Temperance Speaker Here Friday Night

DR. ZENO B. Spence of Goldsboro will speak at the annual meeting of the Atlantic District Baptist Association here on Friday, October 31, at 10:30 o'clock. The meeting will be held in First Baptist Church on Ann street. Subject of his talk will be "Temperance and Morals." HIT-RUN DEATH YET UNSOLVED

Investigating officers have not been able to solve the hit-run case occurring last Saturday night which snuffed out the life of 11-year-old Edward Melton Taylor, son of Mr. and Mrs. Lloyd Taylor of the Mansfield section west of Morehead City. Young Taylor, riding a bike, was delivering papers when last seen alive on Saturday night.

Two hitch-hiking Marines walking along U. S. 70 early Sunday morning discovered the crumpled body of the boy, and his broken bicycle nearby. Coroner George Dill investigated and said it was a case of hit-and-run driving. He indicated that there is a possibility that the driver of the car or truck which struck the youth may have not seen him due to the heavy pall of smoke and fog prevalent during early morning and late evenings recently.

Funeral services were held for the boy in New Bern (his former home) on Monday.

Annual Membership Drive To Begin November 11

DR. F. E. HYDE IS CHAPTER CHAIRMAN

Boys and girls in the schools of Carteret County have an opportunity to take part in the national defense program by enrolling in the American Junior Red Cross, Dr. F. E. Hyde, chairman of the Beaufort Red Cross Chapter, declared today.

Dr. Hyde said the Junior Red Cross as the junior division of membership is one of the many activities maintained by the American Red Cross from membership contributions received during its annual Roll Call. This year the Roll Call in this community will be conducted from November 11 to 30, he said. The campaign for enrollments of junior members will be held at the same time in every school in the area, he pointed out.

"Through their own organization 9,750,000 Junior Red Cross members in the nation are taking a united stand for national preparedness behind their country's quasi-official agency, the American Red Cross," he said. "They are partners in the work of their government and of the adult Red Cross organization."

Urging all schools in the city to cooperate in the forthcoming enrollment drive, Dr. Hyde said that "this nationwide movement gives the youth of our country an organization of their own in which they may fulfill social responsibilities and develop a regard for their fellow's welfare."

The current national program of the organization he said is based on the theme, "Citizenship Training for Internal Defense." He added that prominent educators have acclaimed the Junior Red Cross as a "workshop of citizenship in a democracy at peace or at war."

Three main principles underlie the organization's activities, he added: promotion of positive health, service to others, the state and nation, and the fostering of international understanding. Un- See RED CROSS Page 8

KINSTON LICKED BEAUFORT HIGH

Locals Didn't Have A Chance With Strong Team

WARSAW vs BEAUFORT Here Friday Afternoon, 3:30

By A. R. RICE

Just about everything in the book conspired to give Kinston High a very one-sided walloping of Beaufort at the Lenoir city Friday night, the 17th—long runs, passes, fumbles, interceptions, injuries.

To say that Beaufort had a chance after the first two minutes of play would be to say that the 36 to 0 final score was unearned for the winners completely outplayed the visiting array every second after Beaufort advanced the opening kickoff to the enemy 20 where an interception started the Kinston legions marching. The 13 to 0 half featured outstanding offensive play by Moore and Wooten, one of the touchdowns being a 65 yard run by the latter. Wooten, See FOOTBALL Page 8

Balloons Escape And Play Havoc

Two of the barrage balloons at Camp DaDvis escaped from moorings this week during a southerly gale and played havoc over a wide area. The steel cables dragged by the balloons not only short-circuited electric lines from Onslow to Norfolk, but one report was that the dangling cable picked up a pig-pen down near Swansboro, scattering swine here and yon, and causing the owner to express his opinion of runaway balloons. Lowell Thomas, the famous commentator of radio, gave a very concise report of the runaway balloons during his Wednesday night broadcasts.

FARMER PRICE VICTORY

Louis J. Taber, National Grange president, and other farm leaders didn't come away empty-handed from their conference with the President on price control.

While he would not agree to their proposal that wages be included in the price control bill drafted by Price Administrator Leon Henderson, Roosevelt did make one important concession. He said he would have no objection to a "parity averages formula" being put in the bill to limit the dumping of government-owned wheat and cotton when the prices of these commodities threaten to soar out of bounds. Under this formula, to insure farmers an average parity price for the full crop year, restrictions would be placed on the amount of wheat and cotton that could be sold. Also, the dumping could not begin until prices reach certain above-parity levels, to be worked out by Henderson and the department of agriculture. Taber and his colleagues had to do some fast talking to sell the President on this plan. At first he seemed in no mood to accept any changes in the bill and told his callers that if they had come to debate the question of controlling farm prices they were wasting their time. "We have simply got to head off inflationary trends," the President See MERRY-GO-ROUND P 7
