Neither Candidate a Suspect.

Boston Herald. No one suspects that Mr. Taft is subjected or will permit himself to be subjected to any influences in the interest of any corporation or aggregation of wealth which will prevent his giving faithful service to the country as its President, or which will temper his just and equitable enforcement of the laws. For that matter, no one suspects that Mr. Bryan is or would permit himself to be subjected to any such influences. There has not been an intimation in the campaign affecting the integrity of either of the candidates for the Presidency.

Mrs. H. W. Fuller, living on Hill St., Graham, N. C., says: "I have used Doan's Kidney Pills with highly satisfactory results, and am pleased to recommend them to other sufferers. Some time before they were brought to my notice I suffered from dull headaches, accompanied by severe pains through the small of my back. I heard Doan's Kidney Pills highly spoken of on so many occasions, that at last I procured a box and began their use. They banished the trouble in a short time, and it gave me pleasure to state that I have never had a return of it."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co. Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pill's for constipation.

The Fair last Week.

The Alamance Fair Association which held its annual exhibition last week was visited by a number of people. Some going for the real benefit they might receive, but most to see the crowd and be seen by the crowd, and to spend the extra change they had saved during the preceding weeks. Among the animal exhibits were horses cows etc. most of which grew in Alamance county, and whose owners would be glad to show you at any time free of cost. In passing we might give credit to a few Western horses which were a snare better than the average North Carolina draft or farm horse. Not only did the farmers, merchants and manufacturers have their products but also the household and kitchen furniture was at hand. Among which was found fancy work in a number of varieties such as would remind the spectator of a fair faced lassie living in this noted clime of ours. The shows which are always expected were from three to six in number depending on who was counting. Under the tents of these shows were some of the worlds wonders, such as the big fat man who was a fraction larger than some of our Alamancegiants. The other shows were in proportion to the one mentioned, as you could look at a porcupine as long as you cared for only ten cents and then get your money back if you did not get the worth of it. The balloon ascension and horse racing were the best features of the fair, as these were free exhibitions and were not run to see how many shining plunks could be dropped in to their pockets.

NIGHT RIDERS IN CASWELL COUNTY.

Independent Tobacco Growers Are Threatened.—Unsigned Notices Posted on Barn Door's

Danville, Va., Sept. 30.—Notices which were freely posted Monday night on the barns of various independent tobacco growers in Caswell county, threaten outrages similar to the deeds of night riders in Kentucky. The placards are not signed, and warn the independents not to sell their tobacco at auction on the warehouse floors, but to pool it with union farmers. Threats to burn barns are made in some of the notices, one of which reads: "Pool your tobacco, or you will smell fire."

More than usual alarm is caused on account of the season of the year. The farmers have just finished cutting, and nearly all of this season's crop is in the barns.

The Bright Tobacco Growers' Protective Association of Virginia and North Carolina, which was organized for the purpose of doing away with the auction sales and to increase the price on tobacco, has always opposed any unlawful deed to carry out its purpose, and is not responsible for the threats. Everything smells rosy to Colonel Watterso, even a Standard Oil cann. Just wanting to be President has brought one man from poverty to a palace. Guess who we mean.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR.

She is now independent and cares not how bad times are. Can be done by others.

A woman in North Carolina started in business with only 1 dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 22 cent package, which she used carefully according to the directions. After one weeks use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the Manufacturer of the Tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a weeks time, and then she sent for 500 packages and now she has 50 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 for her Agency, but she declined his offer.

Anyone, who has a little push and energy can do as well as she and while there are a few agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle Ave., Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today if you want to build up your own business and be independent.
