds Dr. Speas Who Opened New Department

Dr. Charles P. Stevick arrived this week to take over the duties of Health Officer for Carteret County. Dr. Stevick's home is Southern Pines. He succeeds Dr. W. P. Speas Jr., who established the local Health Department several weeks ago.

He is a graduate of Duke University, having received his A. B. degree in 1933, and his M. D. degree in 1936. After three years hospital training, much of which was confined to contagious diseases and diseases of children, Dr. Stevick entered the practice of medicine in Eastern North Carolina. After two years in practice a period of study in Public Health was carried out at the Greensboro City Health Department.

The new health officer has come directly from Greensboro, and will make his home here. Mrs. Stevick will join her husband here in a week or two.

The couple have one child, a seven months old daughter.

## JOHN MORRISON AWARDED WINGS IN AIR CORPS

Completing his advanced flying course at Maxwell Field, Alabama, last Friday, John McKenzie Morrison, son of Mrs. Morrison and the late Major John Morrison of Beaufort was appointed a second lieutenant in the Air Corps Reserve, received the military aeronautical rating of "Pilot", his coveted "Wings" and was assigned to extended active duty with an Air Corps tactical squadron for a period of one year. He is the first Beaufort boy to make the grade in the U. S. Army Air Corps.

While at Maxwell Field his advanced training included flying a low wing monoplane powered by a 600 horsepower motor on 70 hours of familiarization flights, individual accuracy, formation, night and time and distance navigation problems. In addition to this he received ground school training in military organization, signal communication, code practice (in which he attained a proficiency of eight words per minute), combat orders, squadron duties of junior officers, infantry drills and ceremonies and pistol practice.

It is rather suggestive to note what slight difference there is between the words "brag" and "bray."

## TIDE TABLE

Information as to the tide at Beaufort is given in this column. The figures are approximately correct and are based on tables furnished by the U. S. Geodetic Survey. So meallowances must be made for variations in the wind and also with respect to the locality, that is whether near the inlet or at the head of the estuaries.

## Cherry Point And Mill Creek Get Juice First

PRIORITY MAY GET NEEDED MATERIALS

Twenty-five miles of Carteret-Craven REA Membership Cooperative lines will go into service sometime during the coming week, it was announced today by L. C. Kerr, resident engineer of the project. This is made possible by the establishment of the stream lined sub-station erected at Newport. The power will be transmitted from Tidewater.

First sections to be served will be the extension to Cherry Point and to Route 101. Members of the cooperative in the Mill Creek and Newport sections will thus be first to benefit from the new service which will eventually make electricity available to persons living in every Carteret community except Salter Path, Lukens and Portsmouth. Already plans are underway to extend the service to Salter Path and in the course of time it may be extended across South River into the Lukens community where about 25 families live.

Other sections of the 158 miles of line will be cut in just as quickly as possible. Extension of lines to Cedar Island have almost been completed and linesmen are now stringing wire in the Stella section. Engineer Kerr stated that the Cooperative had been given a higher priority rating, which he believed would result in delivery of certain See R.E.A. LINES Page 8

## CHIEF OF STAFF AT CAMP DAVIS

General George Marshall, chief of staff of the U. S. Army paid Camp Davis a surprise flying visit on Sunday. In the course of three hours he toured the 20,000-man anti-aircraft training center, Fort Fisher Firing Point and the Barrage Balloon Training School. His host, Major General Frederick H. Smith at Camp Davis had only two hours notice that the Army's No. 1 general was coming for a visit.

## MUCH BUILDING ACTIVITY HERE

At least a dozen or more new homes are now under construction in Beaufort and vicinity a check up today revealed. The new homes range in price from several hundred to several thousand dollars each.

Man About Town:

John Edgar Hoover trimmed Heinrich Himmler's Hamburg Gestapo out of \$21,000 in cash! Spent 3Gs for that "Nazi" Long Island short-wave station and is keeping the rest for widows of his agents. The Left Wingers and John Labor Lewis are not so wide apart as Washington circles hope.

Herr Bruening, who was Germany's chancellor before the Nazis came, has applied for membership at the Harvard club. Louis Bromfield's description of the Paris social set: "The International White Trash."

Tom Mooney, they say, is topping a committee petitioning the release of Earl Browder. Sidney Weinberg, the OPM exec, to hear his severest critics tell it, is running things as though it were a flop show.

Sammy Kaye, who helped "Daddy" to fame, isn't to blame for the arranger not getting his royalties. How come the gov't allows Nazi "journalists" to remain here after their own colleagues (the Foreign Press Ass'n) kicked them out of that club for "unprofessional conduct"? Four days before the "horror ship" Navemar arrived—the line gave a sumptuous dinner for ship news reporters, trying to soft-pedal matters. The newly wedded Howard Reillys (pretty Jean Harrington) aren't being yaps, are they?
