The New State Chairman.

The Republican party did a wise thing for itself in naming Morehead state chairman the other day. Of course Marion Butler who led the fight for Morehead has a selfish ax to grind but there was an immense majority against Duncan, and this shows the party will stand by the work of the convention. It is no use for us Democrats to sneer at Morehead as being Butler's man Friday. He is a clean, able man and his leadership will go a long way towards making Republicanism more respectable than it has ever been. It means harder fighting for Democracy. - Hickory Democrat.

NOTICE

1909 Delinquent Tax Payers.

Again I beg to remind those who have not paid their taxes for 1909, that this matter is too important to be treated with such indifference. You must admit that I have been lenient. I have tried to manage so that you might have the privilege of settling at your convenience. But I cannot wait always. My settlement is right at hand. These taxes must be paid. It is right, and I want a full settlement now.

Respectfully,
R. N. COOK,
Sheriff.
