WILL BOTTLE HIMSELF UP AT SAGAMORE HILL

Oyster Bay, N. Y., Jan. 5.—After a talk in New York with James R. Garfield, ex-secretary of the interior and a leader of the Republican progressives of Ohio, ex-President Roosevelt returned to Oyster Bay tonight.

Colonel Roosevelt has just one thing to say. It was that he had no intention of letting the public know what he thinks about the selection of a Republican candidate for President. He declared his intention of bottling himself up at Sagamore Hill and refusing to answer any questions.

"Does that mean that your attitude will remain a riddle from now on until the Republican convention is held?" He was asked.

Colonel Roosevelt refused to commit himself on that point, merely saying that as far ahead as he could see he would make no public expression of his position.

Mr. Garfield's journey to New York at this time was regarded as significant because it followed so closely the convention of Ohio Republican progressives, where he was credited with having taken a leading part in dissuading the convention from endorsing Senator LaFollette for the presidency. Neither Colonel Roosevelt nor Mr. Garfield would say a word in regard to their conference.

'BABY' BLISS FOUND FROZEN

Bloomington, Ill., Jan. 4.—Leonard (Baby) Bliss, reputed to be the largest man in the world, was found frozen to death in his home here today. He had not been seen about the place for several days and neighbors made an investigation. They found his body seated in a chair, in his night clothes, with gas escaping from a gas stove.

It is thought he arose several nights ago to get warm and accidentally opened the jet.

He was born here May 4, 1865. His dimensions were: Height, 6 feet, 4 inches; waist, 72 inches; hips, 86 inches; chest, 66 inches; thigh, 42 inches; calf, 27 inches; collar 21 inches; hat, 75-8; socks, 12 1-2; shoes, 13; weight, 540 pounds.

Bliss was known in America and Europe, having toured both as a salesman for a bicycle factory 16 years ago. He also was at various times with circuses. Last summer he spent several weeks on the road with a "fat man's" ball club.

Are Men Uninterested in their Wives?

In the January Woman's Home Companion, Mary Heaton Vorse writes an article entitled "Is the American Man a Failure?" Following is an extract:

"There are thousands of American men who are merely indifferent to their women. They are proud of them, but supremely uninterested, and ask of their wives only to be let alone. Their business is their life; it is their life after they are married just as it was before. They are playing a tremendous game, and in this country a man has got to win or go to the wall. It makes no difference whether a man is married or a bachelor; it is not the women of the country who determine if a man must work at the great rate of speed at which they labor—it is the pace of the country itself which demands it. Our men give generously and indugently to their women-folks; they like to see that they have 'everything in the world,' as the saying is. It pleases their vanity to see their houses well-appointed and their women well-dressed; they like the luxury of it for themselves. What is to be expected of young girls whose fathers have had no influence in their bringing-up, but have merely paid the bills,—young girls who have never been taught the uses of money nor any details of any business whatever, and whose whole duty in life is to dress with the extreme perfection of which our women are past masters, and to keep in good physical condition and talk amusingly? These are the prices of success, success being measured in this country, as elsewhere, in terms of marriage and attention."

WOMEN SACRIFICING JEWELS

Nashville, Tenn., Jan. 4.—Women of the Southern Presbyterian church are sending their jewels and other valuable personal belongings to the foreign mission board in this city for the purpose of wiping out an indebtedness of \$100,000 incurred by the board. Grave danger of the recall of foreign missionaries faced the board and an appeal was made to the loyal women of the church to meet the deficit.

From all over the south women have sent jewelry, silver ornaments and money to the board. A committee is disposing of the gifts as rapidly as possible and forwarding the proceeds to missionaries whose salaries are overdue.

As yet the gifts have not been sufficient to meet the deficit and a second appeal has been made to southern women, which has brought many contributions accompanied by letters of self-sacrifice and retermination to sustain the church's efforts in the foreign fields.

This book would cost 35 cents at a book store.

Stopped Those Pains.

Timberville, Miss.—Miss Gertrude Gutlin of Timberville writes: "I did not know anything could stop those womanly pains, from which I suffered for two years, until I tried Cardui. I had been troubled with various female ailments, but they were cured in a little while, thanks to Cardui." Cardui is especially adapted for use by ailing women. It relieves headache, backache, dragging feeling, irregularity, nervousness, misery and womanly weakness. It is safe. It is reliable. It does the work. Will you try it? Please do.

ECZEMA CURED

Pimples Disappear and Complexion Cleared Over-night.

New York:—Thousands are taking advantage of the generous offer made by the Woodworth Co. 1161 Broadway, New York City requesting an experimental package of Lemola, the new skin discovery, which is mailed free of charge to all who write for it. It alone is sufficient to clear the complexion over-night and rid the face of pimples in a few hours. On the first application of Lemola the itching will stop. It has cured thousands afflicted with Eczema, Teeters, Rashers, Itching and Crusting of skin scalps of infants, children and adults. It is good for the preservation and purification of the skin, scalp, hair and hands for the prevention of the clogging of the pores the usual cause of pimples, blackheads, redness and roughness and also the treatment of burns, scalds, wounds, sores, chapping as well as the toilette and nursery.

Progress in Wireless Telegraphy.

Marconi rejoiced when, in 1897 he succeeded in sending a wireless message a distance of three miles. By 1907 he had established a regular wireless communication across the Atlantic. Since then vessels have been "picked up" at sea from shore stations at distances of from 2000 to 4000 miles. In November last Marconi sent a message from the Goltano Station, in Italy, to the Glace Bay Station in Nova Scotia, 4000 miles. The San Francisco operator, a month earlier, conversed for a period of fifteen minutes with the Japanese station on the Island of Hokushu, a distance of 6000 miles. Wireless communication, it is expected, will be opened up between Italy and Argentina with the completion of the new station at Buenos Ayres. The air line distance between these stations will be 7000 miles. The installation of wireless apparatus on ships is being gradually extended. Until recently few vessels outside of war ships and steamers of the liner class have been so equipped. Now various countries are by legislation compelling many smaller passenger-carrying craft to install such apparatus. Great Britain is reported to be planning the establishment of a chain of wireless stations to encircle the globe. This is to be a subsidized system under the control of the Post Office Department. Such a chain of stations would give England wireless connection with her colonial possessions in various parts of the world, making her independent of cables, which are liable to be cut in time of war.—From "The Progress of the World," in the American Review of Reviews for January.

SUFFERED 23 YEARS

Constant Sufferer From Chronic Catarrh Relieved by Peruna.

Mrs. J. H. Bourland, San Saba, Texas, writes: "For twenty-three years I was a constant sufferer from chronic catarrh. I had severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough, frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages. I tried many remedies, which gave only temporary relief or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel discharges. After using five bottles I was entirely cured. I most cheerfully recommend the use of Peruna to any one similarly afflicted."
