I have read his bulle Show", to be held in Pittsburg at Duquesne Garden October 17th lieve they should be circulated to 29th, through the exhibit which the Southern Railway Company has arranged to make through its Land and Industrial

This exposition is backed by two of Pittsburg's great daily prehensive show of its kind ever held. The 'back soil' movement has taken deep root in the densely populated district around Pittsburg where farmers are being driven out of their fields by the encroachments of factories, mines, and oil wells. In the city of Pittsburg there are 565,000 souls while the population of the district within a radius of forty miles is two and a quarter mil lions. The show has been extensively advertised in the Pittsburg district and throughout the health officer was persuaded to surrounding territory. Railroads have given rates that are sure to aid in attracting thousands to

New Telephone Line.

An important farmers' telephone line will soon be connected with the telephone exchange of the Southern Bell Telephone Com pany in Burlington. The line will be constructed by Mr. J. C. Hall and he has signed a contract to connect with the Southern Bell Company. It will extend five miles from Burlington in the direction of Big Falls, and when complete will furnish service to six families

on this road. Manager Williams states that there is considerable activity among farmers in the matter of securing telephone service in there homes. He has had a number of inquires and states that the indications are that several new contracts for connection with the Burlington exchange will

soon be signed. The extention of telephone service to the farm is valuable to the merchants and buisness men in the city, placing them in constant communication with an important element of their trade. There are a number of farmers' telephone lines in Alamance county and the progressive farmers are realizing the value and advantage of being in such close touch with their friends and neighbors

and the buisness enters. Mess D. M. Elder and S. Home wood have also signed contracts for Farners' Line telephone ser-
