Prohibition in Kansas

Chicago, Ill., March 2. Walter R. Stubbs of Kansas speech tonight, "put his neck" of those who maintain that absolute prohibition would bring commercial community. He cited the success of Kansas as showing State-wide prohibition is "race suicide" and end savings bank accounts. "Prohibition in Kansas a result of atmospheric conditions," said Governor "Reason was at the bottom all. As a result the people today are better fed, clothed, have finer horse families and bigger bank accounts."

"I have proofably which I am speaking, I think my foot on the necks of those who circulate anti-prohibition talk. It was said three years ago that the wiping out of the State with no saloons there has doubled its population, has doubled its bank accounts, has better people, more schools and more money."

"I have just received and telegrams from the cities and towns. District judges and from the police, and they all go into effect in Kansas the brightest day in that history."

Resolutions of Respe

Whereas God has called their earthly labors and Heavenly reward our brethren, Benjamin Claiborne the 27th of October and J. C. Killet, who died 22nd of February 1910, aged 67, latter 75, from Church Militant to the Triumphant.

Be it Resolved, 1st: The departure of these brethren from the Baptist Church at Haw River has lost two faithful members whose lives and influence have been questioned, they were voted to the church work.

Resolved 2nd: That we deplore the death and the loss of their influence as ex-Christians, we bow in submission to Him who calls things well, believing that their loss is their eternal gain.

Resolved 3rd: That we to their bereaved families our Christian sympathy in meeting them in the Bye and Bye."

Resolved 4th: That a copy of these resolutions be sent to the families, and a copy to THE DISPATCH for publication, request that the Burlington copy.
