Why He Ended His Nap.

Philadelphia Telegraph.

Speaking of the friend who sat in the jury box of the United States Court with his hat on the other day Attorney Francis B. Lee, of Trenton, told of a little incident that happened in connection with a good Quaker acquaintance of his who lives near Moorestown. One day the Quaker in question went to snore. For a while the nasal notes were soft and smooth and did not disturb the worshippers but finally the sleeper let out a few extra links and kicked up such a commotion that a kindly disposed friend thought it the part of wisdom to awaken him.

"Friend Nathaniel," he whispered, poking the sleeper in the ribs, I think thee had better arouse thyself. "What did thee say? What did thee say?" exclaimed Nathaniel, suddenly starting of his slumber. "What is the matter?" "Nothing, Nathaniel," replied the other, without even breaking into a smile, only thee was snoring a little and I was afraid that outsiders would think that the spirit had moved thee to a trombone solo instead of an expression of thy convictions."

Good Work

Done Daily in Burlington. Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Burlington still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Eli. G. Isley, Webb Ave., Burlington N. C. says: "I used several boxes of Doan's Kidney Pills, procured at the Freeman Drug Co. and they gave me prompt relief from severe pains through the small of my back from which I had suffered for a long time. My kidneys which had also caused me a great deal of suffering and annoyance, have become strong and give me no further trouble. In view of the benefit I obtained from Doan's Kidney Pills, I have no hesitation in advising their use to other kidneys sufferers."

Cheering Her Up a Bit.

A young lady living in Atlanta visited the home of her fiancé in New Orleans. On her return home an old negro "mammy" long in the service of the family, and consequently privileged to put the question, asked:

"Honey, when is you going to git married?"

The engagement not having been announced, the Atlanta girl smilingly replied:

"Indeed, I can't say, Aunte. Perhaps I shall never marry."

The old woman's jaw fell.

"Am't dat a pity, now!" she ejaculated, and, after reflection, she added, consolingly, "Dey do say that ole maids is de happiest critters dey is once dey quit strugglin'."

College Hazing.

From the Springfield Republican.

College hazing involves the mob spirit. Boys or girls incite each other to deeds which as individuals they would not be guilty of. President Thomas of Bryn Mawr college rejoices that the self-government association of students there has decided "to give up once and for all the silly and ungenerous practice of teasing, embarrassing and hectoring the younger and inexperienced students. However slight this hectoring may have been, it was uncivilized and barbarous." This characterization is masterly and of wide application. Hazing is both unmanly and unwomanly, and does not find its root in the generous helpfulness that marks large natures. It is to be noted that some thirty hazers have been suspended at Muhlenberg College in Pennsylvania. In commenting upon that instance The Philadelphia Press notes that the brutality involved is akin to the movement of mobs: "In the mass it dares; as a unit it is an object crowd. The individuals of a hazing or lynching mob are mostly pitiable myrmidons and the rest contemptible curs." This is severe but not unjust.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O. by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Liquor in Jury Rooms.

Boston Post.

Entirely apart from the merits of the conviction of Charles W. Morse, the New York Banker and "king" of many enterprises, the fact that liquor was habitually used in the juryroom and elsewhere while his case was on trial, and by the men who were to decide it, is to be deplored. The amount consumed is not material. There shouldn't have been any "apiece." If there is a single place where whiskey has no right to be, it is the juryroom. The deliberations of men who have in their hands the life or liberty to or another ought never to be tainted in the least degree by alcohol. A defendant has the inherit right to the calm judgment of his jury, and that he can scarcely get through the admixture of intoxicants.

Here is a case where reform is perfectly simple. Jurors cannot get liquor unless it is brought to them.

Women Who Are Envied.

Those attractive women who are lovely in face, form and temper are the envy of many who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at Freeman's Drug Company.

The proof of the pudding in the eating thereof. Before jumping to the conclusion that the new Tariff law is a bad thing for the people it might be well to wait and see if the people do not find themselves prospering splendidly under its provisions.
